

ROAD SAFETY PROGRAMME SUGGESTION FORM

HILLINGDON
LONDON

Our Road Safety Programme aims to help tackle road safety problems at sites in the borough with established accident records. Funding and resources are limited, so we value the knowledge and help of our residents in highlighting sites and situations where road users feel vulnerable and where there may be 'accidents waiting to happen'.

Each suggestion we receive will be investigated and reviewed in terms of its validity as a concern and how practical it may be to find a solution.
