

Terms and Conditions

These terms and conditions and the agreement between the applicant and London Borough of Hillingdon ("the Council") shall be binding on the applicant and apply in relation to the services and parking products offered by Parking Services.

1. All Permit Types

- 1.1. This section applies to all permit types in addition to their specific sections contained within these terms and conditions.
- 1.2. All parking permits are virtual (except Carers Permits and Business Permits), which means that there is no need to display anything in the respective vehicle. Civil Enforcement Officers (CEO) will be able to check whether a vehicle has an active permit using their hand-held devices.
- 1.3. The vehicle must park in a designated parking place for which the permit is valid in the zone assigned during the online permit application during controlled hours.
- 1.4. Parking permits are only valid for use in designated permit holder or shared used bays/spaces for the assigned zone (shared use bays can be used by both permit holders and motorists who pay to park) within Parking Management Schemes (PMS). The vehicle must be parked without obstruction of dropped kerbs or yellow lines otherwise a Penalty Charge Notice (PCN) may be issued, and the vehicle may be removed by the Council.
- 1.5. Business permits can only be used in the designated business bays within the applicable PMS.
- 1.6. The issue of any permit does not guarantee the user a parking space within the PMS.
- 1.7. The Council has the right to suspend parking bays at any time. The Council will usually advise if on-street and off street (car parks) parking is going to be disrupted or suspended, although this is not always possible. In such circumstances, warning notices will normally be put up 72 hours in advance at the relevant parking bays. Emergency suspensions may be introduced at any time. Vehicles must not be parked in a place where parking has been suspended, as a PCN may be issued, and the vehicle may be removed.
- 1.8. The applicant is solely responsible for renewing their parking permit before it expires. The applicant can renew their permit up to 28 days prior to its expiry date.
- 1.9. Applications for permits will not be accepted by post, except for exceptional circumstances.

- 1.10. If required, the applicant will support their parking permit application by providing the documentation outlined in the application process.
- 1.11. The Council will request proof of address and vehicle ownership at the point of application, with further details located on the London Borough of Hillingdon website: <https://www.hillingdon.gov.uk/parking-permits>. Proof must be in the same name and address as the permit application and/or account holder. The Council may review the documentation supplied and can request further information if address or vehicle ownership cannot be validated. The Council also reserves the right to revoke the permit if the additional information is not received within 14 days of the request being made.
- 1.12. In the event a permit is revoked by the Council, for reasons such as but not including, address or vehicle ownership not validated and, height and/or length of vehicle exceeds permitted limit a refund will be calculated based on the number of full calendar months left on the permit at the point of cancellation, minus an administration fee of £5.
- 1.13. If the applicant transfers or sells the vehicle, the permit will no longer be valid and cannot be transferred to the new keeper. The new keeper of the vehicle will be required to apply for a new permit.
- 1.14. The applicant will notify the Council within 14 days of any changes in their circumstances which may affect the validity of the parking permit including but not limited to:
- a) a change of address within the Borough;
 - b) leaving the Borough; and
 - c) sale or disposal of the vehicle.
- 1.15. Parking permits issued by the Council remain the property of the Council and an applicant is required to return any such permits (if applicable) to them if asked to do so by a Council officer or an authorised officer on behalf of the Council.
- 1.161 The Council reserves the right to withdraw, revoke or refuse to issue a permit if;
- a) it becomes apparent that a permit issued by the Council is improperly held or is being improperly used;
 - b) there is any default in payment of the Council's appropriate charge for the permit;
 - c) the vehicle in which the permit has been applied for exceeds the height of 2.3 metres in height and/or 5.3 metres in length.

2. Vehicle Requirements

- 2.1. The vehicle which a parking permit is applied for must not exceed 2.3 metres in height and/or 5.3 metres in length. Any parking permit issued to a vehicle (on the basis of an application), which then later transpires exceeds this height and/or length restriction, may be revoked.

3. Property Requirements

- 3.1. The address/property against which a parking permit is applied for must:

- a) be the applicant's sole or main residence and/or place of business;
- b) fall within the boundaries of a PMS as defined by The London Borough of Hillingdon; and
- c) not be a car free or car restrained development (i.e. a property not entitled to apply for such a permit from the Council) as defined by the property's planning permission (section 106 agreement) unless otherwise specifically permitted.

4. Courtesy Vehicles

- 4.1. If the vehicle associated to any permit becomes unusable and a temporary vehicle is obtained, permit holders can apply for a courtesy vehicle permit via their online permit account. The option to apply for a courtesy vehicle is only available to accounts that have a current valid parking permit. The same terms and conditions would apply for a courtesy vehicle permit as it would for any other parking permit.
- 4.2. All Courtesy Car permit applications are to be approved by the Council, once the application has been approved the applicant will receive an email to confirm this.

5. Resident Permits

- 5.1. Resident parking permits are valid for either 3, 6, 9 or 12 months.
- 5.2. Only one resident permit is permitted per vehicle per Parking Management Scheme within the London Borough of Hillingdon.
- 5.3. Resident and vehicle proof must be supplied to validate the permit application, both documents must show the name and address of the applicant and address in which the permit is being applied for.
- 5.4. Foreign vehicles will not be permitted to have a resident parking permit for longer than 12 months unless proof that the vehicle has been registered with the DVLA is provided.
- 5.5. The annual permit charge as detailed in 5.6 relates to the number of vehicles at a property that require a permit and are assigned to applicants on a first come first serve basis. Therefore, applicant one will be able to obtain resident 1st permit, applicant two can obtain resident 2nd permit and so on. Provided permits are renewed before they expire the permit sequence (e.g. the order in which they were initially applied for and the charges therefore associated to them) will remain the same. Renewing permits after they have expired may result in the sequence of the permit charging changing.

5.6. Charges

- 5.6.1. Resident parking permits charges apply to the number of permit holders per household. These charges are per address as defined by the Local Land Property Gazetteer (LLPG).

5.6.3. If a paper permit is currently held, this will need to be returned to the Council before a refund will be issued to the applicant.

5.6.4. If a resident permit is no longer required, the Council cannot change the permit position of any other permits held at the same address. It is the applicant's responsibility to ensure when applying for or renewing their permit, they are obtaining the vacant permit positioning available. E.g. Resident 1st permit is not renewed, resident 2nd permit cannot apply for a refund for the difference in permit pricing. The sequence can only be changed at the point of renewal.
