

London Borough of Hillingdon Pension Fund

Pensions Administration Strategy

Date approved: 26 March 2024
Revised: 09 December 2025

Administration Strategy

Introduction and Background

This is the statement outlining the Pension Administration Strategy for the London Borough of Hillingdon Pension Fund ("the Fund") and has been developed following consultation with the Fund's third-party administrators, employers in the Fund, Local Pension Board members and other interested stakeholders.

The aims of the Pension Administration Strategy are to:

- ensure that the parties to which it relates are fully aware of their responsibilities under the Local Government Pension Scheme (LGPS), and
- outline the quality and performance standards expected of the Fund and its employers to ensure the delivery of a high-quality, timely and professional administration service.

London Borough of Hillingdon (the "Administering Authority") is responsible for the local administration of the Fund, which is part of the LGPS. Operationally, the administration of the Fund is undertaken through a formal delegation agreement by the Hampshire Pensions Services (HPS) team at Hampshire County Council (HCC). HPS and the Fund's officers work together to provide a seamless service to scheme employers and members.

This Pension Administration Strategy does not supersede any formal agreements between the Administering Authority and the administrators or between the Administering Authority and the employers. However, it is intended to complement such arrangements and provide greater clarity in relation to each party's role and responsibilities.

This Strategy applies to all existing employers in the Fund, and all new employers joining the Fund after the effective date of 9 December 2025. This Statement sets out the expected levels of administration performance of both the Administering Authority and the employers within the Fund, as well as details on how performance levels will be monitored and the action that might be taken where persistent failure occurs.

Implementation

This Strategy outlines the level of service the Administering Authority aims to provide to scheme members and employers, as well as the role employers will need to play in providing that quality of service. It is recognised that the aims and objectives in this Strategy are ambitious in some cases and meeting these is dependent on the implementation of some changes in the existing ways of working. This Strategy is being implemented during a period which continues to present several challenges, not least:

- the need to carry out a major scheme reconciliation exercise because of the introduction of the new State Pension – GMP reconciliation project
- Changes to the scheme because of the legal ruling in the landmark McCloud judgement, which found the 2015 pension reforms affecting firefighters and judges to be discriminatory based on age.

- The unknown impact and implementation of the Local Government Pension Scheme Advisory Board (SAB) cost cap management process
- Implementation of pensions dashboard

This Strategy will be effective from 9 December 2025 and the performance indicators mentioned herein will demonstrate ongoing progress towards the Strategy's aims and objectives.

Regulatory Basis

The LGPS is a statutory scheme, established by an Act of Parliament. The Local Government Pension Scheme Regulations 2013 provide the conditions and regulatory guidance surrounding the production and implementation of Pensions Administration Strategies.

In carrying out their roles and responsibilities in relation to the administration of the LGPS, the Administering Authority and employers will, as a minimum, comply with overriding legislation, including:

- Local Government Pension Scheme Regulations
- Pensions Acts 2004 and 2011 and associated disclosure legislation
- Public Service Pensions Act 2013 and associated record keeping legislation
- Freedom of Information Act 2000
- Equality Act 2010
- Data Protection Act 2003
- Finance Act 2013 and
- Relevant Health and Safety legislation.
- The Pensions Dashboards Regulations 2022

As a result of the Public Service Pensions Act 2013, the Pensions Regulator now has responsibility for oversight of several elements of the governance and administration of Public Service pension schemes including the LGPS. The Regulator has the power to issue sanctions and fines in respect of failings of the Administering Authority, and also where employers in the Fund fail to provide correct or timely information to the Administering Authority. Should this happen, the Administering Authority would recharge any costs back to employers as set out later in this strategy.

More information relating to the requirements of the Local Government Pension Scheme Regulations is included in Appendix A. This statement has been developed with those provisions in mind and describes the Administering Authority's approach to meeting these requirements in the delivery of administration.

Aims and Objectives

The primary objectives of the London Borough of Hillingdon Pension Fund are:

- to be known as forward thinking, responsive, proactive, and professional; providing excellent customer focused, reputable and credible service to all customers.
- to have instilled a corporate culture of risk awareness, financial governance, and to provide the highest quality, distinctive services within the resource budget.
- to work effectively with partners, being solution focused with a 'can do' approach.

In addition, there are specific aims and objectives in relation to administration responsibilities as set out below.

Administration Aims and Objectives

The purpose of this Strategy is to set out the quality and performance standards expected of London Borough of Hillingdon in its role as Administering Authority and employer, as well as all other employers within the Fund.

The Administration Strategy has a number of specific objectives, as follows;

- Provide a high quality, professional, proactive, timely and customer focussed administration service to the Fund's stakeholders
- Administer the Fund in a cost effective and efficient manner utilising technology appropriately to obtain value for money
- Ensure the Fund's employers are aware of and understand their roles and responsibilities under the LGPS regulations and in the delivery of the administration functions of the Fund
- Ensure the correct benefits are paid to, and the correct income collected from, the correct people at the correct time
- Maintain accurate records and ensure data is protected and has authorised use only.

Delivery of Administration

London Borough of Hillingdon Pension Fund has delegated responsibility for the management of the Pension Fund to the Pensions Committee, assisted by the Local Pensions Board. The Committee will monitor the implementation of this Strategy on a regular basis as outlined below.

Operationally, the administration of the Fund is undertaken by Hampshire Pensions Services (HPS) through a delegation agreement with Hampshire County Council (HCC), supported by a small 'in-house' capacity within London Borough of Hillingdon Pension Fund.

The London Borough of Hillingdon Pension Fund will look for opportunities to work collaboratively with other Administering Authorities to reduce the quality of information such as:

- working with other administering authorities through the Pensions Officer Group networks to produce communications, which can then be customised further where necessary to the needs of the London Borough of Hillingdon Pension Fund
- Utilising economies of scale through procurement of services with other HCC managed funds
- participating in joint training sessions with other administering authorities.

Performance Standards – Quality

Local Standards

In addition to the legislative and regulatory standards, the Administering Authority and employers ensure that all administration functions and tasks are carried out to agreed standards. In this respect the standards to be met are:

- compliance with all requirements set out in the employer admission agreement
- information to be provided in the required format and/or on the appropriate forms.
- information to be legible and accurate
- communications to be in a plain language style
- information provided or actions carried out to be checked for accuracy by an appropriately trained member of staff
- information provided or actions carried out to be authorised by an agreed signatory, and
- actions carried out, or information provided, within the timescales set out in this strategy statement.

Secure Data Transfer

The Administering Authority and employers follow London Borough of Hillingdon's data security guidelines when sending any personal data. The pension administration function uses a secure email system to send data when required to prevent any sensitive information from being accidentally sent to unauthorised recipients.

One of the key methods of data transfer relating to the Fund's administration is the submission of information from employers in relation to scheme members. In order to meet the requirements, set out in this document in a secure and efficient way (for both employers and the Administering Authority), employers are strongly encouraged to use the HPS 'Employer Hub'. Any submission of data outside of this method should use a secure means for example encryption to mitigate the risk of compromising data security.

Oversight of Compliance and Quality

Ensuring compliance is the responsibility of the Administering Authority and the employers in the Fund. The Administering Authority has a range of internal controls in

place to assist with ensuring compliance and which are articulated in the Fund's risk register and risk management policy. However, there are ways in which the Administering Authority is subject to elements of scrutiny and/or oversight:

Audit

The Fund is subject to a regular annual audit which includes elements of processes and internal controls. The Administering Authority and the employers are expected to fully comply with any reasonable requests for information from both internal and approved external auditors. Any subsequent recommendations made will be considered by London Borough of Hillingdon, in its role as Administering Authority, and where appropriate duly implemented (following discussions with employers where necessary).

Local Pension Board, the national Scheme Advisory Board and the Pensions Regulator

The Public Service Pensions Act 2013 introduced greater oversight of LGPS Funds. As a result, the Local Pension Board of the London Borough of Hillingdon Pension Fund was established from 1 April 2015. In addition, the Pensions Regulator's remit was extended to include the public sector, and a national Scheme Advisory Board was created. The Administering Authority and the employers are expected to fully comply with any guidance produced by the Scheme Advisory Board and the Pensions Regulator.

Performance Standards – Timeliness and Accuracy

Overriding legislation, including The Occupational and Personal Pension Schemes (Disclosure of Information) Regulations 2013 (as amended), dictates minimum standards that pension schemes should meet in providing certain pieces of information to the various parties associated with the scheme. Further, the LGPS itself sets out a number of requirements for the Administering Authority or employers to provide information to each other, to scheme members and to prospective scheme members, dependants, other pension arrangements or other regulatory bodies. In addition to the legal requirements, local performance standards have been agreed which cover all aspects of the administration of the London Borough of Hillingdon Pension Fund. In many cases these go beyond the overriding legislative requirements.

The locally agreed performance standards for the Fund are set out in Appendix B. These standards are not an exhaustive list of the Administering Authority's and employers' responsibilities. Employers' responsibilities are provided in more detail in the employers' admission agreement.

Although all the locally agreed performance standards will be monitored on an ongoing basis by the administering authority, the key standards which will be publicly reported on are extracted and shown in the table below. These elements are measured against:

1. Any legal timescale that should be met ("legal requirement")
2. The overall locally agreed target time ("fund target")
3. The locally agreed target time for the Administering Authority or administrator

to complete that task ("LBHPF element target").

Generally, the LBHPF element target will be a sub-section of the overall process and hence will have a shorter target timescale than that being measured by the legal and Fund targets. This is because the legal and fund targets will generally include periods of time when the Administering Authority is waiting for information to be provided by an employer or scheme member.

For the avoidance of doubt "accuracy" in this strategy is defined as when the administrators have received information, for example from an employer, with.

- no gaps in the required areas *and*
- with no information which is either contradictory, or which needs to be queried.

Process maps to explain the flow of information from Schools to the Administrator are in the final stages of development and will be included as Appendix C shortly.

Hillingdon Pension Fund Key Performance Indicators

Process	Legal Requirement	LBHPF Administration element target
To send a Notification of Joining the LGPS to a scheme member	2 months from date of joining, or within 1 month of receiving jobholder information where the individual is being automatically enrolled / re-enrolled ¹	Within 20 working days of receipt of all relevant information
To inform members who leave the scheme of their deferred benefit entitlement	As soon as practicable and no more than 2 months from date of initial notification (from employer or from scheme member) ²	Within 30 working days of receipt of all relevant information
Obtain transfer details for transfer in, and calculate and provide quotation to member	2 months from the date of request ¹	Within 20 working days of receipt of all relevant information
Provide details of transfer value for transfer out, on request	3 months from date of request (CETV estimate) ³ or within a reasonable period (cash transfer sum) ⁴	Within 20 working days of receipt of all relevant information
Notification of amount of retirement benefits and payment of tax-free cash sum	1 month from date of retirement if on or after Normal Pension Age ¹ 2 months from date of retirement if before Normal Pension Age ¹	Within 15 working days of receipt of all relevant information
Providing quotations on request for retirements	As soon as is practicable, but no more than 2 months from date of request unless there has already been a request in the last 12 months ¹	Individual request within 15 working days of receipt of all relevant information
Calculate and notify dependant(s) of amount of death benefits	As soon as possible but in any event no more than 2 months from date of becoming aware of death, or from date of request ¹	Within 15 working days of receipt of all relevant information

1 - The Occupational and Personal Pension Schemes (Disclosure of Information) Regulations 2013, as amended

2 - The Occupational Pension Schemes (Preservation of Benefit) Regulations 1991

3 – Occupational Pension Schemes (Transfer Value) Regulations 1996

4 – Pension Schemes Act 1993

Employer Support and Performance Monitoring

This Strategy is focussed on good partnership working between the Administering Authority and the Fund's employers. The day-to-day relationship with employers will be supported by HPS and reported to Hillingdon through the 'Employer measurement and improvement' process. The strategic relationship with employers for example admissions, exits and triennial valuation will be managed by the Hillingdon Council.

HPS will support employers in carrying out their statutory role through ongoing communication, guidance and training including:

- six-monthly Employer focus group – covering specific topics and feedback and discussion around key issues/changes. Attended by representative employers from across the Fund.
- regular liaison meetings with key employers and other employers as required
- attendance at local Employer group meetings to provide updates on key Fund and Scheme issues/changes
- supporting and attendance at the Annual Employer Meeting (AEM)
- where required, specific workshops or meetings with groups of employers.

The HPS team will also proactively review Employer performance to ensure that data quality issues are addressed, that contributions are paid on a timely basis and that employers return member information (e.g. new starters, leavers) in a timely fashion. HPS will report to the Administering Authority on employer performance.

As part of this proactive approach HPS will:

- undertake the annual return process with all Scheme Employers
- address data concerns with Scheme Employers, resulting in reducing outstanding queries
- benchmark Scheme Employers annual returns based on timeliness, financial control and data quality. Scheme Employers receive a formal letter outlining this and the consequences of no improvement in future years
- request a data validation exercise be carried out by Scheme Employers who are highlighted as a 'significant' concern due to 'major data quality issues' with their previous annual return
- liaise with Finance Team in LBH in respect of any concerns they have about the timeliness of the payment of contributions by employers

Circumstances where the Administering Authority may levy costs associated with the Employers' poor performance

The Administering Authority will work closely with all employers to assist them in understanding all statutory requirements, whether they are specifically referenced in the LGPS Regulations, in overriding legislation, or in this Administration Strategy. The Administering Authority will also work with them to ensure that overall quality and timeliness is continually improved.

The Regulations provide that an Administering Authority may recover from an employer any additional costs associated with the administration of the scheme incurred because of the unsatisfactory level of performance of that employer. Where an Administering Authority wishes to recover any such additional costs, they must give written notice stating: -

- The reasons in their opinion that the employer's level of performance contributed to the additional cost
- The amount the Administering Authority has determined the employer should pay
- The basis on which this amount was calculated, and
- The provisions of the pension administration strategy relevant to the decision to give notice.

Commitment to the principles of this statement should mean that any non-compliance is addressed promptly, with no need to resort to levy costs. However, the following actions are possible:

- Where payment of contributions is late more than once in any 12-month period, the Fund will issue the employer with a written notice of unsatisfactory performance and may levy a charge of £150 for the late payment as well as charge interest on the late payment at a daily rate equal to the Bank of England's base rate plus 1%.
- As required of Scheme Administrators by the Pensions Act 2004, the Fund will report to the Pensions Regulator, failure of an employer to comply with requirements where they are persistent and material.
- Where the employer fails to comply with their scheme duties, including failure to pay contributions due, the Fund reserves the right to notify the member(s) involved and to notify all members employed by the employer in the event of serious or persistent failure.
- If additional and disproportionate resources are deployed by the Fund because of an employer's poor performance, the cost of the additional resources may be re-charged to the employer according to powers available under scheme regulations. Written notice will be given of the reasons for the re-charge, how the cost was calculated, and the part of this statement which, in the Fund's opinion, was contravened. The following table of charges applies to the annual return and employer performance benchmarking process.

Event	Charge levied
Failure to provide a complete annual return by 30 April	£150 per return, increasing by £150 for each further month this is late
Failure to provide full responses to queries raised through the annual return process within 10 working days	£50 per chaser communication
For Employers who are rated red for data quality as part of annual return benchmarking for 2 or more consecutive years a charge will be incurred on all queries raised	£25 per query
Additional work to correct records due to incorrect submission of annual return data	£35 per hour

- Where orders or instructions issued by The Pensions Regulator, the Pensions Ombudsman or other regulatory body require financial compensation or a fine to be paid by the Fund, or by any officer responsible for it, and it is due to the default, omission or otherwise negligent act of the employer, the sum concerned will be recharged to the employer.
- Where, as a result of the employer's failure to notify the Fund of the final retirement details in a timely manner, payment of any retirement lump sum is not made within 30 days from the date of the member's retirement, the Fund may issue the employer with a written notice of unsatisfactory performance and may charge the employer for the interest payment made.
- Where it is proven that the employer is not responsible for any fine or penalty imposed by The Pensions Regulator or any other statutory body as a result of non-compliance of this Service Level Agreement, any such charge will automatically default to the Fund.
- From time to time, the Fund will offer training and support to employers through 'Employer Days' and workshops. There is no charge made to an employer for attending this event, however the Fund reserves the right to charge a late cancellation fee of £100 + VAT, where at least one week's notice has not been given of non-attendance.

Measuring whether the Administration Objectives are met

The Administering Authority will monitor performance in carrying out its responsibilities in relation to the scheme and will regularly monitor performance by benchmarking against other administering authorities, using benchmarking clubs and other comparators where available. How well the Fund performs will be reported in the Fund's Annual Report based on the statistics available at that time.

In addition, the Administering Authority will monitor success against its administration objectives in the following ways:

Objectives	Measurement
Provide a high quality, professional, proactive, timely and customer focussed administration service to the Fund's stakeholders.	Key target service standards (highlighted in table above) achieved in 95% of cases*.
Administer the Fund in a cost effective and efficient manner utilising technology appropriately to obtain value for money.	Cost per member is not in upper quartile when benchmarked against all LGPS Funds using national data (either SF3 or SAB)
Ensure the Fund's employers are aware of and understand their roles and responsibilities under the LGPS regulations and in the delivery of the administration functions of the Fund.	Annual data checks (including ongoing reconciliations) resulting in few issues that are resolved within 2 months. Key target service standards (highlighted in table above) achieved in 95% of cases*. Issues included in formal improvement notices issued to employers resolved in accordance with plan. .
Ensure benefits are paid to, and income collected from, the right people at the right time in the right amount.	Mainly positive results in audit and other means of oversight/scrutiny. Key target service standards (highlighted in table above) achieved in 95% of cases*.
Maintain accurate records and ensure data is protected and has authorised use only.	Annual data checks (including ongoing reconciliations) resulting in few issues that are all resolved within 2 months No breaches of data security protocols Mainly positive results in audit and other means of oversight/scrutiny

*Employers are expected to meet their targets in 95% of cases.

An overview of performance against these objectives and in particular against target standards for turnaround times will be reported within the Fund's annual report and accounts and reported on regularly to the Pensions Committee and Pension Board.

Where performance is substantially below standard (whether by a large margin for a short period of time or a small margin for a longer period of time) the Administering Authority will formulate an improvement plan. This will be reported to the Fund's

Pensions Committee and Pension Board together with an ongoing update on achievement against the improvement plan.

Key Risks

The key risks to the delivery of this Strategy are outlined below. The London Borough of Hillingdon Officers will work with the Pensions Committee and the Local Pension Board in monitoring these and other key risks and formulate a response to them.

- Lack or reduction of skilled resources due to difficulty retaining and recruiting staff members and staff absence due to sickness
- Significant increase in the number of employing bodies causes strain on day-to-day delivery
- Significant external factors, such as national change, impacting on workload
- Incorrect calculation of members' benefits resulting in inaccurate costs (to employer), through for example, inadequate testing of systems
- Failure of employers to provide accurate and timely information resulting in incomplete and inaccurate records, which could lead to incorrect valuation results and incorrect benefits, which in turn could lead to complaints
- Failure to administer scheme in line with regulations and policies, including due to delays in enhancement to software or regulation guidance (e.g. transfers).
- Failure to maintain proper records leading to inadequate data, which could lead to increased complaints and errors
- Issues in production of annual benefits statements, e.g. wrong address and printing errors due to external supplier
- Unable to deliver a service to pension members due to system unavailability or failure
- Failure to maintain employer database leading to information not being sent to correct person
- Impact of COVID-19 on human resources and employer covenant.

Key Risk areas will be discussed as part of the quarterly liaison meetings with Hampshire Pensions Services

Approval and Review

This Strategy Statement was approved for consultation with stakeholders on 9 December 2025 by the London Borough of Hillingdon Pensions Committee. It will be reviewed following consultation with a view to the final strategy being agreed by Pension Committee on 26 March 2026, to become effective from that date.

It will be formally reviewed and updated at least every three years or sooner if the administration management arrangements or other matters included within it merit reconsideration, including if there are any changes to the LGPS Regulations or other relevant Regulations or Scheme Guidance which need to be considered.

In preparing this Strategy the Administering Authority has consulted with the relevant employers, the scheme member and employer representatives on the Local Pension Board and other persons considered appropriate.

This Strategy Statement will be included within the Fund's Annual Report and Accounts and available on the Administering Authority's website at: <http://www.hillingdon.gov.uk/pensions>.

Administration Legal Requirements within the LGPS

Regulations 72, 74 and 80 of Local Government Pension Scheme Regulations 2013 require the following:

Employer Responsibilities:

- To decide any rights or liabilities of any person under the LGPS (for example, what rate of contributions a person pays and whether or not a person is entitled to any benefit under the scheme) as soon as is reasonably practicable*
- To formally notify that person of the decision in relation to their rights or liabilities in writing as soon as is reasonably practicable (including a decision where a person is not entitled to a benefit and why not), including information about their internal dispute resolution procedure
- To inform the Administering Authority of all such decisions made
- To provide the Administering Authority with such information it requires so it can carry out its functions including, within three months of the end of each Scheme year**, the following information in relation to any person who has been an active member of the scheme in the previous year:
 - name and gender
 - date of birth and national insurance number
 - a unique reference number relating to each employment in which the employee has been an active member
 - in respect of each individual employment during that year:
 - the dates during which they were a member of the scheme
 - the normal pensionable pay received, and employee contributions paid
 - the pensionable pay received, and employee contributions paid whilst there was any temporary reduction in contributions
 - the normal employer contributions paid
 - any additional employee or employer contributions paid
 - any Additional Voluntary Contributions paid by the employee or employer
- To appoint a person to consider complaints under stage 1 of the internal dispute resolution procedure relating to employer decisions (or a lack of a decision) ***

**And at the latest within 1 month of the need for a decision*

***Note that, in practice, the Administering Authority will require this information by a specific date as outlined in the specific correspondence requesting information to meet statutory deadlines on benefit statements*

****Note that, when the complaint made by the employee is against the decision made by the employer then the London Borough of Hillingdon Pension Fund will refer the case to the employer to consider stage 1 IDRP complaints.*

Administering Authority Responsibilities:

- To decide the number of benefits that should be paid, including whether the person is entitled to have any previous service counting towards this for LGPS purposes, as soon as is reasonably practicable
- To formally notify that person of the decision in relation to the amount of their benefits in writing as soon as is reasonably practicable, including a statement showing how they are calculated and information about their internal dispute resolution procedure
- To appoint a person to consider complaints under stage 1 of the internal dispute resolution procedure relating to Administering Authority decisions (or a lack of a decision)
- To appoint a person to consider complaints under stage 2 of the internal dispute resolution procedure (which covers both employer and Administering Authority decisions or lack of decisions)
- To provide on request any information to an employer about a complaint under the internal dispute resolution procedure that may be required by an employer

Regulation 59(1) enables an LGPS Administering Authority to prepare a written statement ("the pension administration strategy") to assist in delivering a high-quality administration service to its scheme members and other interested parties, by setting out local standards which often go beyond the minimum requirements set out in overriding legislation as outlined above, and which the Administering Authority and employers should comply with. The statement can contain such of the matters mentioned below as they consider appropriate: -

- Procedures for liaison and communication with the relevant employers in their Fund.
- The establishment of levels of performance which the Administering Authority and the employers are expected to achieve in carrying out their functions under the LGPS by-
 - i. the setting of performance targets.
 - ii. the making of agreements about levels of performance and associated matters; or
 - iii. such other means as the Administering Authority consider appropriate.
- Procedures which aim to secure that the Administering Authority and the employers comply with statutory requirements in respect of those functions and with any agreement about levels of performance.
- Procedures for improving the communication by the Administering Authority and the employers to each other of information relating to those functions.
- The circumstances in which the Administering Authority may consider giving written notice to an employer on account of that employer's unsatisfactory performance in carrying out its functions under the LGPS Regulations when measured against the desired levels of performance.
- The publication by the Administering Authority of annual reports dealing with—
 - i. the extent to which the Administering Authority and the employers have achieved the desired levels of performance, and

- ii. such other matters arising from its pension administration strategy as it considers appropriate
- Such other matters as appear to the Administering Authority to be suitable for inclusion in that strategy.

Regulation 59(2)e allows an Administering Authority to recover additional costs from an employer where they are directly related to the poor performance of that employer. Where this situation arises, the Administering Authority is required to give written notice to the scheme employer, setting out the reasons for believing that additional costs should be recovered, the amount of the additional costs, together with the basis on which the additional amount has been calculated.

In addition, regulation 59(6) also requires that, where a pension administration strategy is produced, a copy is issued to each of their relevant employers as well as to the Secretary of State. It is a requirement that, in preparing or revising any pension administration strategy, that the Administering Authority must consult its relevant employers and such other persons as it considers appropriate.

Both the Administering Authority and employers must have regard to the current version of the pension administration strategy when carrying out their functions under the LGPS Regulations.
