HM The Queen officially opens Athletic Track

HM The Queen made a visit to officially open the first phase of the new sports complex, which will become the main sports facility for the borough. Children from schools across Hillingdon competed in a mini sports tournament, running the inter-schools relay as HM The Queen watched from the pavilion balcony. Afterwards, she presented medals to the young competitors on the track. Pictured with The Queen and Mayor Routledge at the unveiling of the plaque is MCP project manager Jim Cameron
