1. Leader's Statement

Introduction by Councillor Ray Puddifoot, Leader of the Council

Welcome to the London Borough of Hillingdon's Statement of Accounts for 2012/13. These accounts set out how the Council has dealt with income and expenditure during the year and provide details of the Council's financial position and cash-flows.

Over the last year, the Council's very strong financial management has ensured the delivery of a further £17.7 million in savings, whilst continuing to protect those services valued by our residents. Like all Councils, Hillingdon has faced further cuts in funding as central government continues to reduce the national debt. But through the effectiveness of the Business Improvement Delivery (BID) programme and sound budget management we have been able to manage those funding cuts and to increase our overall balances.

Hillingdon had the foresight to make a very early start on its transformation with the development of the BID programme, which was established prior to the commencement of the real cuts in central government funding. As a result, through changing the way we deliver services and continually driving improvements in efficiency, particularly in back-office functions, we have been able to maintain front line services. This means we can keep things such as weekly rubbish collections which so many residents favour. For a fourth successive year we were able to freeze council tax for all residents and for a sixth year for pensioners, and to also freeze fees and charges for residents.

Our strong financial management has also helped us to build up our balances further in the last year to £30.3 million which will help us to continue to deliver those valued services as the period of national austerity is now expected to continue until at least 2018.

We continue to support the borough's older residents, once again offering free burglar alarms, winter heater loans and free swimming. The very popular brown badge parking scheme has been extended to include on-street spaces, making it even easier for older residents to get out and about. More than 1,350 people have also signed up for TeleCareLine of which 696 received this service free of charge; our alarm system supports residents to live independently in their own home for longer.

With an investment of £150 million we have the largest school building programme of its kind in London. This will ensure that all Hillingdon's children have a primary school place near their home.

We are improving our recycling services by increasing the frequency of garden waste collections to weekly and introducing doorstep collections of food waste and textiles.

Hillingdon has been awarded more Green Flags for parks and open spaces than any other local authority in the country.

The enhancements to Ruislip Lido continue, with work on-going to make it somewhere residents can be proud to go to and enjoy. Residents are also encouraged to apply for funding from the Chrysalis programme to make environmental improvements to their local area.

When Uxbridge library re-opens early next year we will have refurbished or rebuilt all 17 of the borough's libraries, we believe this is the only programme of its kind in the country.

As ever our values remain our people, our environment and our heritage, with our approach remaining putting Hillingdon residents first.

Sound financial management has never been as important as it is in the current economic climate and our strength in this area will enable us to continue delivering good quality value for money services.

A handwritten signature in black ink, reading "Ray Puddifoot". The signature is written in a cursive style with a long, sweeping underline.

Councillor Ray Puddifoot
Leader of the Council

2. Explanatory Foreword

This document sets out the annual accounts of the London Borough of Hillingdon for the year ended 31 March 2013. The accounts are in the format for local authority accounts set by the Chartered Institute of Public Finance and Accountancy (CIPFA).

The purpose of this foreword is to provide a guide to the most significant matters reported in the financial statements. Included are a number of technical terms that are specific to local government finance and a glossary has been provided on page 128 to assist the understanding of the financial statements.

The core accounting statements comprise:

Comprehensive Income and Expenditure Statement

This reports the net cost for the year of all functions for which the Council is responsible and demonstrates how that cost has been financed from general government grants and income from taxpayers. The surplus or deficit on this account represents the amount by which income is greater than or less than expenditure.

The statement shows a surplus of £13.5 million on the provision of services for 2012/13.

Adjustments between Accounting Basis and Funding Basis under Regulations

This (Note 1) reports items of income and expenditure that are required to be credited or charged to the General Fund Balance by statute, or non-statutory practices, other than in accordance with IFRS. These are items that are taken into consideration in determining the Council's budget requirement and its Council Tax demand.

Total adjustments for 2012/13 were £5.8 million. This reduces the surplus of £13.5 million to an overall General Fund surplus of £7.7 million.

Balance Sheet

This shows balances and reserves at the Council's disposal at year-end, together with its long-term indebtedness, net current assets employed in its operations and summarised information on non-current assets held. It excludes funds held in trust for others and also excludes the Pension Fund assets and liabilities, which have been accounted for on an IAS19 basis.

The total net worth of the Council in 2012/13 was £496.0 million largely constituting non-current assets valued at £1,172.5 million, net pension liabilities of £373.3 million and long term borrowing of £332.9 million.

Movement in Reserves Statement

This splits the Council's reserves into usable and unusable balances, and shows movement into and out of them during the year. Usable reserves are those that can be applied to fund expenditure or reduce local taxation. Unusable reserves are those balances over which the Council has no direct control.

Usable reserves increased in 2012/13 from £73.8 million in 2011/12 to £99.5 million in 2012/13, however these include £17.2 million of capital grants that will predominantly be applied to the Primary Schools Capital Programme in 2013/14. Unusable reserves decreased from £462.3 million in 2011/12 to £396.5 million in 2012/13.

Cash Flow Statement

This summarises all movements in cash and cash equivalents arising from both revenue and capital transactions with third parties. It excludes funds held in trust for others and the Pension Fund.

There was an increase in cash and cash equivalents in 2012/13 of £17.8 million. This was made up of a decrease in cash held of £3.5 million and an increase in cashable short term investments of £21.3 million.

Supplementary accounting statements comprise:

Housing Revenue Account (HRA) Comprehensive Income and Expenditure Statement

There is a statutory duty to account separately for Local Authority housing provision. The HRA Income and Expenditure Statement shows in detail the Income and Expenditure on HRA services included in the whole Council Comprehensive Income and Expenditure Statement. It includes the major elements of Council housing revenue expenditure on maintenance, administration, and capital financing costs, and major income sources such as rents and other income.

There was a surplus in 2012/13 on HRA services of £27.9 million; this is attributable to planned works being re-phased into future years following internal reorganisation of housing services.

Statement of Movement on the Housing Revenue Account Balance

This shows how the HRA Income and Expenditure Statement surplus or deficit for the year reconciles to the movement on the Housing Revenue Account balance for the year. It shows income and expenditure that is credited or charged to the HRA balance by statute or non-statutory practices so as to reconcile to amounts to be charged to Housing tenants.

The overall HRA surplus for the year, after adjustments made in the Statement of Movement on the HRA Balance, was £5.7 million in 2012/13.

Collection Fund Revenue Account

The Collection Fund is a separate account into which amounts raised from local taxation are paid. From this, amounts due to preceptors including the Council itself are paid. This account also collects and distributes the national business rates pool, which the Council collects on behalf of central government.

The Collection Fund showed a surplus of £1.0 million in 2012/13. Council Tax income for the year was £144.6 million, which was £2.3 million higher than the amount anticipated at the start of the year.

Pension Fund Accounts

These show contributions to the Council's Pension Fund for employees during the year, together with pensions and other benefits paid from it, movements in investments during the year and the financial position of the Fund at the end of the year. These accounts do not include any liabilities relating to payment of pensions and benefits in future years.

The document also includes the following:

Notes to the Accounts

The notes provide further explanation of figures contained in the core and supplementary accounting statements.

Statement of Accounting Policies

The accounts can be properly appreciated only if the policies that have been followed in dealing with material items are understood. Therefore the Statement of Accounting Policies and various notes to the accounting statements form an integral part of these accounts. There is also a glossary of terms and abbreviations at the end of this document.

Annual Governance Statement

This statement is required under the CIPFA/SOLACE framework 'Delivering Good Governance in Local Government'. This sets out the systems, processes, culture and values by which the Council is directed and controlled, and its activities through which it accounts to, engages with, and leads the community. The framework enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate cost-effective services.

Glossary of Terms

The Glossary provides a definition of key terms used to aid understanding the Accounting Statements.

3. Summary of the Council's Financial Performance

Summary

The financial challenges facing the Council as a result of the Government's austerity programme and the wider economic situation continued through 2012/13, with central government funding continuing to decline in line with the programme of reduction set out in the 2010 Comprehensive Spending Review. Although the resources available to support local services have continued to decline, the Council successfully froze Hillingdon's share of Council Tax for the fourth successive year without impacting on front-line service to the public while managing significant increases in demand for those services.

This balancing of local demand for services and financial constraints has been successfully managed through the Council's Business Improvement Delivery (BID) Programme, which enabled delivery £17,696k savings required to balance the budget while driving improvement in service quality across the Council. The success of the Council's approaches to budget management and service delivery has been borne out by the delivery of this ambitious savings target for 2012/13 while contributing an additional £6,937k to reserves.

The Council's proactive financial management ensured that a balanced revenue budget for 2013/14, including provision for a further Council Tax Freeze, was fully developed by the end of 2012 ensuring that work could commence on delivery of yet another ambitious savings programme in response to further reductions in funding of £7.4m. 2013/14 will also see significant changes to arrangements for Local Council Tax Support and the retention of a share of Business Rates income raised within Hillingdon, both of which are expected to offer both new challenges and opportunities.

Alongside the Council's day to day operations, the £149m programme of investment in expanding Primary School capacity remains a top priority for capital budgets, with additional school places for 5,500 children to be delivered over the next three years.

Revenue Budget

The Council's net revenue budget for 2012/13 totalled £190,668k, excluding those services such as schools and housing benefit which are funded by specific funding streams. This net budget was supported by a combination of central government grant and locally raised Council Tax, frozen for a fourth year.

Throughout the year, monthly budget monitoring reports were reviewed by Cabinet, enabling corrective action to be taken in response to emerging pressures while continuing to deliver on the Council's priorities for residents. This strong financial management, coupled with the ambitious BID Transformation programme, delivered an underspend of £4,811k against budget at outturn – enabling an additional £6,937k to be added to reserves, bringing general reserves to £30,250k at 31 March 2013.

The outturn position for the General Fund revenue budget is set out below:

General Fund Services	Budget £'000	Outturn £'000	Variance £'000
Administration & Finance	11,883	11,037	(846)
Residents Services	85,158	84,139	(1,019)
Social Care & Health	98,525	98,869	344
Contingencies & Priority Growth	17,372	16,712	(660)
Net Cost of Services	212,938	210,757	(2,181)
Financing Costs	11,419	8,169	(3,250)
IAS 19 Pension Adjustment	2,495	2,495	0
Asset Management A/c	(20,210)	(20,210)	0
Levies & other corp budgets	11,132	11,132	0
Corporate Govt Grants	(29,232)	(29,232)	0
Exceptional Items	0	620	620
Budget Requirement	(190,668)	(190,668)	
Contributions to/from Balances	2,126	6,937	
General Fund Surplus for 2013/14			(4,811)

Note: in accordance with local authority accounting practice, income and favourable variances in the table above, and elsewhere in these accounts, as shown as bracketed figures.

Achievement of a surplus in 2013/14 was a significant achievement, particularly following delivery of £17,696k savings. Variances reported in the above table are explained below:

- An underspend of £846k was reported on Administration & Finance budgets, with the favourable outturn primarily due to early delivery of savings factored into the approved 2013/14 revenue budget.
- An underspend of £1,019k was reported on Residents Services, again primarily from the early delivery of 2013/14 savings particularly in the Education Service as well as from windfall income across the Group. This more than compensated for significant pressures in Imported Food service testing and delays in delivering the savings target transferred into the Group with the Housing Needs service.
- Social Care & Health are reporting a net overspend of £344k (£125k adverse movement) but this included providing £375k towards redundancy costs potentially arising from proposed changes in the structure and delivery of services in the Group. The Social Care & Health position contains significant pressures due to delays in the delivery 2012/13 Supported Housing savings, which have been largely covered by early delivery of other 2013/14 savings.
- In addition, sums set aside to fund new Priority Growth Initiatives were not required in 2012/13 and resources identified to support capital financing costs of new investment in schools were not required, resulting in additional underspends.

Prudent management of the Council's finances to date has ensured the organisation is well placed to meet on-going challenges, with sufficient reserves available to meet risks arising into 2013/14 and beyond.

Reserves

The Council sets aside reserves to meet the costs of unforeseen demands and unpredictable events, such as adverse weather or other business risks. Each year the Corporate Director of Finance reviews the Council's level of reserves and assesses its adequacy, with the appropriate minimum level determined to be £12m for 2012/13. Following outturn unallocated general reserves stood at £30m, with £15m to £30m deemed to be an acceptable range for 2013/14 in light of the new risks and responsibilities transferring to the Council at 1 April 2013.

In addition to such unallocated reserves, General Fund resources earmarked for specific projects and purposes totalled £10m at 31 March 2013, with further monies set aside by schools and from the Housing Revenue Account to manage risks within those services.

Capital Investment

The Council's programme of capital investment for 2012/13 totalled £48,982k (£54,028k in 2011/12) and was funded from a range of funding sources. These included grants (£22,537k), Section 106 & other third party contributions (£4,202k), contributions from revenue resources (£7,073k), proceeds from asset sales (£7,457k) and Prudential Borrowing (£7,713k). In cases where borrowing was undertaken, the subsequent financing costs will be met from identified revenue resources as required by the Prudential Code.

Investment during 2012/13 focused heavily on the Council's major programme of Primary school expansions adding 30.5 forms of entry by 2015, with new places provided for September 2012 and work well underway for further places in 2013 and 2014. While Department for Education funding has been insufficient to manage the full cost of providing schools places for the borough's growing population, the Council's sound financial management has enabled resources to be set aside to ensure this demand is met.

Other projects underway during 2012/13 saw continued investment in services including the on-going libraries refurbishment programme, which will see the Council's 17 libraries upgraded by the end of 2013/14. In addition major investment in the borough's environment, both natural and man-made, continues with significant resurfacing of roads across the borough and on-going investment in open spaces through the Council's flagship Chrysalis programme and other programmes.

Treasury Management

A major focus for treasury management during 2012/13 was to minimise loan interest costs by using internal resources such as reserves, provisions and working capital whilst maintaining sufficient liquidity in lieu of new borrowing for capital purposes. This strategy was also designed to reduce credit risk within the investment portfolio and relieve pressure from the Council's lending list thus facilitating easy placement of income.

As a consequence of this, no new external borrowing was taken for the General Fund and £10.3m of debt which naturally matured, was not refinanced. Due to high premiums on outstanding debt, there was no debt rescheduling or repayments during 2012/13. The year end loan balance was £346.5m (£93.4m General Fund, £253.1m HRA) at an overall average interest rate of 3.0%. Total interest costs for the year amounted to £10.5m.

At the start of the financial year there were unpaid investments with Icelandic banks: Heritable (£4.75m) and Landsbanki (£3.54m). The administrators of Heritable issued dividends during the year totalling £1.41m leaving an outstanding balance of £3.34m. Total dividends received for Heritable now equate to 77% of the claim value, with an overall total dividend expected of between 86% and 90%. With Landsbanki, dividends were received during the year of £0.9m leaving a balance at year end of £2.6m. Dividends now received total 47% with an expected recovery rate of 100%. An additional 6,962k of Icelandic Krona (ISK) is being held in an Icelandic escrow account. As there are currently controls on the distribution of ISK, these funds will remain in this account until the winding up board has obtained permission from the Central Bank of Iceland (CBI) to pay the money to Creditors. The Local Authorities' Steering Committee and Bevan Brittan are negotiating with CBI to release funds.

In August 2013 the Council received a further dividend from the administrators of Heritable Bank. Further details are disclosed in Post Balance Sheet Events below.

Collection Fund

The Council is required to manage Council Tax receipts through the collection fund, which due to substantial growth within the borough reported a surplus of £3,687k in 2012/13. This surplus will be shared between the Council and Greater London Authority and available to support local services into 2013/14.

Post Balance Sheet Events

Following the approval of applications for Academy status, four Community schools and two Foundation schools are expected to become Academies during 2013/14. Under Academy status, Community schools would not form part of the Council's accounts and hence will result in significant movements in income, expenditure, schools reserves and current assets for the 2013/14 Statement of Accounts.

The administrators of Heritable Bank issued a dividend of £2.5m in August 2013 bringing the total return to 94% of the claim. As this dividend exceeded previous estimates an impairment reversal of £1.3m was credited to the 2012/13 Income & Expenditure Account with the corresponding entry in the Balance Sheet.

Outlook for the Future

In February 2013 the Council approved the budget for 2013/14, which once again included no increase in the Hillingdon share of Council Tax despite reductions in central government funding of 7% from 2012/13. Beyond 2013/14 all indications are that resources available to provide services will continue to shrink as central government's austerity agenda continues into the next parliament and potentially to the end of this decade.

From 2013/14 the Council has assumed responsibility for administering and delivering a localised Council Tax Reduction scheme following the abolition of Council Tax Benefit. In addition to resulting in a significant transfer of risk to the Council, this new responsibility was transferred with only 90% on funding previously applied to Council Tax Benefit.

A second fundamental change for 2013/14 is the local retention of a share of Business Rates revenue, which provides a mechanism for retaining a share of local economic growth for reinvestment in local services. These reforms will again result in the transfer of risks to the local authority; however will also provide a mechanism for mitigating the impact of continuing government funding reductions through encouraging economic growth.

While Hillingdon faces significant challenges in the medium-term, with economic conditions and reforms to benefits and other public services likely to increase demand for services, the Council's track record for sound financial management and healthy balances is expected to provide a strong basis for overcoming these challenges.

4. Statement of Responsibilities for the Statement of Accounts

1. Council's Responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Council that officer is The Corporate Director of Finance;
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets; and
- Approve the Statement of Accounts

2. Corporate Director of Finance Responsibilities

The Corporate Director of Finance is responsible for the preparation of the Council's statement of accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2011/12 (The Code).

In preparing this statement of accounts The Corporate Director of Finance has:

- Selected suitable accounting policies and then applied them consistently;
- Made judgements and estimates that were reasonable and prudent; and
- Complied with the Local Authority Code.

The Corporate Director of Finance has also:

- Kept proper accounting records that were up to date; and
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

3. Corporate Director of Finance Approval of Accounts

I certify that these accounts present a true and fair view of the financial position of the London Borough of Hillingdon, in terms of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in Great Britain ('the code of practice'), as at 31 March 2012 and its income and expenditure for the year then ended.

Paul Whaymand
CORPORATE DIRECTOR OF FINANCE
26 September 2013

Audit Committee Certificate for the Approval of the Accounts

I confirm that these accounts were considered and approved by the Audit Committee at the meeting held on 26 September 2013.

Signed on behalf of London Borough of Hillingdon

John Morley
CHAIRMAN (AUDIT COMMITTEE)
26 September 2013

5. Independent Auditor's Report to the Members of the London Borough of Hillingdon

Opinion on the Authority accounting statements

We have audited the accounting statements of the London Borough of Hillingdon for the year ended 31 March 2013 under the Audit Commission Act 1998. The accounting statements comprise the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Movement in the General Fund Balance, the Movement in Reserves Statement, the Cash Flow Statement and the related notes 1 to 47, the Housing Revenue Account Comprehensive Income and Expenditure Statement, the Movement on the Housing Revenue Account Balance and related notes 1 to 7 and Collection Fund and the related notes 1 to 7. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2011/12.

This report is made solely to the members of the London Borough of Hillingdon in accordance with Part II of the Audit Commission Act 1998 and for no other purpose, as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010.

Respective responsibilities of the Chief Finance Officer and auditor

As explained more fully in the Statement of the Chief Finance Officer's Responsibilities, the Chief Finance Officer is responsible for the preparation of the Statement of Accounts, which includes the accounting statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the accounting statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements sufficient to give reasonable assurance that the accounting statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Authority's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Chief Finance Officer; and the overall presentation of the accounting statements. In addition, we read all the financial and non-financial information in the explanatory foreword to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the financial position of the London Borough of Hillingdon as at 31 March 2013 and of its expenditure and income for the year then ended; and
- have been prepared properly in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2012/13.

Opinion on other matters

In our opinion, the information given in the explanatory foreword and other information included in the Statement of Accounts for the financial year for which the accounting statements are prepared is consistent with the accounting statements.

Matters on which we report by exception

We report to you if:

- in our opinion the annual governance statement does not reflect compliance with 'Delivering Good Governance in Local Government: a Framework' published by CIPFA/SOLACE in June 2007;
- we issue a report in the public interest under section 8 of the Audit Commission Act 1998;

- we designate under section 11 of the Audit Commission Act 1998 any recommendation as one that requires the Authority to consider it at a public meeting and to decide what action to take in response; or
- we exercise any other special powers of the auditor under the Audit Commission Act 1998.

We have nothing to report in these respects

Opinion on the pension fund accounting statements

We have audited the pension fund accounting statements for the year ended 31 March 2013 under the Audit Commission Act 1998. The pension fund accounting statements comprise the Fund Account, the Net Assets Statement and the related notes 1 to 26. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2012/13.

This report is made solely to the members of the London Borough of Hillingdon in accordance with Part II of the Audit Commission Act 1998 and for no other purpose, as set out in paragraph 48 of the Statement of Responsibilities of Auditors and Audited Bodies published by the Audit Commission in March 2010.

Respective responsibilities of the Chief Finance Officer and auditor

As explained more fully in the Statement of the Chief Finance Officer's Responsibilities, the Chief Finance Officer is responsible for the preparation of the Authority's Statement of Accounts, which includes the pension fund accounting statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom, and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the accounting statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the pension fund accounting statements

An audit involves obtaining evidence about the amounts and disclosures in the accounting statements sufficient to give reasonable assurance that the accounting statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the fund's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the Chief Finance Officer; and the overall presentation of the accounting statements. In addition, we read all the financial and non-financial information in the explanatory foreword to identify material inconsistencies with the audited accounting statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on pension fund's accounting statements

In our opinion the pension fund's accounting statements:

- give a true and fair view of the financial transactions of the pension fund during the year ended 31 March 2013 and the amount and disposition of the fund's assets and liabilities as at 31 March 2013, other than liabilities to pay pensions and other benefits after the end of the scheme year; and
- have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom.

Opinion on other matters

In our opinion, the information given in the explanatory foreword for the financial year for which the accounting statements are prepared is consistent with the accounting statements.

Conclusion on Authority's arrangements for securing economy, efficiency and effectiveness in the use of resources

Respective responsibilities of the Authority and the auditor

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

We are required under Section 5 of the Audit Commission Act 1998 to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the Audit Commission requires us to report to you our conclusion relating to proper arrangements, having regard to relevant criteria specified by the Audit Commission.

We report if significant matters have come to our attention which prevent us from concluding that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Scope of the review of arrangements for securing economy, efficiency and effectiveness in the use of resources

We have undertaken our audit in accordance with the Code of Audit Practice, having regard to the guidance on the specified criteria, published by the Audit Commission in October 2011, as to whether the Authority has proper arrangements for:

- securing financial resilience; and
- challenging how it secures economy, efficiency and effectiveness.

The Audit Commission has determined these two criteria as those necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2013.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to form a view on whether, in all significant respects, the Authority had put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

Conclusion

On the basis of our work, having regard to the guidance on the specified criteria published by the Audit Commission in October 2011, we are satisfied that, in all significant respects, the London Borough of Hillingdon has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2013.

Certificate

We certify that we have completed the audit of the accounts of the London Borough of Hillingdon in accordance with the requirements of the Audit Commission Act 1998 and the Code of Audit Practice issued by the Audit Commission.

Heather Bygrave (Engagement lead)
For and on behalf of Deloitte LLP
Appointed Auditor, St Albans, UK
27 September 2013

6. Statement of Accounting Policies

The Statement of Accounts summarises the Council's transactions for the 2012/13 financial year and its position at the year-end of 31 March 2013. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit Regulations 2003, which those Regulations require to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2012/13 and the Service Reporting Code of Practice 2010/11 (SeRCOP), supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by periodic revaluation of certain categories of non-current assets and financial instruments. The accounts are prepared on an accruals and going concern basis.

CAPITAL

1. Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others for administration purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition: All expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis in the accounts, provided that the asset yields benefits to the Council for a period of more than one year and the cost of the item can be measured reliably. This excludes expenditure on routine repairs and maintenance of non-current assets that is charged direct to service revenue accounts when incurred.

Measurement: Assets are initially measured at cost, comprising:

- The purchase price;
- Any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management; and
- The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located

The Council does not capitalise borrowing costs incurred whilst assets are under construction.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition will not increase the cash flows of the Council. In the latter case, the cost of the acquisition is the carrying amount of the asset given up by the Council.

Assets are then carried in the balance sheet valued on the basis recommended by CIPFA and in accordance with the Statements of Asset Valuation Principles and guidance notes issued by the Royal Institution of Chartered Surveyors (RICS). Property, Plant and Equipment are included in the balance sheet on the following basis:

- Infrastructure assets, community assets and assets under construction are included in the balance sheet at depreciated historical cost;
- Dwellings are carried at fair value, determined using the basis of existing use value for social housing;
- All other classes of asset shall be measured at fair value. For land, buildings and assets which are not held for the purpose of generating cash flows, the fair value represents the amount that would be paid for the asset in its existing use. Where there is no market-based evidence of fair value due to the specialised nature of the asset, the asset is valued at its depreciated replacement cost; and

- Plant and machinery forming an integral part of the property is included in the valuation of the buildings. Other plant and machinery has been given a value on the basis of historical costs as a proxy for current value.

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost is used as an estimate of fair value.

Assets included in the Balance Sheet at fair value are re-valued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. (Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a revaluation loss previously charged to a service)

Where decreases in value are identified, the revaluation loss is accounted for as follows:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains) with any excess written down against the relevant service line in the Comprehensive Income and Expenditure Statement.
- Where there is no balance in the Revaluation Reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

A de minimis value of £10,000 has been set for capital purchases. This limit also applies to valuations. De minimis expenditure is charged to revenue but, where permissible and appropriate, it is financed as though it were capital expenditure.

The Council does not own foundation school assets and the value of these assets are not included in the Council's balance sheet.

Impairment / Revaluation Loss: An impairment review of all assets is undertaken at the end of each financial year. Losses arising from an impairment or revaluation loss are written off against any revaluation gain attributable to the relevant asset in the Revaluation Reserve, with any excess charged to the relevant service revenue account in the Comprehensive Income and Expenditure Statement.

Where a revaluation loss is reversed subsequently, the reversal is credited to the relevant service line in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Depreciation: Depreciation is provided in the accounts in accordance with the International Accounting Standard (IAS) 16 and CIPFA guidelines. IAS 16 states that depreciation is to be provided on all Plant, Property and Equipment, other than for assets without a determinable finite useful life (i.e. freehold land and certain Community Assets) and assets that are not yet available for use (i.e. assets under construction). The depreciation policy is that:

Depreciation is calculated on a straight line method and is based on the following useful lives or approach:

Infrastructure	40 years
Vehicles, Plant, Furniture & Equipment	3 to 30 years
Council Dwellings	Depreciated on straight line basis over useful life of 60 years
Other Land & Buildings	Useful life varies depending on the condition, type and usage of the asset
Surplus Assets	Useful life varies depending on the condition, type and usage of the asset
IT Equipment	5 years
Intangible Assets	5 years

Where an item of Property, Plant and Equipment asset has major components the cost of which are material (20% or £250k) the asset is split into component parts and depreciated separately. Where component parts are identified, the carrying value of the asset is reviewed and an estimate is made on the carrying amount of the component being replaced and this is then written out.

Revaluation gains are also depreciated with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Disposals: When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction expected within the following year, rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is re-valued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previously recognised losses. Depreciation is not charged on Assets Held for Sale.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed or decommissioned, any loss or profit on disposal is recognised in the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

Amounts received for a disposal in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to housing disposals (75% for dwellings, 50% for land and other assets, net of statutory deductions and allowances) is payable to the Government. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement). Receipts are appropriated to the Reserve from the General Fund Balance in the Movement in Reserves Statement.

The written-off value of disposals is not a charge against Council Tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Therefore the loss or profit on sale is appropriated to the Capital Adjustment Account from the General Fund Balance via the Movement in Reserves Statement.

Council houses are sold at a discount in accordance with the legislative requirements. Some land and property may be sold at a discount or at nil value to housing associations in return for nomination rights (i.e. taking tenants from the Council's waiting list); other assets are sold at market value.

Commitments to make stock transfers are valued at estimated tenanted market value at the time the transfer is agreed and an adjustment made to the non-current assets with any loss charged to the HRA Comprehensive Income and Expenditure Statement. An adjustment is made to non-current assets for any change to this valuation at the time of actual disposal.

Deferred credits on the Balance Sheet relate mainly to the sale of Council houses and reflect the amount of mortgage principal outstanding on sales, which will be transferred to capital receipts when paid.

Grants and contributions: Where grants and contributions are received that are identifiable to Plant, Property and Equipment with a finite useful life, the amounts are credited to the Comprehensive Income and Expenditure Statement. These are then transferred to the Capital Grants Unapplied Reserve if not used and the Capital Adjustment Account when applied. If the grants have a condition for repayment and remain unapplied at the end of the year, they are held on the Balance Sheet as creditors.

2. Heritage Assets

FRS30 Heritage Assets was adopted by the Council in 2011/12 resulting in Mayoral Regalia and the statue 'Anticipation' being brought onto the balance sheet.

Where there is an open market, such assets will be valued at market value; assets with no marketable value will be held at replacement cost.

Where it is impossible to establish a value by either of these methods, the Council will consider other valuation methodologies such as insurable value, otherwise the asset will be held at nil value but disclosed as a note to the accounts.

3. Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council as a result of past events, such as software licences, are only recognised on the Balance Sheet when they are purchased or where internally developed and the Council can demonstrate:

- The technical feasibility of completing the asset;
- Its intention and the availability of adequate resources to complete the asset;
- Its ability to use or sell the asset;
- How the asset will generate future economic benefits or deliver service benefits; and
- Its ability to measure reliably the expenditure attributable to the intangible asset during its development.

Intangible assets are included at historical cost and only re-valued in line with IAS 38, where the fair value of the assets held by the Council can be determined by reference to an active market. In practice, no intangible asset held by the Council meets this criterion, and they are therefore carried at amortised cost. Intangible assets are amortised over their useful life to the relevant service line in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

4. Charges to Revenue for Non-Current Assets

Service revenue accounts, support services and trading accounts are charged the following amounts to record the real cost of holding fixed assets during the year:

- Depreciation attributable to the assets used by the relevant service;
- Impairment losses on tangible non-current assets used by the service and other losses where there are no accumulated gains in the Revaluation Reserve against which they can be written off; and
- Amortisation of intangible non-current assets attributable to the service

The Council is not required to raise Council Tax to cover depreciation, revaluation and impairment losses or amortisations. However, it is required to make an annual provision from revenue to contribute towards the reduction in its overall borrowing requirement. Depreciation, revaluation and impairment losses and amortisations are therefore replaced by a revenue provision in the General Fund balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

5. Revenue Expenditure Funded from Capital Under Statute

Revenue Expenditure funded from Capital under statute represents expenditure that may properly be capitalised, but which does not result in the creation of a non-current asset, for example housing association grants, capital expenditure on foundation schools and housing improvement grants. Such expenditure is taken to service revenue in the year in which the expenditure is incurred. Where the Council has determined to meet the cost of this from existing capital resources or by borrowing, a transfer to the Capital Adjustment account reverses the amounts charged to the Comprehensive Income and Expenditure Statement via the Movement in Reserves Statement so there is no impact on the level of Council Tax.

6. Investment Properties

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, based on the amount at which the asset could be exchanged between knowledgeable parties at arm's length. Properties are not depreciated but are re-valued annually according to market conditions at year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the General Fund Balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

7. Leases

Assets are acquired under finance leases when the risks and rewards relating to the asset transfer to the Council. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have a legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Finance Leases

Property, plant and equipment held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Premiums paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the years in which they are incurred.

Lease payments are apportioned between:

- A charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability; and
- A finance charge (debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement).

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life.

The Council is not required to raise Council Tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual provision is made from revenue towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore replaced by revenue provision in the General Fund Balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease; even if this does not match the pattern of payments (e.g. there is a rent-free period at the commencement of the lease).

The Council as Lessor

Finance Leases

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether Property, Plant and Equipment or Assets Held for Sale) is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. A gain, representing the Council's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal), matched by a lease asset in the Balance Sheet.

Lease rentals receivable are apportioned between:

- A charge for the acquisition of the interest in the property – applied to write down the lease liability (together with any premiums received), and
- Finance income (credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement)

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to increase the General Fund Balance and will be required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve in the Movement in Reserves Statement. Where the amount due in relation to the lease asset is to be settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Unapplied Capital Receipts Reserve in the Movement in Reserves Statement. When the future rentals are paid, the element for the charge for the acquisition of the interest in the property is used to write down the lease asset. At this point, the deferred capital receipts are transferred to the Capital Receipts Reserve.

The written-off value of disposals is not a charge against Council Tax, as the cost of fixed assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (e.g. there is a premium paid at the commencement of the lease). Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

REVENUE

8. Accruals of Income and Expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption; they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including those rendered by the Council's officers) are recorded as expenditure when the services are received, rather than when payments are made.
- Interest payable on borrowings and receivable on investments is accounted for on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where there is evidence that debts are unlikely to be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

Where the Council is acting as an agent for another party (e.g. in the collection of National Non-Domestic Rates (NNDR) and Council Tax), income and expenditure are recognised only to the extent that commission is receivable by the Council for the agency services rendered or the Council incurs expenses directly on its own behalf in rendering the services.

9. Acquisitions and Discontinued Operations

The Council's subsidiary, Hillingdon Homes Ltd, was discontinued at the end of September 2010 and services were amalgamated back into the Council. The accounts have been prepared on a single entity basis applying the principles of merger accounting, as set out in Financial Reporting Standard 6 (Acquisitions and Mergers).

10. Cash and Cash Equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 working hours. Cash equivalents are investments that are held in instant access accounts, readily convertible to known amounts of cash with insignificant risk of change in value. Amounts held in fixed term deposits not accessible within 24 working hours are not classified as cash equivalents, but as short term investments.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Council's cash management.

11. Changes in Accounting Policies and Estimates and Errors

Changes in accounting policies are only made when required by proper accounting practices when the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

12. Employee Benefits

Benefits Payable During Employment

Short-term employee benefits (those that fall due wholly within 12 months of the year-end), such as wages and salaries, paid annual leave and paid sick leave, flexi leave and non monetary benefits, where material, are recognised as an expense in the year in which employees render service to the Council. An accrual is made against services in the Surplus or Deficit on the Provision of Services for the cost of holiday entitlements and other forms of leave earned by employees but not taken before the year-end and which employees can carry forward into the next financial year. Any accrual made is required under statute to be reversed out through the Movement in Reserves Statement so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the Comprehensive Income and Expenditure Account when the Council is demonstrably committed to either terminating the employment of an officer or group of officers or making an offer to encourage voluntary redundancy.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or pensioner in year, not the amount calculated according to the relevant accounting standards. In the

Movement in Reserves Statement, appropriations are required to and from the Pension Reserve to remove the notional debits and credits for termination benefits related to pensions enhancements and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year end.

Post Employment Benefits

The Council participates in three defined benefit pension schemes:

- The Teachers' Pension Scheme;
- The London Borough of Hillingdon Fund of the Local Government Pension Scheme (LGPS), administered locally by the Council; and
- The London Pension Fund Authority Pension Fund of the LGPS, which is a closed arrangement for former employees administered by the London Pension Fund Authority.

The accounts fully conform to the International Accounting Standard 19 (IAS 19) relating to pension fund liabilities. Both the Comprehensive Income and Expenditure Statement and the Balance Sheet reflect the effects of these requirements.

Teachers' Pension Scheme

- The teachers' scheme is unfunded and administered on behalf of the Department for Children, Schools and Families (DCSF) by Capita Hartshead. The pension cost charged to the accounts is the contribution rate set by the DCSF on the basis of a notional fund.

The Local Government Pension Scheme

- The pension liabilities attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc, and projected earning for current employees.
- Liabilities are discounted to their value at current prices.
- The pension fund assets attributable to the Council is included in the Balance Sheet at fair value:
 - Quoted securities – current bid price
 - Unquoted securities – professional estimate
 - Unitised securities – current bid price
 - Property – market value
- The change in the net pensions liability is analysed into seven components:
 - Current service cost – the increase in liabilities as result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.
 - Past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs.
 - Interest cost – the expected increase in the present value of liabilities during the year as they move one year closer to being paid – debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.
 - Expected return on assets – the annual investment return on the fund assets attributable to the Council, based on an average of the expected long-term return – credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.
 - Gains/losses on settlements and curtailments – the result of action to relieve the Council of liabilities or events that reduce the expected future service or accrual of benefits of employees – debited/credited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Non Distributed Costs.

- Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – debited to the Pensions Reserve.
- Contributions paid to pension funds – cash paid as employer’s contribution to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pension Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at year-end. The negative balance that arises on the Pension Reserve thereby measures the beneficial impact on the General Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued for in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

13. Long Term Contracts

The Council has entered into a number of long term contracts that have commitments beyond the period of account. These are accounted for on the basis of charging the Surplus or Deficit on the Provision of Services with the value of works and services received under the contract during the financial year. Material future commitments are outlined in a note to the accounts.

14. Private Finance Initiative (PFI) Contract

PFI and similar contracts are agreements to receive services, where responsibility for making available the property, plant and equipment needed to provide the services passes to the PFI contractor. As the Council is deemed to control the services that are provided under its PFI schemes, the Council carries the assets used under the contracts on its Balance Sheet as part of Property, Plant and Equipment.

The original recognition of these assets at fair value (based on the cost to purchase property, plant and equipment) are balanced by the recognition of a liability for amounts due to the scheme operator to pay for the capital investment.

Non current assets recognised on the Balance Sheet are re-valued and depreciated in the same way as property, plant and equipment owned by the Council.

The amounts payable to the PFI operators each year are analysed into five elements:

- Fair value of the services received during the year – debited to the relevant service in the Comprehensive Income and Expenditure Statement.
- Finance cost – an interest charge on the outstanding Balance Sheet liability, debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.
- Contingent rent – increases in the amount to be paid for the property arising during the contract, debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.
- Payment towards liability – applied to write down the Balance Sheet liability towards the PFI operator (the profile of write-downs is calculated using the same principles as a finance lease)
- Lifecycle replacement costs – proportion of the amounts payable is posted to the Balance Sheet as a prepayment and then recognised as additions to Property, Plant and Equipment when the relevant works are eventually carried out.

15. Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- The Council will comply with the conditions attached to the payments, and
- The grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Account until conditions attaching to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset acquired using the grant or contribution are required to be consumed by the recipient as specified or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions where conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants/contributions) or Taxation and Non-Specific Grant Income (non-ring-fenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grant Unapplied Reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grant Unapplied reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

Area Based Grant

Area Based Grant (ABG) is a general grant allocated by central government directly to local authorities as additional revenue funding. ABG is non-ringfenced and is credited to Taxation and Non-Specific Grant Income in the Comprehensive Income and Expenditure Statement.

16. Inventories and Work in Progress

Inventories at the year-end are included at the lower of cost or net realisable value. Work in Progress on uncompleted jobs is valued at cost including an allocation of overheads.

17. Overheads and Support Services

In line with CIPFA recommended practice and complying with the Service Reporting Code of Practice (SERCOP), support service costs are recharged to front line services. The basis of allocation is as follows:

Cost	Basis of Allocation
Central department costs (e.g. Finance & Resources)	Staff numbers
Administrative buildings	Area occupied
Computing and Telephony	Estimated usage

Costs are not allocated in relation to:

- Corporate and Democratic Core – costs relating to the Council’s status as a multi-functional, democratic organisation.
- Non Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and any depreciation and impairment losses chargeable on surplus assets in Property, Plant & Equipment.

These two cost categories are defined in SERCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Expenditure on Continuing Services.

18. Corporate and Democratic Core

Corporate and Democratic Core services are identified and accounted for separately. These include democratic representation and management and corporate management. They receive recharges of support costs.

19. Non-Distributed Costs

Some costs are not allocated to services and appear under the heading “Non-Distributed Costs” in the Comprehensive Income and Expenditure Statement. These include costs associated with the loss of work or function that cannot be reduced, impairment losses on assets under construction and surplus assets, and revenue costs of holding surplus assets.

20. Provisions and Reserves

The Council is required to set aside money to cover future known or anticipated liabilities and each reserve or provision should be clearly identifiable as to its purpose and usage.

Provisions

Provisions are established for any liabilities of uncertain timing or amount that have been incurred. Provisions are recognised when:-

- There is a present obligation (legal or constructive) as a result of a past event;
- It is probable that a cost will have to be met to settle the obligation; and
- A reliable estimate of the cost can be made.

Provisions are charged to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties. When a payment for expenditure against a provision is made, the expenditure is charged directly to that provision. All provisions are reviewed each year.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (e.g. an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

Provision for bad and doubtful debts

No provision is made for debts that are secured or are with other Public Sector Bodies except in exceptional circumstances. Of all remaining debts, the Council makes a provision for bad debts based upon continuous reviews on likely recovery undertaken by service managers and supporting finance staff.

Reserves

Amounts set aside for purposes falling outside the definition of provisions or contingent liabilities, required for future policy purposes or to cover contingencies, are treated as reserves. Transfers to and from reserves are distinguished from service expenditure. Expenditure is not charged directly to any reserve.

Revaluation Reserve	Records the accumulated gains on non-current assets held by the Council arising from increases in value. This value is offset by that part of depreciation relating to the revaluation for each asset. Impairments of non-current assets with a previous revaluation gain are written out to the revaluation reserve. This account replaced the Fixed Asset Restatement Account with effect from 1 st April 2007. It had a nil balance at 1 st April 2007
Capital Adjustment Account	Accumulates resources that have been set aside to finance capital expenditure offset by the write down of historical cost fixed assets (depreciation and impairments) or written off on disposal. This covers both capital assets and expenditure that is capital by statute (revenue expenditure funded from capital under statute).
Capital Receipts Reserve	Includes capital receipts that have not yet been used to finance capital expenditure or to repay debt
Government Grants Unapplied Reserve	Capital grants which are unapplied and do not have a condition to repay the grant, are held in this reserve
Pension Reserve	Represents the surplus or deficit arising from the valuation of pension assets and liabilities of Hillingdon's interests in the London Borough of Hillingdon pension scheme and the London Pension Fund Authority pension scheme
Major Repairs Reserve	A requirement of the HRA resource accounting and holds depreciation charged to the HRA in excess of the major repairs allowance

21. Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation the existence of which will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.

22. Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

23. Financial Assets

Financial assets are classified into two types:

- Loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market.
- Available-for-sale assets – assets that have a quoted market price and/or do not have fixed or determinable payments.

Loans and Receivables

Loans and receivables are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at their fair value. They are then carried at their amortised cost. Annual credits are made to the Comprehensive Income and Expenditure Statement for interest receivable and are based on the carrying amount of the asset multiplied by the effective interest rate applicable to the financial instrument. For most of the loans that the Council has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable plus any accrued interest. The interest receivable for the year in the loan agreement is credited to the Comprehensive Income and Expenditure Statement.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge is made to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains and losses that arise on the de-recognition of an asset are credited/debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Available-for-sale Financial Assets

Available-for-sale assets are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Where the asset has fixed or determinable payments, annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the amortised cost of the asset multiplied by the effective interest rate of interest for the instrument. Where there are no fixed or determinable payments, income is credited to the Comprehensive Income and Expenditure Statement when it becomes receivable by the Council.

Assets are maintained in the Balance Sheet at fair value. Values are based on the following principles:

- Instruments with quoted market prices – the market price
- Other instruments with fixed and determinable payments – discounted cash flow analysis
- Equity shares with no quoted market prices – independent appraisal of company valuations.

Changes in fair value are balanced by an entry in the Available for Sale Financial Instruments Reserve and the gain/loss is recognised in the Surplus/Deficit on Revaluation of Available for Sale Financial Assets line in the Comprehensive Income and Expenditure Statement. The exception is where impairment losses have been incurred – these are debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement, along with any net gain/loss for the asset accumulated in the Reserve.

Where assets are identified as impaired due to a past event indicating that amounts due under the contract will not be made or fair value falls below cost, the asset is written down and a charge made to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. If the asset has fixed or determinable payments, the impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate. Otherwise, the impairment loss is measured as any shortfall of fair value against the acquisition cost of the instrument (net of any principal repayment and amortisation).

Any gains and losses that arise on the de-recognition of the asset are credited/debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement, along with any accumulated gains/losses previously recognised in the Available for Sale Reserve.

Where fair value cannot be measured reliably, the instrument is carried at cost (less any impairment losses).

Financial guarantees entered into before 1 April 2006 are not required to be accounted for as financial instruments. These guarantees are reflected in the Statement of Accounts to the extent that provisions might be required or a contingent liability note is needed under the policies set out in the section on Provisions, Contingent Liabilities and Contingent Assets.

24. Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and carried at their amortised cost. Annual charges to the Comprehensive Income and Expenditure Statement are made for interest payable and are based upon the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the Council has, this means the amount presented in the Balance Sheet is the outstanding principal payable plus any accrued interest. The interest payable for the year according to the loan agreement is charged to the Comprehensive Income and Expenditure Statement. However, any stock issued by the Council is carried at a lower amortised cost than the outstanding principal and interest is charged at a marginally higher effective rate of interest than the rate payable to stockholders as a material amount of costs incurred in its issue is being financed over the life of the stock.

Gains and losses on the repurchase or early settlement of borrowing are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement in the year of repurchase/settlement. However, where repurchase has taken place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium or discount is respectively deducted from or added to the amortised cost of the new or modified loan and the write-down to the Comprehensive Income and Expenditure Statement is spread over the life of the loan by an adjustment to the effective interest rate.

Where premiums and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund Balance to be spread over future years. The Council has a policy of spreading the gain/loss over the term that was remaining on the loan against which the premium was payable or discount receivable when it was repaid. The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

25. Redemption of Debt

The Council sets aside resources each year for the repayment of historical debt. Debt held by the Council is distinguishable into three types of loans:

- (a) **Maturity loans** - where the principal is repaid in full on the date the loan matures and interest is paid every 6 months. The accrued interest is shown as part of the carrying value of the loan on the Balance Sheet.

(b) **Equal Instalment of Principal (EIP) Loans** - where an equal instalment of principal based on the life of the loan is repaid every six months. Interest is paid every six months based on the outstanding balance. The accrued interest is shown as part of the carrying value of the loan on the Balance Sheet.

(c) **LOBO (lender's option, borrower's option) loans** - where the principal is borrowed at a fixed rate of interest for a specified period of time, after which the lender has the option to change the rate of interest and the borrower has the option to continue with the loan at the new rate or repay the principal before maturity without penalty. If the lender does not change the rate, the principal is repaid in full on the date the loan matures. In the interim, interest payments are made every six months. The accrued interest is shown as part of the carrying value of the loan on the Balance Sheet.

In addition to the scheduled repayments the Council will also reschedule or redeem debt early as part of the overall management of the portfolio by utilising the Council's ability to repay and/or replace debt based on prevailing market conditions.

26. Minimum Revenue Provision

The Council has to make an annual provision for the repayment of borrowing. For all borrowing prior to 1 April 2009 and borrowing that receives support via the Revenue Support Grant the Council applies the Capital Financing Requirement concept based upon figures from the balance sheet (4% of outstanding debt). For other borrowing, the Council makes provision for the repayment of debt over the life of the asset to which the borrowing is applied.

27. Collection Fund

Billing authorities in England are required by statute to maintain a separate fund for the collection and distribution of amounts due in respect of council tax and national non-domestic rates (NNDR). The key features relevant to accounting for council tax in the core financial statements are:

- In its capacity as a billing authority the Council acts as agent; it collects and distributes council tax income on behalf of the major preceptors and itself.
- While the council tax income for the year credited to the Collection Fund is the accrued income for the year, regulations determine when it should be released from the Collection Fund and transferred to the General Fund of the billing authority or paid out of the Collection Fund to major preceptors.

As the collection of council tax and NNDR Income is in substance an agency arrangement:

- Cash collected by the billing authority from council tax debtors belongs proportionately to the billing authority and the major preceptors. There will therefore be a debtor/creditor position between the billing authority and each major preceptor to be recognised since the net cash paid to each major preceptor in the year will not be its share of the cash collected from council taxpayers; and
- Cash collected from NNDR taxpayers by billing authorities (net of the cost of collection allowance) belongs to the Government and the amount not yet paid to the Government at the Balance Sheet date shall be included in the Balance Sheet as a creditor; similarly, if cash paid to the Government exceeds the cash collected from NNDR taxpayers (net of the billing authority's cost of collection allowance), the excess shall be included in the Balance Sheet as a debtor.

28. VAT

Income and Expenditure excludes any amounts relating to VAT, as all VAT collected is payable to HM Revenue & Customs. VAT is included in the Income and Expenditure statement whether of a capital or revenue nature only to the extent that it is irrecoverable.

29. Events after the Reporting Period

Events after the reporting period are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events;
- Those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect disclosure is made in the notes of the nature of the events and their estimated financial effect

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

30. Exceptional Items and Prior Year Adjustments

Exceptional items are included in the cost of the service to which they relate or on the face of the Income and Expenditure Statement if required to give a fair presentation of the accounts.

Account is taken of material adjustments applicable to prior years arising from changes in accounting policies or from the correction of fundamental errors by restating the comparative figures for the preceding period. The cumulative effect of prior period adjustments is included within the Comprehensive Income and Expenditure Statement for the current period.

31. Assumptions Made About Future and Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet as at 31 March 2013 for which there is significant risks of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Property, Plant and Equipment	Assets are depreciated over useful lives that are dependant on assumptions about the levels of repairs and maintenance that will be incurred in relation to individual assets.	If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets falls.

Provisions	Provisions are defined as probable future liabilities based on past events and there are therefore inherent uncertainties related to provisions that have been made and the amounts set aside.	If future liabilities exceed the amounts set aside, the additional amounts would have to be met from the Council's revenue account.
Arrears	Provisions have been made for debt owed to the Council for which payment may not be received. However, particularly in the current economic climate, it is not certain that allowances made would be sufficient.	Any deterioration in the collection rates may lead to a larger number of debtors not being able to pay the Council than already provided for. These would have to be written off to reduce the balance of outstanding debt and be charged to the Comprehensive Income and Expenditure Statement.
Pensions Liability	Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates, and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.	The assumptions interact in complex ways. The actuaries review the assumptions triennially and changes are adjusted for in the accounts.

32. Carbon Reduction Commitment (CRC)

The Council is required to participate in the Carbon Reduction Commitment (CRC) Energy Efficiency Scheme. This scheme is currently in its introductory phase which will last until 31 March 2014. The authority is required to purchase and surrender allowances, currently retrospectively, on the basis of emissions i.e. carbon dioxide produced as energy is used. As carbon dioxide is emitted (i.e. as energy is used), a liability and an expense are recognised. The liability will be discharged by surrendering allowances. The liability is measured at the best estimate of the expenditure required to meet the obligation, normally at the current market price of the number of allowances required to meet the liability at the reporting date. The cost to the authority is recognised and reported in the costs of the authority's services and is apportioned to services on the basis of energy consumption.

33. Accounting Standards That Have Been Issued but Have Not Yet Been Adopted

The following accounting policy changes are not yet reflected in the 2012-13 IFRS Code:

- IAS1 Presentation of Financial Statements (other comprehensive income, June 2011 amendments);
- IFRS7 Financial Instruments: Disclosures (offsetting financial assets and liabilities, December 2011 amendments);
- IAS12 Income Taxes (deferred tax: recovery of underlying assets, December 2010 amendments); and
- IAS19 Employee Benefits (June 2011 amendments).

The 2012/13 Code of Practice does not require the amendments to IAS19 Employee Benefits to be applied in 2012/13. The application of the Standard as revised would not have a material impact on the accounts for 2012/13, were it to be applied this year.

Main Financial Statements

The various financial statements that follow are prepared on an accruals basis and follow best practice recommended by the Chartered Institute of Public Finance & Accountancy (CIPFA) and International Financial Reporting Standards (IFRS) as defined by the Code of Practice on Local Authority Accounting in Great Britain. Further details of these requirements are detailed in the Statement of Accounting Policies.

These statements are published in accordance with Regulation 11 of the Accounts and Audit Regulations 2003. They summarise the overall financial position of the Council and in particular include the following:

Comprehensive Income and Expenditure Statement (page 35)

This statement shows the expenditure and the income relating to all the services provided by the Council and how the net cost of these services has been financed by local taxpayers and government grants.

Balance Sheet (page 37)

This sets out the assets and liabilities of the Council as at 31 March 2013, but excludes the assets and liabilities of pension and trust funds.

Movement in Reserves Statement (page 38)

This statement sets out the reserves held by the Council, split into usable and unusable reserves, and shows how they have moved during the year.

Cash Flow Statement (page 40)

This consolidated statement summarises the inflows and outflows of cash and cash equivalents arising from transactions with third parties for revenue and capital purposes. The statement excludes any transactions of the pension and trust funds.

Comprehensive Income and Expenditure Statement

This statement shows the economic cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.

Note	Year Ending 31 March 2013			Year Ending 31 March 2012		
	Expenditure £000's	Income £000's	Net Expenditure £000's	Expenditure £000's	Income £000's	Net Expenditure £000's
EXPENDITURE ON SERVICES

Corporate and Democratic Core	8,237	808	7,429	8,643	702	7,941
Non-Distributed Costs	(6,674)	532	(7,206)	1,148	923	225
COST OF SERVICES	644,600	469,397	175,203	915,663	500,690	414,973
Other Operating Expenditure	2,191	0	2,191	1,691	0	1,691
Net loss on disposal of fixed asset	34,746	0	34,746	2,406	0	2,406
Net Financing and Investment Income and Expenditure	21,679	3,214	18,465	13,311	2,728	10,583
Taxation and Non-Specific Grant Income	0	244,116	(244,116)	0	256,856	(256,856)
Corporate Amount	58,616	247,330	(188,714)	17,408	259,584	(242,176)
(SURPLUS)/DEFICIT ON PROVISION OF SERVICES	703,216	716,727	(13,511)	933,071	760,274	172,797
(Surplus)/Deficit on revaluation of Property, Plant and Equipment assets			(5,182)			417
Actuarial loss on pension assets and liabilities			58,859			67,442
(Surplus) on revaluation of available for sale financial assets			(5)			(20)
TOTAL COMPREHENSIVE INCOME AND EXPENDITURE			40,161			240,636

Loss on disposal on fixed assets: The net loss on disposal of fixed assets is attributable to the transfer of community schools to academy status.

The deficit for 2011/12 of £172,797k included a single payment to Central Government of £191,571k as settlement on the introduction of HRA self-financing regime. This entry was reversed in the Movement in Reserve Statement. The application of the new regime in 2012/13 has contributed towards a surplus through the non-payment of Housing Subsidy.

Movement in General Fund Balance

The Comprehensive Income and Expenditure Statement shows the Council's actual financial performance for the year, measured in terms of the resources consumed and generated over the last 12 months. However the Council is required to raise council tax on a different accounting basis, the main differences being:-

- Capital investment is accounted for as it is financed, rather than when the fixed assets are consumed.
- The payment of a share of housing capital receipts to the Government scores as an expense in the Comprehensive Income and Expenditure Statement, but is met from the Capital Receipts
- Depreciation and Impairment charges are replaced with the Minimum Revenue Provision to provide for the repayment of debt.
- Retirement benefits are charged as amounts become payable to pension funds and pensioners rather than as future benefits are earned.

The General Fund Balance compares the Council's spending against the council tax that it raised for the year, taking into account the use of reserves built up in the past and contributions to reserves earmarked for future expenditure.

The reconciliation below summarises the differences between the outturn on the Comprehensive Income and Expenditure Statement and the General Fund Balance. Further details are provided in note 1 on page 41.

	Notes	2012/13 £000's	2011/12 £000's
(Surplus)/Deficit for the year on the Comprehensive Income and Expenditure Statement		(13,511)	172,797
Net additional amount required by statute or non-statutory proper practices to be credited to the General Fund balance for the year (Page 43).	1	5,846	(175,820)
Increase in General Fund balance for the year		(7,665)	(3,023)
General Fund balance brought forward		(40,052)	(37,029)
General Fund balance carried forward		(47,717)	(40,052)
Comprising			
General Fund Balance held by schools	2	(14,950)	(16,332)
General Fund Balance generally available for new expenditure	2	(32,767)	(23,720)
		(47,717)	(40,052)

The Net Cost of Services reported in the Comprehensive Income and Expenditure Statement and the Movement in General Fund Balance differ from those reported internally for resource allocation decisions. Note 28 provides a reconciliation between amounts reported internally to management and those reported in the accounting statements.

Balance Sheet

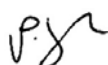

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council.

Reserves are reported in two categories:

The first category of reserves are usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve may only be used to fund capital expenditure or repay debt).

The second category of reserves are those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets were sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

		At 31st March 2013 £000's	At 31st March 2012 £000's

26 September 2013

Movement in Reserves Statement

This statement shows movement in the year on different reserves held by the authority, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other reserves. The Surplus or (Deficit) on the Provision of Services line shows the true economic cost of providing the authority's services, details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the General Fund Balance and the Housing Revenue Account for council tax setting and dwellings rent setting purposes. The Net Increase /Decrease before Transfers to Earmarked Reserves line shows the statutory General Fund Balance and Housing Revenue Account Balance before any discretionary transfers to or from earmarked reserves are undertaken by the Council.

	Notes	General Fund Balance £000's	Schools Reserves £000's	Earmarked Reserves £000's	Housing Revenue Account £000's	Major Repairs Reserve £000's	Capital Grants Unapplied Reserve £000's	Capital Receipts Reserve £000's	Total Usable Reserves £000's	Unusable Reserves £000's	Total Authority Reserves £000's

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the authority during the reporting period. The statement shows how the authority generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the authority are funded by way of taxation and grant income or from the recipients of services provided by the authority. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the authority's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the authority.

	Note	2012/13 £000's	2011/12 £000's
Net (surplus)/deficit on the provision of services	24	(13,511)	172,797
Adjust net surplus on the provision of services for non cash movements	24	(55,928)	(39,279)
Adjust for items in the net deficit on the provision of services that are investing or financing activities.	24	33,023	40,888
Net cash flows from operating activities	24	(36,416)	174,406
Net cash flows from investing activities	25	656	31,396
Net cash flows from financing activities	26	17,967	(217,069)
(Increase) in cash and cash equivalents		(17,793)	(11,267)
Cash and cash equivalents at the beginning of the reporting period		(54,179)	(42,912)
Cash and cash equivalents at the end of the reporting period		(71,972)	(54,179)

Notes to Main Financial Statements

1. ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments that are made to the total Comprehensive Income and Expenditure recognised by the Authority in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Authority to meet future capital and revenue expenditure.

2012/13	General Fund Balance £000's	Earmarked GF Reserves £000's	Housing Revenue Account £000's	Capital Grants Unapplied Reserve £000's	Capital Receipts Reserve £000's	Major Repairs Reserve £000's	Unusable Reserves £000's

Specific Reserves

Schools delegated funds - Schools are able to carry forward unspent balances of delegated budgets. These balances are committed to be spent by the schools concerned and are not available to the Council for general use.

Abbotsfield School - Funds set aside for urgent building works.

Backdated Council Tax Benefit - Funds set aside for Backdated Council Tax Benefit Awards

Capital Investment Pump Priming - Pump Priming for St. Andrews Site

Children Services Reserves - Grant income set aside to fund future expenditure relating to Children Services.

Elections - Council elections occur every four years. An amount is set aside each year from the Council's budget to meet the cost of elections.

Environmental Waste - Funds set aside for Capital Development at New Years Green Lane and WLWA

Grant Funded Reserves - Various grant income received in year set aside to fund future expenditure.

Highways Management - Funds set aside for maintenance and improvement of Highways management.

Housing - Funds set aside towards maintenance and development of housing stock.

HS2 Contingency - Funds set aside for HS2 impact.

Insurance Provision - Funds set aside to cover future insurance liabilities including part of previous provision for Municipal Mutual Insurance (MMI).

Leisure Facilities Reserve - Surplus from outsourcing set aside for reinvestment in the service.

Libraries Reserve - Surplus from Libraries are set aside for reinvestment in the service.

Miscellaneous - Funds set aside to cover various planned future expenditure.

Music Bursary Fund - Resources to be used in the review of the music service.

Ward Budget Initiative - Funds set aside to finance ward specific projects.

Workforce Restructure - Earmarked Reserve for Council Transformation Programme.

HRA - Grant income set aside to fund future expenditure relating to the Housing Revenue Account and building improvements

Additionally, PFI assets with a gross book value of £6,052k and accumulated depreciation of £3,376k are included in other Land & Buildings.

Notes to Main Financial Statements

7. VALUATION OF LONG TERM ASSETS CARRIED AT CURRENT VALUE

The freehold and leasehold properties which comprise the Council's property portfolio have been valued as at 1 April 2012 by the Estate and Valuation service of the council. Revaluations are made on a rolling five year period. The only external valuation included is of Council dwellings which were revalued as at 1 April 2010 by King Sturge. A valuation certificate has been given by the estates manager that the properties have been valued in accordance with the appraisal and valuation manual of the Royal Institution of Chartered Surveyors, and with guidance notes issued by the Chartered Institute of Public Finance and Accountancy. Property inspections, in accordance with the rolling valuation programme, were carried out between April 2012 and March 2013. Full details of the basis of valuation for each asset category is provided in the statement of accounting policies (page 16).

8. REVALUATION LOSSES/GAINS RECOGNISED IN CI&E STATEMENT

During 2012/13, the Council has recognised total revaluation losses of £51,785k (£12,831k in 2011/12), which were fully charged to the relevant service lines in the Comprehensive Income and Expenditure Statement. Of this, £44,762k represents the value of schools written out of the Council's balance sheet on transferring to academy status. The Council recognised valuation gains of £18,260k representing the reversal of previously recognised losses. These entries were then reversed through the Movement in Reserves Statement to mitigate any impact on General Fund and Housing Revenue Account Balances.

9. COMMITMENTS UNDER CAPITAL CONTRACTS

At 31 March 2013, the Council has entered into a number of contracts for the construction or enhancement of Property, Plant and Equipment in 2012/13 and future years budgeted to cost £14,917k. Similar commitments at 31 March 2012 were £20,291k. The major commitments occur:

Year	31 March 2013 £000's	31 March 2012 £000's
2012/13	0	19,718
2013/14	14,344	573
2014/15	573	0
	14,917	20,291

Capital commitments at 31 March 2013 include £9,857k school expansions, £2,015k new vehicles and £3,045k for other capital projects.

Notes to Main Financial Statements

10. INVESTMENT PROPERTIES

The following items of Income and Expense have been accounted for in the Comprehensive Income and Expenditure Statement:

	2012/13 £000's	2011/12 £000's
Rental income from investment property	(449)	(449)
Direct operating expenses arising from investment property	66	88
Net gain	(383)	(361)

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment properties.

The following table summarises the movement in the fair value of investment properties over the year.

	2012/13 £000's	2011/12 £000's
Opening Balance	5,722	5,725
Net gains from fair value adjustments	206	454
Transfers:		
- to Property, Plant and Equipment	(122)	(457)
Closing Balance	5,806	5,722

11. INTANGIBLE ASSETS

The Council accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant and Equipment. The intangible assets are all purchased software licences as opposed to internally generated software.

All software is given a finite useful life, based on assessments of the period that the software is expected to be of use to the Council. The current useful lives assigned to all software is 5 years.

The carrying amount of intangible assets is amortised on a straight-line basis, to the following service headings:

	2012/13 £000's	2011/12 £000's
Service		
Central Services to the Public	93	93
Cultural, Environment and Planning	184	189
Adult Social Care	2	22
Total	279	304

The movement on Intangible Asset balances during the year is as follows:

	2012/13 £000's	2011/12 £000's
Software		
Gross carrying amounts	2,494	2,456
Accumulated amortisation	(1,782)	(1,478)
Net carrying amount at the start of the year	712	978
Purchases	137	38
Amortisation for the period	(279)	(304)
Net carrying amount at end of year	570	712
Comprising		
Gross carrying amounts	2,631	2,494
Accumulated amortisation	(2,061)	(1,782)
Total	570	712

Notes to Main Financial Statements

FAIR VALUES OF ASSETS AND LIABILITIES

Financial liabilities, financial assets represented by loans, receivables, long-term debtors and creditors are carried in the Balance Sheet at amortised cost. Fair value is defined as the amount for which an asset could be exchanged or a liability settled, assuming the transaction were negotiated between parties knowledgeable about the market in which they are dealing and willing to buy/sell at an appropriate price, with no other motive in their negotiations other than to secure a fair price. The fair value of a financial instrument on initial recognition is generally the transaction price.

The fair value of an instrument is determined by calculating the Net Present Value of future cashflows that are scheduled to take place over the remaining life of the instrument. This provides an estimate of the value of payments in the future in today's terms.

FAIR VALUE OF LIABILITIES CARRIED AT AMORTISED COST

	31 March 2013		31 March 2012	
	Carrying amount	Fair value	Carrying amount	Fair value
	£000's	£000's	£000's	£000's
PWLB (Maturity Fixed)	147,530	151,454	150,567	146,356
PWLB (Maturity Variable)	40,002	39,864	40,003	39,825
PWLB (EIP Fixed)	98,035	97,378	103,838	97,975
PWLB (EIP Variable)	10,503	10,470	12,004	11,956
Market	48,616	68,165	48,621	68,033
Total Financial Liabilities	344,686	367,331	355,033	364,145
Trade Payables	58,230	58,230	61,626	61,626

The fair value of the liabilities is higher than the carrying amount because the Council's debt portfolio includes a number of loans where the interest rate payable is higher than the prevailing rates at the Balance Sheet date. This shows a notional future loss (based on economic conditions at 31 March 2013) arising from a commitment to pay interest to lenders above current market rates.

Financial Liabilities 2012/13

- Public Works Loan Board (PWLB)

The rate at which new borrowing could be undertaken has been used as the discount factor for all PWLB borrowing. This approach has been applied to maintain consistency with discount factor proxies used for other types of fair value calculations. The new borrowing rate is used to calculate the notional interest gain/loss that will accrue if the council keeps the loan until maturity.

- Market

Requests were made directly for market loan fair values, however this information is not available in all cases, hence a consistent methodology was applied to all market loans. The fair values of long-term "Lender's Option Borrower's Option" (LOBO) loans have been calculated by discounting the contractual cash flows over the whole life of the instrument at the appropriate interest rate SWAP rate and adding the value of the embedded options. The Lender's options to propose an increase to the interest rate on the loan have been valued according to Bloomberg's proprietary model for Bermudan cancellable swaps. The Borrower's contingent options to accept the increased rate or repay the loan have been valued at zero, on the assumption that lenders will only exercise their options when market rates have risen above the contractual loan rate.

- Trade Payables

The fair value of trade payables is taken to be the invoiced or billed amount.

Notes to Main Financial Statements

Financial Assets 2012/13

The Council's current portfolio of investments may include instruments where the calculation of fair value replicates the carrying amount on the balance sheet.

To ascertain fair values, financial assets have been divided into five categories:

- Maturities within 12 months

Following IFRS Code of Practice guidance for instruments that mature within 12 months (short term) the carrying amount is assumed to approximate fair value.

- Impaired Investments

When assessing an impairment, identifying or estimating the recoverable amount or fair value is fundamental. Impairments have been calculated with reference to CIPFA guidance (LAAP Bulletin 82 updates). By applying this to the amortised value of the investment the resulting balance is assumed to be the fair value.

- Available for Sale investments

Available for sale assets and liabilities are carried in the Balance Sheet at their fair value. These fair values are based on public price quotations where there is an active market for the instrument.

- Long Term Investments

The fair value is normally calculated based on an equivalent SWAP rate, however as at 31 March 2013 the Council did not hold any long term investments other than those disclosed under impaired investments and available for sale investments.

- Trade Receivables

The fair value of trade receivables is taken to be the invoiced or billed amount.

FAIR VALUE OF ASSETS CARRIED AT AMORTISED COST

	31 March 2013		31 March 2012	
	Carrying amount	Fair value	Carrying amount	Fair value
	£'000s	£'000s	£000's	£000's

Available for Sale	106	106	102	102
Financial Assets	91,029	91,029	76,598	76,598
Trade Receivables	8,689	8,689	12,138	12,138

Notes to Main Financial Statements

ICELANDIC IMPAIRMENTS

At the commencement of 2012/13 the Council had a balance of unpaid deposits with Heritable Bank of £4,750k and Landsbanki Islands of £3,536k. During the year dividends were received from the administrators of Heritable Bank totalling £1,412k representing 9.36% of the claim and dividends were received from Landsbanki Islands totalling £909k representing 18.02% of the claim. In addition, 6,962k of Icelandic Krona (ISK) is being held in an Icelandic escrow account. As there are currently controls on the distribution of ISK, the funds will remain in this account until the winding up board has obtained permission from the Central Bank of Iceland (CBI) to pay the money to Creditors.

In 2010/11 the Council made a charge to the Comprehensive Income and Expenditure Account representing an estimated final impairment of £2,500k based on recovery rates published by CIPFA (LAAP 82 bulletin update). In August 2013 however, the Council received a further dividend from Heritable of £2.5m which exceeded previous estimates. This event necessitated a post balance sheet impairment reversal leaving a £0.9m impairment against Heritable Bank. A revised recovery rate of 100% has been issued for Landsbanki but the Council still considers it prudent to leave a £0.25m impairment at the present time due to economic uncertainties within the Eurozone, foreign currency exchange rates risk and fluctuating asset values.

Impairments are calculated using a discounted cash flow calculation with interest credited back each year until the relevant banks' books are closed. In accordance with accounting policies £203k of notional interest was credited to the Comprehensive Income and Expenditure Statement during 2012/13.

HERITABLE BANK

Heritable Bank is a UK registered bank under Scottish law. The company was placed in administration on 7 October 2008. To date, dividends received total £11,662k which represents 77.28% of the claim value. The remaining dividends are to be received during 2013/14.

LANDSBANKI

Landsbanki Islands hf is an Icelandic entity. Following steps taken by the Icelandic Government in early October 2008 its domestic assets and liabilities were transferred to a new bank (New Landsbanki) with the management of the affairs of Old Landsbanki being placed in the hands of a resolution committee. Old Landsbanki's affairs are being administered under Icelandic law.

In 2011 The Icelandic Supreme Court awarded priority status for local authority deposits. Following that decision the Winding Up Board of Landsbanki have made dividend payments totalling £2,373k which represents 47.06% of the claim value. The future pattern of distributions by the Landsbanki Winding Up Board is not known, but regular payments are expected with the final dividend being made in 2018.

	(69,698)	(84,108)

17.LONG TERM CREDITORS

Long Term Creditors consist of balances held under Section 106 and 278 Agreements and deposits which would become repayable after more than 1 year. These amount to £3,897k at 31 March 2013 (£3,802k at 31 March 2012).

18. CASH AND CASH EQUIVALENTS

The balance of cash and cash equivalents is made up of the following elements:

	2013 £000's	2012 £000's
Cash held by the Council	15,968	19,471
Instant Access Accounts	56,004	34,708
Total Cash and Cash Equivalents	71,972	54,179

19. ASSETS HELD FOR SALE

At 31 March 2013 the Council held £14,209k of non-current assets which were available for immediate disposal and being actively marketed. It is expected that the carrying value of these assets will be recovered through proceeds of sale rather than through continuing use.

	Current	
	At 31 March 2013 £000's	At 31 March 2012 £000's

Other movements	145	2
	11,539	12,966

Notes to Main Financial Statements

20. HERITAGE ASSETS

At 31 March 2013 the Council held Civic Regalia and a statue 'Anticipation' that were insured for £501k. As neither a current market valuation, nor a replacement cost are available, this insurance value has been used as the basis for valuation and is included under Vehicle, Plant and Equipment within Fixed Assets. In addition the Council holds an 18th Century stable block within the grounds of Cranford Park alongside a collection of antique farm equipment. These are insured through the Council's general insurance scheme but do not hold specific valuations, are non-realizable and therefore are not included on the Council's balance sheet.

Other Provisions	110	11	(216)	0	315
Total Provisions	7,380	2,608	(1,986)	(2,371)	9,129

All provisions have been classified as long-term, as there is no certainty as to when any of the claims or costs will be incurred.

Insurance

The Council has external insurance and liability indemnity to protect against major risks associated with items such as buildings and motor vehicles. The excess levels are as follows:

1. Property - £100k for combined risks
2. Liability - £250k
3. Motor Vehicles - £100k

The Council self funds claims which fall under the excess thresholds. The insurance fund provision is to provide for outstanding claims against the Council as at 31 March 2013.

Housing Repairs Claim

Outstanding legal claim relating to Housing Repairs Contracts.

Notes to Main Financial Statements

21. PROVISIONS (Continued)

Municipal Mutual Insurance (MMI)

MMI ceased trading in 1992 and have been only dealing with claims relating to their period of trading since that time, using existing reserves to pay for claims with the hope of achieving a solvent run off. In November 2012, it was deemed that this would not be possible and MMI went to the Scheme Administrator, Ernst & Young, to determine the likely outstanding liability for Incurred But Not Reported (IBNR) claims and to then impose a levy on Scheme Creditors to ensure sufficient funds to cover this. The provision of £2.429m made at the end of 2011/12 was to cover 100% of the previous claims incurred and in light of information received in April 2013, that indicated the initial payment on the levy will be 15% of all known claims since 1992; this provision is now being reduced. As the likely final levy is still uncertain at this stage, the provision has been reduced to reflect the best estimate of future claims and will be monitored as more information becomes available.

CRC Allowance Purchase

The 2012/13 financial year was the second year for which there is an obligation to purchase and surrender Carbon Reduction Commitment (CRC) Allowances in relation to carbon dioxide emissions. The retrospective purchase of allowances is anticipated to take place from 1 June 2013. The Council will then be required to surrender allowances to the scheme by the last working day in July 2013 in proportion to their reported emissions for the preceding scheme year.

Housing Benefits Subsidy Claim

In previous years, a provision has been made to cover any liability to the Council arising from the Housing Benefit Subsidy claim failing to pass the audit process, as the DWP are entitled to withhold a proportion of the final claim amount should this occur. As a result of successful audits of claims over the past few years, it has been decided that this no longer meets the definition of a provision and a lesser amount has been set aside in a reserve.

Section 117 Mental Health Act

A provision has been made to accommodate possible contribution payment claims by clients who were sectioned under the S117 of the Mental Health Act. This provision has been reduced reflecting the increasingly historic nature if these potential claims.

Dilapidation Provision

The Council is contractually obliged to fund dilapidation costs on a number of leased properties. This includes a number of homes leased for use as temporary accommodation, the Council's liability has been increased by £416k this year. The Remaining provision of £639k relates to a number of commercial properties, upon which works are expected to be carried out during 2013/14.

Fusion Leisure Contract

Provision was previously made for likely compensation to the contracted operator of Hillingdon Sports & Leisure Centre (Fusion Lifestyle) for the provision of free parking in the centre's car park since its opening in March 2010. Under the contractual arrangements agreed with Fusion (the 'Best And Final Offer' (BAFO)), Fusion expected to earn £198k per annum from receipts from parking at the centre. The Council's imposition of free parking in the centre car park therefore created a reasonable expectation that this amount would be reimbursed to Fusion. However, the Council has reached agreement with Fusion over the car parking arrangement at the centre, with car parking charges introduced from September 2012 and the Council providing a 75% share of this income to Fusion, with no backdated compensation required. Hence the previous provision is no longer required.

Repossessed Properties

Properties that are repossessed where former owners have failed to adhere to the terms of lease, can be subject to claims for the original deposit paid and a share in the rise of value of the property. A provision has been made until the Council is satisfied that, in accordance to statute, former owners have no share in sale proceeds.

Other Provisions

These typically include Personal Searches, Building Control Fees and Social Care Provisions.

22. USABLE RESERVES

Movements in the Council's usable reserves are detailed in the Movement in Reserves Statement and in notes 1 and 2.

23. UNUSABLE RESERVES

These are reserves which do not relate directly to in-year Income and Expenditure and are thus classed as 'Unusable' under the Code.

	2012/13 £000's	2011/12 £000's

Available for Sale Financial Instruments Reserve	46	41
Total	396,475	462,319

Notes to Main Financial Statements

CAPITAL ADJUSTMENT ACCOUNT

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Council.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, being the date that the Revaluation Reserve was created to hold such gains.

	2012/13		2011/12	
	£000's	£000's	£000's	£000's
Balance at 1 April		723,483		917,354
Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:				
- Charges for depreciation and impairment of non-current assets	(18,494)		(17,380)	
- Revaluation gains/(losses) on Property, Plant and Equipment	10,882		(10,641)	
- HRA depreciation (greater than MRA 2011/12)	(9,002)		(547)	
- Amortisation of intangible assets	(279)		(304)	
- Revenue expenditure funded from capital under statute	(6,785)		(7,181)	
- Amounts of non-current assets written off on disposal or sale as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	(46,719)	(70,397)	(5,588)	(41,641)
-HRA settlement debt		10,251		(191,571)
Adjusting amounts written out of the Revaluation Reserve		3,272		1,209

Balance at 31 March		713,540		723,483

Notes to Main Financial Statements

FINANCIAL INSTRUMENT ADJUSTMENT ACCOUNT

The Financial Instrument Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains in accordance with statutory provisions. The Council uses the Account to manage premiums paid on the early redemption of loans. Premiums are debited to the Comprehensive Income and Expenditure Statement when they are incurred, but reversed out of the General Fund Balance to the Account in the Movement in Reserves Statement. Over time, the expense is posted back to the General Fund Balance in accordance with statutory arrangements for spreading the burden on council tax. In the Authority's case, this period is the unexpired term that was outstanding on the loans when they were redeemed.

	2012/13 £000's	2011/12 £000's
Balance at 1 April	(379)	(392)
Premiums incurred in the year and charged to the Comprehensive Income and Expenditure Statement	0	0
Proportion of premiums incurred in previous financial years to be charged against the General Fund Balance in accordance with statutory requirements	98	99
Discounts incurred in the year and charged to the Comprehensive Income and Expenditure Statement	0	0
Proportion of discounts incurred in previous financial years to be charged against the General Fund Balance in accordance with statutory requirements	(86)	(86)
Balance at 31 March	(367)	(379)

COLLECTION FUND ADJUSTMENT ACCOUNT

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax income in the Comprehensive Income and Expenditure Statement as it falls due from council tax payers compared with the statutory arrangements for paying amounts across to the General Fund from the Collection Fund.

The Collection Fund balance at 1 April 2012 had a surplus of £2,112k. An in-year surplus of £741k resulted in a remaining deficit balance at 31 March 2013 of £2,853k, which has been split on the basis that surpluses and deficits are shared with the Greater London Authority (70.8% to Hillingdon, 29.2% to GLA).

	At 31 March 2013 £000's	At 31 March 2012 £000's
Balance at 1 April	2,112	581
Amount by which council tax income credited to the Comprehensive Income and Expenditure Statement is different from the council tax income calculated for the year in accordance with statutory requirements	741	1,531
Balance at 31 March	2,853	2,112
(Creditor) in respect of GLA share	(834)	(554)
	2,019	1,558

Notes to Main Financial Statements

REVALUATION RESERVE

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment (and Intangible Assets). The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed and the gains are realised

The Reserve contains only revaluations gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

	2012/13		2011/12	
	£000's	£000's	£000's	£000's

Balance at 31 March		59,624		57,458

Notes to Main Financial Statements

PENSIONS RESERVE

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet these costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pays any pension for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

	2012/13 £000's	2011/12 £000's
Balance at 1 April	(313,199)	(248,446)
Actuarial (losses) or gains on pensions assets and liabilities	(58,859)	(67,442)
Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	(22,410)	(19,325)
Employer's pension contributions and direct payments to pensioners payable in the year	21,206	22,014
Balance at 31 March	(373,262)	(313,199)

ACCUMULATED ABSENCES ACCOUNT

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

	2012/13 £000's	2011/12 £000's
Balance at 1 April	(7,197)	(7,776)
Settlement or cancellation of accrual made at the end of the preceding year	7,197	7,776

Balance at 31 March	(5,959)	(7,197)

Notes to Main Financial Statements

AVAILABLE FOR SALE FINANCIAL INSTRUMENTS RESERVE

The Available for Sale Financial Instruments Reserve contains the gains made by the Authority arising from increases in the value of its investments that have quoted market prices or otherwise do not have fixed or determinable payments. The value has increased due to upward valuations of the financial assets.

	2012/13 £000's	2011/12 £000's
Balance as at 1 April	41	21
Change in Fair Value in year	5	20
Balance as at 31 March	46	41

Notes to Main Financial Statements

27. AMOUNTS REPORTED FOR RESOURCE ALLOCATION DECISIONS

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the Service Reporting Code of Practice (SERCOP). However, decisions about resource allocation are taken by the Council on the basis of budget reports analysed across directorates. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- No charges are made in relation to capital expenditure (whereas depreciation, revaluation and impairment losses in excess of the balance on the Revaluation Reserve and amortisations are charged to services in the Comprehensive Income and Expenditure Statement).
- the cost of retirement benefits is based on cash flows (payment of employer's pension contributions) rather than current service cost of benefits accrued in year

This note details a reconciliation between service income and expenditure as reported by Hillingdon Council's internal management structure and the Service Reporting structure.

SERVICE INFORMATION 2012/13 RECORDED IN OUTTURN REPORT

Notes to Main Financial Statements

28. EXTERNAL AUDIT COSTS

The Council has incurred the following costs in relation to audit of the Statement of Accounts, certification of grant claims and statutory inspections provided by the Council's external auditors:

	2012/13 £000's	2011/12 £000's
Fees payable in regard to external audit services carried out by the appointed auditor	207	348
Fees payable for the certification of grant claims and returns	208	185
Total External Audit costs	415	533

Non Audit Fees - The Council incurred £349k of costs during 2012/13 from Deloitte Real Estate (formerly Drivers Jonas Deloitte), a division forming part of Deloitte LLP, the Council's external auditors. This was in respect of project management, employers agent, quantity surveying and design monitoring services associated with the Council's Primary School Capital Programme.

29. AGENCY SERVICES

The Council provided agency services through the Heathrow Health Control Unit up to 1 August 2012 to the Health Protection Agency (HPA), at which point delivery of the service was transferred to the HPA. The cost of this service in 2012/13 was £548k (£1,799k in 2011/12) which was fully reimbursable.

30. MEMBER ALLOWANCES

The Council paid the following amounts to members during the year.

	2012/13 £000's	2011/12 £000's
Salaries & Allowances	1,540	1,542
Expenses	0	1
Total	1,540	1,543

31. POOLED BUDGETS

A section 75 agreement is in operation between London Borough of Hillingdon and Hillingdon Primary Care Trust in respect of Learning Disability Services and was effective from 1st April 2008. This is not operating as a Pooled Budget in that it clearly identifies the financial liabilities of the two partners on an individual client basis. The object of the agreement is to enable the effective commissioning of services for this client group thereby providing a seamless service to the individual. For 2012-13 this service provided support to approximately 610 clients at a gross cost of £34,335k which included approximately 27 PCT clients for which the council received £3,805k.

A further section 75 agreement is in operation between London Borough of Hillingdon (LBH) and Hillingdon Primary Care Trust (HPCT) in respect of Community Equipment Services. This is a new S75 agreement which started on 1st April 2010. This is operating as a Pooled Budget with LBH and HPCT sharing the cost of the service 50:50. The service is to provide community equipment to assist residents with daily living tasks. The value of the Pooled Budget in 2012-13 was £1,242k and each party funded £621k.

Notes to Main Financial Statements

32. RELATED PARTY TRANSACTIONS

The Council is required to disclose any material transactions with related parties - bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

Central Government

Central government has effective control over the general operations of the Council - it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from government departments are set out in Note 36.

London Housing Consortium

The Council, in partnership with other councils and housing associations, participates in the London Housing Consortium (LHC). The LHC provides specialist architectural services and bulk procurement arrangements for the public sector.

West London Waste Authority

West London Waste Authority is a statutory waste disposal authority created in 1986 by the London Borough of Hillingdon and five other London Boroughs. It is primarily funded by a levy paid by each of the six participating councils. The amount contributed for 2012/13 is included under the heading Precepts and Levies below.

The Pension Fund

The London Borough of Hillingdon pension fund is considered a related party. The employer's contribution to the pension fund in 2012/13 was £18,890k (£19,812k 2011/12). A precept of £339k was paid to the London Pension Fund Authority in 2012/13.

Members and Chief Officers

Members of the Council have direct control over the Council's financial and operating policies. The total of members' allowances paid in 2012/13 is shown in Note 30.

This note concerns the disclosure of additional information on transactions between the Council and its related parties. The purpose of the note is to demonstrate fairness and openness in the accounts. All councillors and relevant officers are required to complete declarations to meet the requirements of IAS 24 - Transactions with Related Parties. Disclosures of Interest have been made in respect of the following organisations, the payment amount will not necessarily be just in respect of grants but will be a total of transactions between the Council and the organisation during the year. There were no material outstanding balances at year end.

Organisation	Name	Payment
CENTRAL & NORTH WEST LONDON NHS FOUNDATION TRUST	Councillor Peter Kemp	£542,037
HILLINGDON CARERS	Councillor Judith Cooper	£468,624
HILLINGDON & EALING CITIZENS ADVICE	Councillor Elizabeth Melvin	£397,303
HILLINGDON & EALING CITIZENS ADVICE	Councillor George Cooper	£397,303
GROUNDWORK THAMES VALLEY LTD	Councillor George Cooper	£335,664
HILLINGDON MIND	Councillor Mary O'Conner	£279,287
HILLINGDON MIND	Councillor Peter Kemp	£279,287
HILLINGDON ASSOCIATION OF VOLUNTARY SERVICES	Councillor Judith Cooper	£86,768
HILLINGDON ASSOCIATION OF VOLUNTARY SERVICES	Councillor John Major	£86,768
RUISLIP/NORTHWOOD OLD FOLKS ASSOCIATION	Councillor Catherine Dann	£79,600
HILLINGDON AIDS RESPONSE TRUST	Councillor Peter Curling	£47,000
HILLINGDON CROSSROADS	Councillor John Major	£34,537
HILLINGDON COMMUNITY TRUST	Councillor Douglas Mills	£13,222

Precepts/Levies

In 2012/13 the following precepts and levies are considered related party transactions:

Greater London Authority Precept	£30,793k
Greater London Authority Crossrail	£12,714k
West London Waste Authority Levy	£8,484k
Lee Valley Regional Park Authority	£288k
Environment Agency	£196k

Notes to Main Financial Statements

33. OFFICER EMOLUMENTS

The number of employees in 2012/13 whose remuneration, excluding pension contributions, was £50k or more, are detailed below in bands of £5k. The bandings only include the remuneration of senior employees that have not been disclosed in the senior officer emoluments note. The number of employees included in the totals that exceeded the £50k threshold due to lump sum termination payments are indicated in brackets. These employees left the employment of the Council during the financial year.

Disclosure of Remuneration for Senior Employees (Schools):-

The 2 school employees detailed in the above table earning over £100,000 during 2012/13 are listed below.

Job Title	Pensionable Pay 2012/13	Pensionable Pay 2011/12
Headteacher - Harlington Community School	£103,353	£102,475
Headteacher - Brookside	£106,225	£117,396

In the 2011/12 Statement of Accounts an additional headteacher earning over £100k was disclosed. The school of this headteacher has subsequently acquired Academy status and thus is not included in the Council's financial statements.

Notes to Main Financial Statements

Disclosure of Remuneration for Senior Employees (LBH):-

The following disclosure sets out remuneration for staff included in tiers 1 and 2 of the Council's management structure for 2012/13

Group	Job Title		2012/13				
			Pensionable Pay	Expenses	Compensation	EER's pension Contributions	Total
CE	Chief Executive (F Beasley)		£170,665	£14	£0	£34,301	£204,980

Notes to Main Financial Statements

34. EXIT PACKAGES

The number of Exit packages that have been agreed by the Council during the year are listed below. These packages include redundancy costs, pension contributions in terms of added years remuneration, ex gratia payments and other departure costs. The Council does not award added years pension contributions but Pension Strain is incurred where a pension is taken early without actuarial reduction.

LBH EMPLOYEES						
Remuneration Band	2012/13 Total	Statutory Redundancy Payment	Discretionary Redundancy Payment	Compensation Payment	Total Payment to Employees	Pension Strain Costs

35. DEDICATED SCHOOLS GRANT

The Dedicated Schools Grant has been credited to Education and Children's Services in the Comprehensive Income and Expenditure Statement.

The Council's expenditure on schools is funded by grant monies provided by the Department for Education through the Dedicated Schools Grant (DSG). DSG is ring-fenced and can only be applied to meet expenditure properly included in the Schools Budgets as defined in the schools Finance (England) Regulations 2011. The Schools Budget includes elements for a restricted range of services provided on a council-wide basis and for the Individual Schools Budget (ISB), which is divided into a budget share for each maintained school.

Details of the deployment of the DSG receivable for 2012/13 are as follows:

Schools Budget Funded by Dedicated Schools Grant			
	Central Expenditure £000's	Individual Schools Budget £000's	Total £000's
Final DSG for 2012/13 before Academy Recoupment			220,302
Academy figure recouped for 2012/13			(72,089)
Total DSG after Academy recoupment for 2012/13			148,213
Brought Forward from 2011/12			226
Carry-forward to 2013/14 agreed in advance			(226)
Agreed initial budgeted distribution in 2012/13	21,791	126,422	148,213
In year adjustments	1,400	(1,400)	0
Final budgeted distribution for 2012/13	23,191	125,022	148,213
Less Actual central expenditure	22,708		22,708
Less Actual ISB deployed to schools		125,022	125,022
Plus Local authority contribution for 2012/13	0	0	0
Carry-forward to 2013/14	483	0	483

Notes to Main Financial Statements

36. GRANT INCOME

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement:

	2012/13 £000's	2011/12 £000's
Revenue Grant Income Credited to Taxation and Non Specific Grant Income		
Revenue Support Grant	1,531	20,277
Preventing Homelessness	768	0
Early Intervention Grant	11,943	10,904
Council Tax Freeze Grant	2,789	2,758
Learning Disability & Health Reform Grant	5,937	5,781
Housing & Council Tax Benefit Subsidy Admin Grant	2,265	2,418
New Homes Bonus	2,969	1,849
Other Grants	681	3,247
Total Non Specific Revenue Grants	28,883	47,234
Revenue Grant Income Credited to Services		
<u>Department for Education</u>		
Dedicated Schools Grant (DSG)	148,213	177,205
Pupil Premium	4,232	3,157
Schools standards fund	0	2,593
<u>Department for Communities and Local Government:</u>		
Troubled Families Grant	634	0
NNDR cost of collection	602	596
<u>Department for Work and Pensions:</u>		
Housing & Council Tax Benefit Subsidy	169,030	162,264
<u>Home Office:</u>		
Adult asylum seekers	5,952	6,259
Other grants	27,252	31,789
Total Grants Credited to Services	355,915	383,863
Total Revenue Grant Income	384,798	431,097

Notes to Main Financial Statements

Capital Grant Income credited to the Comprehensive Income and Expenditure Statement

	2012/13 £000's	2011/12 £000's
Disabled Facilities Grant	1,763	1,698
Sports England Grant	0	100
Education Funding Agency (2011/12 Standards Fund)	19,846	26,337
Transport for London	2,098	3,786
West London Housing Grant	132	872
HRA Pipeline Grant	0	2,317
Outer London Fund	450	93
DH Community Capacity	532	521
London Waste & Recycling Board Grant	0	119
Energy Efficiency Grant	0	174
Schools Capital Contributions	1,622	377
S106 Contributions	2,492	3,501
Other Capital Contributions	88	469
Total Capital Grants and Contributions Received	29,023	40,364

Capital Grant Income amounting to £22,599k (£35,467k in 2011/12) is included within Taxation and Non-Specific Grant Income in the Comprehensive Income and Expenditure Statement. The remaining £6,424k (£4,897k in 2011/12) was used to fund Revenue Expenditure Funded from Capital Under Statute (REFCUS) included within Net Cost of Services in the Comprehensive Income and Expenditure Statement.

The Council has received a number of grants and contributions that have yet to be recognised as income as they have conditions attached to them that will require the monies or property to be returned to the awarding body should condition for use fail to be met. Revenue grants with these conditions are included within Creditors under the amounts owed to Government Departments. The balances for Capital grants at the year-end are as follows:

Capital Grant & Contribution Receipts in Advance

	2012/13 £000's	2011/12 £000's
DFE Capital Grants	0	1,207
EFA Capital Grants	749	0
West London Housing Grant	0	120
HRA Pipeline Grant	301	0
Waste Grant	370	0
S106	13,458	14,284
Other	102	46
Total Grants Received in Advance	14,980	15,657

Notes to Main Financial Statements

37. CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the table below, together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. The CFR is analysed in this note.

	2012/13	2011/12
	£000's	£000's
Opening Capital Financing Requirement	416,958	217,620
Capital investment		
Property, Plant and Equipment	42,060	46,811
Intangible Assets	137	38
Revenue Expenditure Funded from Capital Under Statute	6,785	7,182
HRA settlement	0	191,571
Sources of finance		
Capital receipts	(7,457)	(4,973)
Government grants and other contributions	(34,618)	(34,640)
Sums set aside from revenue:		
Direct revenue contributions	(2,694)	(2,033)
Minimum Revenue Provision (MRP) / Loans Fund Principal	(12,820)	(4,179)
Other Revenue Provision	(396)	(439)
Closing Capital Financing Requirement	407,955	416,958
Explanation of movements in year		
(Decrease)/Increase in underlying need to borrow :		
- supported by Government financial assistance	0	0
- unsupported by Government financial assistance	(9,003)	199,338
(Decrease)/Increase in Capital Financing Requirement	(9,003)	199,338

The Capital Financing Requirement (CFR) is a measure of the Council's underlying need to borrow for capital purposes. It does not represent the Council's actual borrowing which is determined following consideration of other balances such as reserves, provisions, working capital and timing differences of cash inflows and outflows.

Notes to Main Financial Statements

38. LEASES

In financial years prior to 2012/13 the Council acquired a number of vehicles, a private finance initiative (PFI) school and a contract for superloos under finance leases with the risks and rewards associated with ownership of such assets having transferred to the Council. Assets acquired under finance leases are carried as Property, Plant and Equipment in the Balance Sheet.

The Council is committed to making minimum payments under these leases comprising settlement of the long term liability for the interest in the asset and finance costs that will be payable by the Council in future years whilst the liability remains outstanding.

A number of vehicles are also held under operating leases, for which regular rental payments are made but the risks and rewards of ownership of such asset do not lie with the Council.

Finance Leases

Plant, Property and Equipment Outstanding obligations on 31 March	Finance Lease Liabilities		Minimum Lease Payments	
	2012/13	2011/12	2012/13	2011/12
	£000's	£000's	£000's	£000's
Within 1 year (2012/13) held in current liabilities	263	389	1,205	1,391
2 - 5 years	1,021	1,033	4,097	4,397
More than 5 years	1,452	1,702	3,333	4,238
Total costs payable in future years	2,473	2,735	7,430	8,635
Total future lease payments	2,736	3,124	8,635	10,026

Operating Leases

Plant, Property and Equipment Outstanding obligations on 31 March	Operating Lease	
	2012/13	2011/12
	£000's	£000's
Within 1 year (2012/13) held in current liabilities	34	14
Total future lease payments	34	14

Operating lease commitments at the start of the year were £14k. However due to additional lease extensions, expenditure of £63k in 2012/13 (£101.3k in 2011/12) is contained within the Cost of Services in the Comprehensive Income and Expenditure Statement.

Notes to Main Financial Statements

39. LONG TERM CONTRACTS AND PRIVATE FINANCE INITIATIVE

The Council has entered into a number of Long Term Contracts, committing itself to revenue expenditure over future years. Contracts which have fixed annual sums over £1,000k and over 4 years in length are disclosed below:

Supplier	Expenditure Reason £000's	Contract Value Per Annum £000's	Contract Dates	
			Start	Expire
Mitie Property Services	Facilities Management Services	3,438	01/11/2008	31/10/2015

Mitie Property Services - The Council has entered into a Facilities Management contract with Mitie for the provision of cleaning, caretaking, and building maintenance for certain Council properties.

The following Long Term Contracts are not fixed in nature, however the annual sum for 2012/13 was over £1,000k:

Orchard & Shipman
Kent County Council
Northgate Information Solutions
Medequip Assistive Technology
EDF Energy 1 Ltd
Liberata UK Ltd

Private Finance Initiative (PFI)

In December 1998 the Council entered into a 25 year contract with a private sector partner, Jarvis (Barnhill) Limited, to build and provide facilities management at Barnhill Community High School under a private finance initiative (PFI) arrangement. The school opened in September 1999. In 2010 the parent company Jarvis PLC went into administration and management of the facility was transferred to Johnson Workplace Management Ltd without impacting the day to day operation of the school. In 2012/13 the Council paid principal of £253k, interest of £926k and service charges of £2,248k. Current forecasts of future payments, assuming satisfactory performance over the remaining 11 years of the contract, are set out below. As payments to the contractor are index linked, these figures are based on current indexation rates and may vary if rates alter.

	Payment for Services £000's	Reimbursement of Capital Expenditure £000's	Interest £000's	Total £000's
Within 1 year (2013/14)	2,339	249	868	3,456
2 - 5 years	11,089	958	2,803	14,850
6 - 10 years	18,388	1,114	1,602	21,104
11 - 12 years	4,459	102	32	4,593
Total	36,275	2,423	5,305	44,003

In accounting for this arrangement the Council has complied with the principles as set out in the Code, which requires recognition of the property as the Council's asset with a corresponding liability. Note 6 on page 48 identifies the asset arising from this PFI.

The charge for the current year was £253k matching the principal repayment. The outstanding liability of the capital value at 31 March 2013 is £2,423k, of this £249k is due within a year and therefore included in creditors and the remaining £2,174k is shown as a deferred liability.

Notes to Main Financial Statements

40. CONTINGENT LIABILITIES AND ASSETS

- Employers Liability Claim

At beginning of 2012 an Employment Tribunal upheld a claim, from an employee of London Borough of Hillingdon, of disability discrimination against the Council. It awarded the employee £15k damages for injury to feelings and adjourned a claim for monetary losses until later in 2012.

The employee has now submitted a Schedule of Loss which totals just less than £400k. The employee claims that the Council's discrimination and treatment has caused them to have infirmity with the result that they will never be fit for work again. The Council is currently awaiting the Tribunal's reasons for its decision and are likely to appeal. Once the reasons are received the Council will have 6 weeks to appeal. Furthermore, the employee has still to prove the full extent of their losses.

- Persimmon Homes

In March 2007, Persimmon Homes purchased land at Hillingdon House Farm from the Council for £19,250k. A claim has been received for misrepresentation in relation to a DEFRA licence for an abattoir which Persimmon Homes state has resulted in a loss to them in excess of £1,000k. No claim has yet been received but the Council will be defending any such claim as it believes there is no liability. As at 28 March 2013 no further correspondence has been received from Persimmon Homes. Persimmon Homes have until November 2013 to bring their claim against the Council.

- Contracts

- There are possible legal proceedings being threatened regarding an alleged breach of contract. The claim could amount to £200k but it is denied and will be defended.

- The Council has received letters threatening claims against the Council over breach of contract. These claims may amount to £1,000k and £300k. The Council is looking to bring a counter-claim against the complainant in relation to both matters.

- Care Group

In February 2011 a resident was placed in a private hospital operated by a Care Group. The Council was made aware of costs relating to substantial monitoring of the patient; however the Council did not agree to pay such expenses. The additional monitoring was administered for over 2 years and the costs currently amount to over £200,000. The Council will defend any claims.

Notes to Main Financial Statements

41. EVENTS AFTER THE BALANCE SHEET DATE

Following the approval of applications for Academy status, four Community schools and two Foundation schools are expected to become Academies during 2013/14. Under Academy status, Community schools would not form part of the Council's accounts and hence will result in significant movements in income, expenditure, schools reserves and current assets for the 2013/14 Statement of Accounts. These schools reported income and expenditure in 2012/13 of £12,624k and £12,680k respectively and held reserves and corresponding current assets of £1,700k at 31 March 2013. In addition the net book value of £36,402k relating to school buildings will be removed from the Council's long term assets if their conversion is completed.

New arrangements for the local retention of a share of Non-Domestic Rates Income come into effect from 1 April 2013, resulting in Local Authorities assuming a share of the liability for any refunds awarded to businesses for backdated appeals, despite the original income being passported to Central Government. Local intelligence indicates that the Council's share of this liability is expected to be approximately £1,900k, which is treated as a Contingent Liability, rather than provision as required under proper accounting practice by virtue of CIPFA's LAAP Bulletin 96. Provision to fund this liability has been factored into the Council's General Fund revenue budgets for 2013/14 at this level.

Breach of Contract: In October 2012 the Council decided not to renew a contract with R S Gormanley Ltd for the provision of housing repairs but had issued a Purchase Order prior to this. Gormanley Ltd. claimed this constituted a binding contract and are therefore entitled to loss of profit. In addition, when the contract was terminated twelve former employees issued claims at Watford Employment Tribunal that they should have transferred to the Council under the Transfer of Undertaking (Protection of Employment) Regulations 2006 (TUPE). The Council disputed that TUPE applied but, on 4 June 2013, Watford Employment Tribunal found against the Council. A provision of £1,000k has been made against these claims.

The administrators of Heritable Bank issued a dividend of £2.5m in August 2013 bringing the total return to 94% of the claim. As this dividend exceeded previous estimates an impairment reversal of £1.3m was credited to the 2012/13 Income & Expenditure Account with the corresponding entry in the Balance Sheet.

42. SUMMARY OF TREASURY MANAGEMENT POLICY

The Council defines its treasury management activities as the management of the organisation's investments and cash flows, its banking, money market and capital market transactions, the effective control of risks associated with those activities to achieve optimum performance consistent with those risks.

The successful identification, monitoring and control of risks are the prime criteria by which the effectiveness of its treasury management activities will be measured. The Council acknowledges that effective treasury management will provide support towards the achievement of its business and service objectives.

The Council's underlying need to borrow for capital purposes is measured by reference to the Capital Financing Requirement which represents the cumulative capital expenditure of the council that has not been financed from internal resources (see note 39).

The Council maintains a flexible policy regarding debt rescheduling and the market is continuously monitored for opportunities to redeem or restructure debt.

The Council's policy is to invest its surplus funds prudently and the investment priorities are: security of invested capital, liquidity of the invested capital and an optimum yield which is commensurate with security and liquidity. The speculative procedure of borrowing purely in order to invest is unlawful.

Notes to Main Financial Statements

43. NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS

The Council has adopted CIPFA's Revised Code of Practice on Treasury Management and complies with the Revised Prudential Code of Capital Finance for Local Authorities.

As part of the adoption of the Treasury Management Code, the Council approves a Treasury Management Strategy before the commencement of each financial year. The strategy sets out the parameters for the management of risks associated with financial instruments. The Council also produces Treasury Management Practices specifying the practical arrangements to be followed to manage these risks.

The Treasury Management Strategy includes an Annual Investment Strategy in compliance with CLG Investment Guidance for Local Authorities. This guidance emphasises that priority be given to security and liquidity rather than yield. The Council's strategy together with its Treasury Management Practices are based on seeking the highest rate of return consistent with the proper levels of security and liquidity.

The Council's activities exposes it to a variety of financial risks:

- credit risk - the possibility that other parties might fail to pay amounts due to the Council
- liquidity risk - the possibility that the Council might not have funds available to meet its commitments to make payments
- market risk - the possibility that financial loss might arise for the Council as a result of changes in such measures as interest rates and stock market movements.

Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers. This risk is minimised as outlined in the Annual Investment Strategy, which states that deposits are not made with financial institutions unless they meet identified minimum credit criteria, as laid down by Fitch, S&P and Moody's Ratings Services. The Annual Investment Strategy also sets maximum sums that can be invested with any financial institution. The credit criteria applicable during 2012 in respect of financial assets held by the Council are as detailed below:

Long term minimum: A- (Fitch); A3 (Moody's); A- (S&P)

Short term minimum: F1 (Fitch); P-1 (Moody's); A-1 (S&P)

The Council also considers other information such as corporate developments, market sentiment towards investment counterparties and other sources of intelligence before making deposits.

Customers for goods and services are assessed, taking into account their financial position, past experience and other factors, with individual credit limits being set in accordance with internal ratings in accordance with parameters set by the Council.

The Council's maximum exposure to credit risk in relation to its investments in banks and building societies cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare, but possible, for such entities to be unable to meet their commitments. The risk of non-recovery applies to all of the Council's deposits.

Notes to Main Financial Statements

The table below summarises the amortised value of the Council's investment portfolio at 31 March 2013, and demonstrates that all investments were made in line with the Council's approved credit rating criteria.

Outstanding Investments as at 31 March 2013							
	Fitch Rating or equivalent at time of Deposit	Fitch Rating or equivalent at 31 March 13	Maturity of Investments				Total
			1-3 Months	3-6 Months	6-12 Months	Over 12 Months	
			£000's	£000's	£000's	£000's	
UK Banks							
Bank of Scotland	A F1 1	A F1 1	8,904	0	0	0	8,904

			5,031	0	3,002	0	8,033
Money Market Funds							
All funds held explicit money market fund ratings of AAA, with at least one of the rating agencies			30,109	0	0	0	30,109
Total Investments			78,491	7,488	3,317	1,626	90,922

The information above provides both current and at time of deposit credit ratings of institutions and durations of outstanding investments held by the Council. At the time investments were placed, the credit rating criteria were met. The disclosures above are given at their amortised value.

Credit Rating Definitions

The credit ratings provided show three indicators; the long term rating, short term rating and support rating.

Long Term		Short Term	
AAA	Highest credit quality	F1	Highest credit quality
AA	Very high credit quality	F2	Good credit quality
A	High credit quality	F3	Fair credit quality
BBB	Good credit quality	B	Speculative
BB	Speculative	C	High default risk
B	Highly speculative	RD	Defaulted on some financial commitments
CCC	Default possibility	D	Defaulted on all financial commitments
CC	Default imminent		
D	Defaulted		
Support		Money Market Funds	
1	Extremely high probability of external support	Fitch: AAAmmf : Extremely strong capacity to achieve fund's investment objective of preserving principal and providing shareholder liquidity through limiting credit, market, and liquidity risk.	
2	High probability of external support		
3	Moderate probability of support	Moody's: Aaa Money Market Funds are judged to be of an investment quality similar to Aaa-rated fixed income obligations.	
4	Limited probability of support	S&P: AAAM has extremely strong capacity to maintain principal stability and to limit exposure to principal losses due to credit, market and/or liquidity risks.	
5	Possible support but cannot be relied upon		

Notes to Main Financial Statements

Aged Analysis of other Financial Instruments

Other Financial Instruments	Not Overdue	Past Due				Total
		1-3 Months	3-6 Months	6-12 Months	Over 12 Months	
	£000's	£000's	£000's	£000's	£000's	£000's
Available for Sale	106	0	0	0	0	106
Cash in Hand	15,968	0	0	0	0	15,968
Trade Receivables	5,160	1,029	1,111	574	815	8,689
Total	21,234	1,029	1,111	574	815	24,763

Borrowing

The Policy on borrowing is to spread exposure between Public Works Loans Board (PWLB) and market sources. This enables the Council to avail itself of rescheduling facilities offered by PWLB and also to obtain favourable rates, when offered by the market.

	On 31 March 2013			On 31 March 2012		
	PWLB £000's	Market £000's	Total £000's	PWLB £000's	Market £000's	Total £000's
Nominal Value	298,504	48,000	346,504	308,782	48,000	356,782
Premium	(3,331)	0	(3,331)	(3,356)	0	(3,356)
Accrued Interest	897	615	1,512	986	621	1,607
Amortised Value	296,070	48,615	344,685	306,412	48,621	355,033

Liquidity Risk

Liquidity risk is the risk that cash will not be available when it is required. This can jeopardise the ability of the Council to carry out its daily functions or disrupt these from being carried out in the most cost effective manner. To obviate this risk, the Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. If unexpected movements occur, the Council has ready access to borrowings from money markets and the PWLB. There is no significant risk that the Council will be unable to raise finance to meet its commitments.

Instead the risk to which the Council is exposed is when loans or other forms of capital financing mature, they cannot be refinanced where necessary on terms that reflect the assumptions made in formulating revenue and capital budgets. The policy on debt redemption is to maintain a fairly stable fall out of debt required to be refinanced each year. To achieve this, targets are set within the Treasury Management Strategy which limit the maximum amount of debt maturities within specific time periods. This spreads the risk of interest rate exposure so all debt is not subject to renewal at the same time. The maturity analysis of financial liabilities is as follows:

	Limit for Debt Maturity	Debt Maturity at 31 March 2013	31 March 2013	31 March 2012
			£000's	£000's
Less than 1 year	25%	3.42%	11,790	11,884
Between 1 and less than 2 years	25%	2.69%	9,278	10,278
Between 2 and less than 5 years	50%	10.69%	36,833	28,833
Between 5 and less than 10 years	75%	30.59%	105,445	109,223
Between 10 and less than 20 years	100%	15.67%	54,000	66,000
Between 20 and less than 30 years	100%	15.69%	54,071	55,571
Between 30 and less than 40 years	100%	0.00%	0	0
Between 40 and less than 50 years	100%	7.33%	25,269	25,244
Over 50 years	100%	13.93%	48,000	48,000
Total			344,686	355,033

In addition to debt that falls out naturally in any year, the Council can choose to redeem debt early as part of its overall debt management policy. This assists in restructuring the Council's debt portfolio and although in the short term a premium charge may be incurred, longer-term finance costs may be significantly reduced.

Notes to Main Financial Statements

Market Risk

Interest Rate Risk: The Council is exposed to risks arising from movements in interest rates. The Treasury Management Strategy aims to mitigate these risks by setting an upper limit of 50% on external debt that can be subject to variable interest rates. This strategy is periodically reviewed and adapted to reflect changing economic circumstances in light of actual movements in interest rates. Investments are also subject to movements in interest rates. As investments are made at fixed rates, but for shorter periods of time, there is greater exposure to interest rate movements. This risk is balanced against actions taken to mitigate credit risk.

Movements in interest rates can impact the Council in several ways. For instance, a rise in interest rates would have the following effects:

- borrowings at variable rates – the interest expense charged to the Surplus or Deficit on the Provision of Services will rise
- borrowings at fixed rates – the fair value of the liabilities will fall.
- investments at variable rates – the interest income credited to the Surplus or Deficit on the Provision of Services will rise
- investments at fixed rates – the fair value of the assets will fall.

Borrowings are not carried at fair value, so nominal gains and losses on fixed rate borrowings would not impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services and affect the General Fund Balance.

If interest rates had been 1% higher (with all other variables held constant) the financial effect would be:

	£000's
Increase in interest payable on variable rate borrowings	515
Increase in interest receivable on variable rate investments	(1,167)
Impact on Surplus or Deficit on the Provision of Services	(652)
Share of overall impact credited to the HRA	(231)
Decrease in fair value of fixed rate borrowings liabilities (no impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure)	30,686

The impact of a 1% fall in interest rates would be as above but with the movements being reversed. These assumptions are based on the same methodology as used in the "Fair Value" disclosure note.

Price Risk: The Council does not generally invest in equity shares or bonds but it does hold historic balances in its accounts. The Council is consequently exposed to losses arising from movements in the prices of these shares and bonds. As these holdings have arisen from a donation, the Council is not in a position to limit its exposure to price movements by diversifying its portfolio.

The £106k holdings are all classified as 'Available for Sale' and it is expected will not be voluntarily disposed, hence all movements in price will be shown in the Available for Sale Reserve with no impact on gains and losses recognised in Other Comprehensive Income and Expenditure.

Foreign Exchange Risk: As part of the first distribution from Landsbanki the Council currently has approximately 6,962k Icelandic Krona (ISK) (£37k at exchange rate on 31st March 2013) held in an Icelandic based escrow account. The Council is currently working with the LGA, Bevan Brittan and other affected authorities to research ways of converting the ISK funds.

All remaining financial assets and liabilities are denominated in GBP and thus have no exposure to loss arising from movements in exchange rates.

Financial Liabilities

The majority of borrowing made by the Council is sourced from the PWLB. (As at 31 March 2013 £248,004k was at fixed rates and £50,500k at variable rates). Borrowing at fixed rates enables the Council to enjoy stability of costs in future years and helps improve budgetary processes. Fixed rates protect the Council from interest rate increases but in contrast exposes it to opportunity costs should rates fall. Borrowing at variable rates currently allows the Council to source debt at levels which are considerably lower than fixed rate debt. Sourcing debt from the PWLB allows the Council to reschedule or prematurely redeem debt and the portfolio is continually monitored to take advantage of opportunities that may present themselves periodically to reduce overall costs.

Notes to Main Financial Statements

£48,000k of debt is held in "Lenders Option Borrowers Option" (LOBO) market loans. These have been set to provide varying periods of fixed rate ranges with subsequent options for the lender to change this rate on agreed dates. A LOBO which falls within a year of an interest change date is classified as variable. Over the next three years loans totalling £10,000k, £11,000k and £13,000k respectively are scheduled for rate change options.

In order to minimise debt costs the Council did not take any new borrowing during 2012/13, instead utilising internal resources to finance its long term borrowing requirement. Due to the high premiums attached to loans there were no opportunities to prematurely redeem or reschedule debt, however naturally maturing debt of £10,278k reduced the loan portfolio during 2012/13.

Financial Assets

The Council had a weighted average balance of investments (excluding unpaid Icelandic deposits) for 2012/13 of £116,954k. Within this figure a rolling balance of approximately £30,000k was required for day-to-day cash flow needs with the remainder being attributable to capital expenditure requirements. Throughout the year deposits were placed in instant access accounts and in fixed term deposits with varying maturity periods. This approach aimed to match investment maturities with expected expenditure and so spread interest rate risk. The term remaining on all deposits at year end was less than one year and therefore classified as variable.

44. TRUST FUNDS

The Council is responsible for a number of small trust funds which are not consolidated in the accounts. The Council administers the trust and bequest funds in accordance with the wishes of the benefactors and disbursements from funds are made in pursuance of the objectives of each fund. Surplus monies are invested and the funds receive income mainly from interest and dividends on investments.

	As at 31 March 2013 £000's	As at 31 March 2012 £000's
Education trusts - providing academic prizes	4	4
Library trusts - purchase of library books	11	10
Total	15	14

45. PENSION SCHEMES

Defined Benefit Pension Schemes

As part of the terms and conditions of employment of its officers and other employees, the Council offers retirement benefits that include retirement pensions, dependent pensions, death grants and lump sum payments. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make payments that need to be disclosed at the time that employees earn their future entitlement.

The Council participates in three defined benefit pension schemes, which are two funds of the Local Government Pension Scheme (LGPS) and the Teachers' Pension Scheme. Accounting for the Teachers' Pension Scheme varies from that of the LGPS and is expanded upon below.

For the two funds of the LGPS, contributions are made at a level intended to balance the pensions liabilities with investment assets. The two funds are:

- London Borough of Hillingdon (LBH) Pension Fund of the LGPS for employees, administered locally by the Council.
- London Pension Fund Authority (LPFA) Pension Fund of the LGPS, which is a closed arrangement for former employees administered by the London Pension Fund Authority.

The adequacy of the funds' contributions and investments to resource future liabilities is reviewed tri-annually by actuaries appointed by the Council; the last took place during 2010/11 which assessed the position at 31 March 2010. The contribution rates were then set to meet the overall liabilities of the fund under Pension Fund Regulations. During 2012/13 employer's contribution rate was 20.1% with an additional 1% added to fund pension strain costs relating to early retirement. Employees contributed at variable rates between 5.5% and 7.5% of pensionable salary. The employer's contribution rate set for 2013/14 is 21.1% with a further 1% to cover pension strain costs.

Notes to Main Financial Statements

Defined Contribution Pension Schemes

Teachers employed by the Council are members of the Teachers' Pension Scheme. This fund is administered by the Department for Education and provides teachers with defined benefits upon their retirement. The Council contributes towards the pensions by making payments to the fund based on a percentage of members' pensionable salaries. The employer's contribution rate for 2012/13 was 14.1% (14.1% in 2011/12). The total contribution to the fund by the Council in 2012/13 was £7,555k (£9,892k in 2011/12), of this amount £590k was outstanding at 31 March 2013 (£670k at 31 March 2012). Subject to academy transfers, contributions to the fund are expected to remain unchanged for 2012/13.

With regard to the Teachers' Pensions Scheme there were no contributions remaining payable at the year end. The Teachers' Pension Scheme is a defined benefit scheme. Although the scheme is unfunded a notional fund is used as a basis for calculating the employers' contribution rate paid by local education authorities. However, it is not possible for the council to identify a share of the underlying liabilities in the scheme attributable to its own employees. For the purposes of this statement of accounts it is therefore accounted on the same basis as a defined contribution scheme. The authority is responsible for the costs of any additional benefits awarded upon early retirement outside of the terms of the teachers' scheme. There were no lump sums awarded in 2012/13, 2011/12 or 2010/11, and £876k paid in respect of on-going payments in 2012/13 (£834k in 2011/12).

As the London Borough of Hillingdon is a major contributor to the London Pension Fund Authority (LPFA) Pension Scheme it has been combined with London Borough of Hillingdon Pension Fund in the figures below.

Transactions relating to retirement benefits

The Council recognises the cost of retirement benefits in the Net Cost of Services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge required against council tax is based on the cash payable in the year, so the real cost of retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

	LBH Pension Fund of the LGPS		LPFA Pension Fund		Total	
	31 March 2013 £000's	31 March 2012 £000's	31 March 2013 £000's	31 March 2012 £000's	31 March 2013 £000's	31 March 2012 £000's
Comprehensive Income and Expenditure Statement						
Cost of Services:						
Current service costs	18,305	18,885	0	0	18,305	18,885
Past service costs	28	0	0	0	28	0
Settlements and curtailments	(6,077)	(5,632)	0	0	(6,077)	(5,632)

	21,200	22,008	6	6	21,206	22,014

In addition the Comprehensive Income and Expenditure Statement included an actuarial loss of £58,859k in 2012/13 (£67,442k loss in 2011/12). The cumulative amount of actuarial losses recognised in the Comprehensive Income and Expenditure Statement since 2004/05 is £332,830k.

The Council expects to make payments of £19,561k in respect of contributions to the scheme during the financial year 2013/14.

Notes to Main Financial Statements

46. PENSION SCHEMES BALANCE SHEET DISCLOSURES

Reconciliation of present value of scheme liabilities

Reconciliation of fair value of scheme assets

	LBH Pension Fund of the LGPS		LPFA Pension Fund		Total	
	31 March 2013 £000's	31 March 2012 £000's	31 March 2013 £000's	31 March 2012 £000's	31 March 2013 £000's	31 March 2012 £000's
Opening Fair Value of Employer Assets	584,868	575,064	2,960	3,380	587,828	578,444
Expected Return on Assets	32,542	38,638	115	157	32,657	38,795
Contributions by Members	6,280	6,957	0	0	6,280	6,957
Contributions by the Employer	18,890	19,812	0	0	18,890	19,812
Contributions in respect of Unfunded Benefits	2,310	2,196	6	6	2,316	2,202
Actuarial Gains/(Losses)	46,460	(19,218)	129	0	46,589	(19,218)
Assets Distributed on Settlements	(2,412)	(6,306)	0	0	(2,412)	(6,306)
Estimated Unfunded Benefits Paid	(2,310)	(2,196)	(6)	(6)	(2,316)	(2,202)
Estimated Benefits Paid	(30,385)	(30,079)	(602)	(577)	(30,987)	(30,656)
Closing Fair Value of Employer Assets	656,243	584,868	2,602	2,960	658,845	587,828

The expected return on scheme assets is determined by considering the expected returns available on the assets according to the current investment policy. Expected yields on fixed interest investments are based on gross redemption yields as at the Balance Sheet date. Expected returns on equity investments reflect long-term real rates on return experienced in the respective markets.

The actual return on scheme assets in the year was £79,290k (£19,640k in 2011/12).

Notes to Main Financial Statements

Scheme history

	2012/13	2011/12	2010/11	2009/10	2008/09
	£000's	£000's	£000's	£000's	£000's
Present value of liabilities:					
LBH	(1,026,344)	(895,278)	(820,944)	(994,245)	(616,469)
LPFA	(5,763)	(5,749)	(5,946)	(6,158)	(5,400)
Fair Value of Assets:					
LBH	656,243	584,868	575,064	561,122	400,528
LPFA	2,602	2,960	3,380	3,268	3,510
Deficit in the scheme:					
LBH	(370,101)	(310,410)	(245,880)	(433,123)	(215,941)
LPFA	(3,161)	(2,789)	(2,566)	(2,890)	(1,890)
Total	(373,262)	(313,199)	(248,446)	(436,013)	(217,831)

The liabilities show the underlying commitments that the Council has in the long run to pay retirement benefits. The total liability of £1,032,107k is offset by the scheme assets of £658,845k to give the net pension liability of £373,262k as disclosed on the balance sheet.

However, statutory arrangements for funding the deficit mean that the financial position of the Council remains viable: the deficit on the LBH scheme will be made good by increased contributions over the remaining working life of employees, as assessed by the scheme actuary, in addition to ongoing investment returns.

Notes to Main Financial Statements

47. PENSION SCHEMES BASIS OF ESTIMATION

Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels etc. The scheme liabilities for both LBH and LPFA have been assessed by their appointed actuary, estimates for the LBH scheme being based on the latest full valuation of the scheme as at 31 March 2010. The appointed actuary for LBH is Hymans Robertson LLP and for LPFA is Barnett Waddingham.

	LBH Pension Fund of the LGPS		LPFA Pension Fund	
	31 March 2013	31 March 2012	31 March 2013	31 March 2012

Other Financial Statements

The Housing Revenue Account (page 97)

There is a statutory duty to account separately for local authority housing provision. The HRA Income and Expenditure Statement shows further the detail of the Income and Expenditure on HRA services included in the whole authority Comprehensive Income and Expenditure Statement. It includes the major elements of Council housing revenue expenditure on maintenance, administration, subsidy and capital financing costs and major income sources such as rents and other income.

The Collection Fund Account (page 101)

This account reflects the statutory requirement to maintain a separate Collection Fund which shows the transactions of the billing authority in relation to National Non-Domestic Rates and Council Tax, and illustrates the way in which these have been distributed to preceptors and the general fund. The Collection fund is consolidated with the other accounts of the Council.

Pension Fund Accounts (page 104)

This fund is not included within the Council's Balance Sheet, but is maintained separately. The Council acts as the administrator for the London Borough of Hillingdon Fund of the Local Government Pension Scheme.

HRA - Comprehensive Income And Expenditure Statement

The HRA Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. Council's charge rents to cover expenditure in accordance with regulations; this may be different from the accounting cost. The increase or decrease in the year, on the basis of which rents are raised, is shown in the Movement on the HRA Balance.

1. HOUSING STOCK

The Council was responsible at 31 March 2013 for managing dwellings.

The stock was as follows:

	Total Properties at 31 March 2013	Total Properties at 31 March 2012
1 Bed Properties	3,646	3,612
2 Bed Properties	3,659	3,679
3 Bed Properties	2,838	2,852
4 plus Bed Properties	234	234
Total	10,377	10,377

Notes to Housing Revenue Account

2. VALUE OF HRA ASSETS

	Gross Book Value at 31 March 2013 £000's	Depreciation for Year 31 March 2013 £000's	Accumulated Depreciation to 31 March 2013 £000's	Net Book Value at 31 March 2013 £'000s
Operational Assets				
Council dwellings	523,000	(8,537)	(8,581)	505,882
Other land & buildings	19,553	(430)	(498)	18,625
Vehicle, plant & equipment	3,833	(35)	(835)	2,963
Non Operational Assets				
Assets Under Construction	0	0	0	0
Investment Properties	70	0	0	70
Total	546,456	(9,002)	(9,914)	527,540
	Gross Book Value at 31 March 2012 £000's	Depreciation for Year 31 March 2012 £000's	Accumulated Depreciation to 31 March 2012 £000's	Net Book Value at 31 March 2012 £'000s
Operational Assets				
Council dwellings	503,752	(8,581)	(8,581)	495,171
Other land & buildings	20,437	(433)	(498)	19,939
Vehicle, plant & equipment	949	(114)	(835)	114
Non Operational Assets				
Assets Under Construction	7,612	0	0	7,612
Investment Properties	70	0	0	70
Total	532,820	(9,128)	(9,914)	522,906

The vacant possession value of dwellings within the authority's HRA as at 31 March 2013 was £2,053m, this differs from the balance sheet value of £528m which is based on the economic use value of social housing. The difference of £1,525m between these two figures shows the economic cost to the Government of providing housing at below open market rents.

For 2012/13 depreciation of £8,537k in respect to Council dwellings, £430k in respect to other land and buildings and £35k in respect of vehicles, plant, furniture and equipment was charged to the HRA.

Council dwellings were revalued in 2010/11 resulting in all depreciation charged within that year being written back.

3. CAPITAL EXPENDITURE

Capital Expenditure on HRA council dwellings during 2012/13 totalled £5.2k. This was financed by:

	Total at 31 March 2013 £000's	Total at 31 March 2012 £000's
Revenue contribution	0	60
Major repairs allowance	4,379	8,581
Capital receipts	743	4,418
Other contributions	120	2,989
	5,242	16,048

Capital receipts from the sale of HRA properties during 2012/13 totalled £6,615k of which £1,564k was paid to Central Govt under Pooling arrangements and £743k used towards capital financing.

Notes to Housing Revenue Account

4. RENT ARREARS

At 31 March 2013 the gross HRA rent arrears amounted to £3,966k (£3,873k in 2011/12) of which £3,873k (£3,751k in 2011/12) relates to dwellings and £93k (£122k in 2011/12) to commercial rent.

5. BAD DEBT PROVISION

The provision for bad debts on all HRA debts as at 31 March 2013 was £2,424k (£2,650k in 2011/12). Of this £2,179k (£2,492k in 2011/12) relates to dwellings and £245k (£158k in 2011/12) to non-dwellings.

6. MAJOR REPAIRS RESERVE

HRA resource accounting requires the maintenance of a Major Repairs Reserve (MRR) and holds depreciation charged to the HRA in excess of the major repairs allowance. The movements on this reserve are shown below.

	2012/13 £000's	2011/12 £000's
Balance as at 1 April	0	0
Depreciation transferred to reserve	9,002	9,128
Amount used to finance capital expenditure	(4,379)	(8,581)
Repayment of debt principal	(3,500)	0
Transfer to the Capital Adjustment Account	0	(547)
	1,123	(0)

The £1123k will be used to finance capital expenditure on dwellings.

7. CONTRIBUTIONS TO PENSION RESERVE

The cost of employer's pension contributions in the HRA Income and Expenditure is reported in-line with IAS 19, which requires the current service cost, rather than the actual employer's contribution, be recognised. The HRA cost for 2012/13 was £202k against £391k for 2011/12.

Collection Fund Account

The Collection Fund is an agent's statement that reflects the statutory obligation for billing authorities to maintain a separate Collection Fund. The statement shows the transactions of the billing authority in relation to the collection from taxpayers and distribution to local authorities and the Government of council tax and non-domestic rates.

Notes to Collection Fund Account

1. THE COUNCIL TAX SYSTEM

Council Tax is the means of raising income from local residents to pay for Council services. Council Tax is levied on domestic properties and the charge is based on the valuation band assessed for each dwelling. The Inland Revenue has appointed a Listing Officer for the borough who is responsible for property valuations, valuation registers and appeals.

2. ACCOUNTING POLICIES

The Collection Fund Income and Expenditure Account is prepared on an accruals basis and complies with appropriate regulations and the Code of Practice on Local Authority Accounting. The transactions of the Collection Fund are wholly prescribed by legislation.

3. INCOME FROM COUNCIL TAX

The council tax base, which is used in the tax calculation, is based on the number of dwellings in each band on the listing produced by the Listing Officer. This is adjusted for exemptions, discounts, disabled banding changes and appeals. The tax base estimate for 2012/13 was 100,236 (99,118 in 2011/12) as calculated below.

Band	Estimated number of Properties	Discounts & Exemptions	Net estimated number of Properties	Band D Equivalent Ratio	Band D Equivalent 2012/13	Band D Equivalent 2011/12
A	799	(141)	658	6/9	439	427
B	5,343	(958)	4,385	7/9	3,411	3,336
C	21,567	(2,510)	19,057	8/9	16,940	16,644
D	43,173	(2,938)	40,235	9/9	40,235	39,933

Council Tax Rate for Band D (£)					1,419.65	1,422.75
Demand on the Collection Fund (£000's)					142,300	141,020

The Demand on the Collection Fund of £142,300k (£141,020k in 2011/12) represents the anticipated Council Tax income yield for the year. The actual income yield to the Collection Fund for the year was £144,572k (£142,372k in 2011/12).

Notes to Collection Fund Account

4. PRECEPTS AND DEMANDS ON THE COLLECTION FUND

The demand on the Collection Fund is split between the Council and the Greater London Authority (GLA). The in-year surplus of £2,651k and the drawdown of the previous year's estimated surplus of £1,666k are also split accordingly.

The split between the Council and the GLA is shown below:

	Precept/Demand	Share of 31 March 2013 Surplus	2012/13	2011/12
	£000's	£000's	£000's	£000's
London Borough of Hillingdon	111,556	2,073	113,629	110,405
Greater London Authority	30,744	578	31,322	30,735
Total	142,300	2,651	144,951	141,140

£113,629k is the amount of council tax income included in the Comprehensive Income and Expenditure Statement. The share of the 31 March 2013 surplus of £2,651k is made up of the surplus on the Collection Fund for the year of £985k and the contribution to previous year's surplus of £1,666k.

5. CONTRIBUTIONS TO COLLECTION FUND SURPLUS OR DEFICIT

The surplus of £3,687k relating to the Council Tax will be credited in subsequent financial years to the Council and the GLA in proportion to the value of the respective demands on the Collection Fund.

6. INCOME FROM NATIONAL NON-DOMESTIC RATES

Under the arrangements for Uniform Business Rates, the Council collects non-domestic rates in the Borough based on rateable values which are assessed by the District Valuer, multiplied by a uniform rate which is set by Central Government.

The total amount, less certain reliefs and other deductions, is paid to a central pool managed by the Government, which in turn is redistributed to local authorities as a standard amount per head of relevant population. The total non-domestic rateable value at 31 March 2013 was £779,744k. The National Non-Domestic multiplier for the year was 45.8p and 45.0p for small businesses.

	2012/13	2011/12
	£000's	£000's
NNDR Income Collectable from ratepayers	335,240	338,279
Cost of Collection Allowance	(627)	(625)
Amount Paid to Central Government Pool	334,613	337,654
NNDR redistributed to Hillingdon Council	(79,004)	(65,599)

The NNDR redistributed to the Council is shown in the Comprehensive Income and Expenditure Statement under Taxation and Non-Specific Grant Income.

7. WRITE OFFS AND WRITE BACKS

Contributions are made from the Collection Fund Income and Expenditure Account to a provision for bad debts. During 2012/13 the Council Tax bad debt provision was decreased by £387k (bad debt provision was increased by £1,057k in 2011/12).

The amounts related to irrecoverable debts written off in year are shown below:

	2012/13	2011/12
	£000's	£000's
Write Offs:		
Council tax	(147)	(204)
NNDR	(2,502)	(4,204)
Write Backs:		
Council tax	155	379
NNDR	30	711
Total	(2,464)	(3,318)

The Pension Fund Accounts summarise the transactions of the scheme and shows the net assets at the disposal of members. They do not take account of obligations to pay pensions and benefits which fall due after the end of the scheme year. The actuarial position of the scheme, which does take account of such obligations, is shown in the actuarial statement included in the Annual Report on pages 21-22 and these accounts should be read in conjunction with this.

Paul Whaymand
Corporate Director of Finance
26 September 2013

Notes To Pension Fund Accounts

1. DESCRIPTION OF FUND

The London Borough of Hillingdon Pension Fund ("the fund") is part of the Local Government Pension Scheme and is administered by London Borough of Hillingdon. The Council is the reporting entity for this pension fund. The following description of the fund is a summary only. For more details, reference should be made to the London Borough of Hillingdon Pension Fund Annual Report 2012/13 and the underlying statutory powers underpinning the scheme, namely the Superannuation Act 1972 and the Local Government Pension Scheme (LGPS) Regulations.

a) General: The fund is governed by the Superannuation Act 1972 and administered in accordance with the following secondary legislation:

- the LGPS (Benefits, Membership and Contributions) Regulations 2007 (as amended)
- the LGPS (Administration) Regulations 2008 (as amended)
- the LGPS (Management and Investment of Funds) Regulations 2009.

It is a contributory defined pension scheme administered by London Borough of Hillingdon to provide pensions and other benefits for pensionable employees of the Council and a range of other scheduled and admitted bodies within the borough.

b) Membership: Membership of the LGPS is voluntary and employees are free to choose whether to join the scheme, remain in the scheme or make their own personal arrangements outside the scheme. But since 01 February 2013 all new employees of the Council are automatically enrolled, with option to opt out of the scheme within three months of auto enrolment.

FUND OPERATION AND MEMBERSHIP

The Local Government Pension Scheme is a defined benefit scheme, administered under the provisions of the Local Government Pension Scheme Administration Regulations 2008 and the Local Government Pension Scheme (Benefits, Contributions and Membership) Regulations 2007 to provide benefits for members and retired members. The benefits include a pension payable to former members and their dependents and a lump sum retirement allowance (for any member with service pre 01 April 2008). The scheme is administered locally by the Council and the fund is a separate entity from the Council and its accounts and balance sheet are separate financial statements.

The fund is financed by contributions from the Council, pension fund members and by income from the fund's investments. The Pension Fund accounts do not take account of liabilities to pay pensions and other benefits in the future. The contributions from the Council and other participating employers are set through the triennial actuarial valuation at a rate sufficient to meet the long-term liabilities of the fund.

Employers who contribute to the fund in addition to London Borough of Hillingdon are:

Admitted Bodies:

Genuine Dining Ltd	Look Ahead Housing & Care
Greenwich Leisure	Mitie Cleaning
Heathrow Travel Care	Mitie FM
Hillingdon & Ealing Citizens Advice	Stag Security Services

Scheduled Bodies:

Barnhill Community School	Northwood School
Belmore Primary School	Queensmead School
Bishop Ramsey School	Stockley Academy
Bishopshalt School	Swakeleys Academy
Coteford Junior School	Willows Academy
Cranford Park School	Uxbridge College
Douay Martyrs School	Uxbridge High School
Eden Academy	Vyners Academy
Guru Nanak Academy	Wood End Park School
Harefield Academy	
Haydon School	
Hewens Academy	
LBDS Frays Academy	
London Housing Consortium	

Notes To Pension Fund Accounts

1. DESCRIPTION OF FUND. (CONTINUED)

As at 31 March 2013 there were 6,213 active employees contributing to the fund, with 5,498 in receipt of benefit and 5,883 entitled to deferred benefits.

London Borough of Hillingdon Pension Fund	31 March 2013	31 March 2012
Number of employers with active members	32	23
Number of employees in scheme		
London Borough of Hillingdon	5,225	4,987
Other employers	988	961
Total	6,213	5,948
Number of Pensioners		
London Borough of Hillingdon	5,047	4,969
Other employers	451	409
Total	5,498	5,378
Deferred pensioners		
London Borough of Hillingdon	4,671	4,363
Other employers	1,212	1,129
Total	5,883	5,492

The pension fund investments are managed externally by fund managers: Adams Street Partners, JP Morgan Asset Management, Kempen International Investments, LGT Capital Partners, Macquarie Investment, Marathon Global Investors, Newton Asset Management, Ruffer LLP, State Street Global Advisors and UBS Global Asset Management. In addition there is one direct investment in a pooled fund vehicle with M&G Investments.

The fund is overseen by London Borough of Hillingdon Pension Fund Committee, which is a committee of London Borough of Hillingdon, the administering authority. The performance of the fund managers is monitored by the Pensions Committee that consisted of the following members in 2012/13:

Pensions Committee

Cllr Philip Corthorne (Chairman)

Cllr Richard Lewis (Vice-Chairman)

Cllr David Simmonds

Cllr Raymond Graham

Cllr Paul Harmsworth

Cllr Janet Duncan

Mr John Holroyd (Pensioner/Deferred Scheme Member Representative)
(Non Voting)

Mr Andrew Scott (Active Scheme Member Representative) (Non Voting)

2. BASIS OF PREPARATION

The accounts have been compiled in accordance to the CIPFA Code of Practice on Local Authority accounting in the United Kingdom 2012/13 and underpinned by Local Government Pension Scheme (Management & Investments of Funds) Regulations 2009. The accounting policies have been drawn up in line with recommended accounting principles as specified in the Code of Practice on Local Authority Accounting and disclosed below.

3. ACCOUNTING POLICIES

a) Accounts Preparation - The accounts have been prepared in accordance with the recommendations of CIPFA and comply with both the Local Authority Accounting and Pension Statement of Recommended Practice.

b) Accruals concept - Income and expenditure are recorded on an accruals basis, except for transfer values which are accounted on a cash basis. Group transfers are accounted for under the agreement which they are made.

Notes To Pension Fund Accounts

3. ACCOUNTING POLICIES (CONTINUED)

c) Valuation of assets - Market-quoted investments: Equities are valued at bid market prices available on the final day of the accounting period. Fixed income securities including short-term instruments are priced based on evaluated prices provided by independent pricing services. For pooled funds, if bid prices are provided by the fund administrators then these are used, otherwise the Net Asset Value is used. Private Equity is valued using the latest audited valuation from the Limited Partner/General Partner. This is adjusted for any capital calls/distributions that have taken place since the date of the statement. Unquoted investments for private placements and infrastructure are priced using discounted cash flow methodology. All assets are disclosed in the financial statements at their fair value.

d) Foreign currency translation of assets and liabilities and forward foreign exchange contracts are converted into sterling at the closing middle rates of exchange in the net assets statement. Overseas income is converted at rates of exchange ruling when remitted.

e) Acquisition costs of investments occur as brokerage commission when investments are purchased. They are recorded in the cost figure on an accruals basis.

f) Investment management expenses are recorded at cost when the fund managers/custodian invoice the Fund on a quarterly basis. Expenses are recorded on an accruals basis.

g) Administration expenses recharged to the pension fund are monitored throughout the year in accordance with the budget and are charged to the pension fund at the end of the financial year.

h) Interest on property developments - Property is held in unit trusts for the pension fund, the return received is calculated in accordance with the unit price at the Net Assets Statement date.

i) Contributions - are accounted for in the period in which they fall due. Normal contributions received during the year are in accordance with the rates and adjustments certificate.

j) Benefits - are accounted for in the period in which they fall due. All benefits are calculated in accordance with the statutory regulations in force at the relevant benefit date.

k) Transfers - are accounted for on a cash basis, as the amount payable or receivable by the scheme is not determined until payment is actually made and accepted by the recipient.

l) Investment Income - Dividends from quoted securities are accrued when the securities are quoted ex-dividend. Interest on cash deposits are accrued on daily basis.

Critical Judgements and Uncertainties

m) Unquoted private equity investments - Fair value of private equity investments are highly subjective in nature. They are inherently based on forward-looking estimates and judgements involving many factors. Unquoted private equities are valued by investment managers using IFRS fair value principles and guidelines set out by the International Private Equity and Venture Capital Association (IPEV), which the British Venture Capital Association is a founding member. The Value of unquoted private equities at 31 March 2013 was £39,617k (£37,007k at 31 March 2012).

n) Assumptions made about the future and other major sources of estimation uncertainty - The Statement of Accounts contains estimated figures that are based on assumptions made by the fund about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the net assets statement at 31 March 2013 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

item	Uncertainties	Effect if actual results differ from assumptions
Private equity	Private equity investments are valued at fair value in accordance with British Venture Capital Association guidelines or commensurate overseas equivalent. These investments are not publicly listed and as such there is a degree of estimation involved in the valuation.	The total private equity investments in the financial statements are £39,617k. There is a risk that this investment may be under- or overstated in the accounts.

Fund managers' cash	37,878			141	29,059
Total Investment Assets	612,095			61,904	682,984

The change in market value of investments during the year comprises all increases and decreases in the market value of investments held at any time during the year, including profits and losses realised on sales of investments. The carrying amount of all assets is quoted at fair value.

Transaction costs are included in the cost of purchases and sale proceeds. These include costs charged directly to the scheme such as fees, commissions, stamp duty and other fees. Transaction costs incurred during the year amounted to £357k (£337k in 2011/12). In addition to these costs, indirect costs are incurred through the bid-offer spread on investments within pooled investment vehicles.

Notes To Pension Fund Accounts

10. INVESTMENT ASSETS (CONTINUED)

AVC Investments

Additional voluntary contributions paid by scheme members are not included in the accounts in accordance with Regulation 5(2)(c) of the Pension Scheme (Management and Investment of Funds) Regulations 1998. The additional voluntary contributions are paid by scheme members directly to Prudential Assurance Company, who manage these monies independently of the fund and, as determined by the fund actuary, do not form part of the fund valuation.

According to provisional information provided by Prudential, the fund's AVC provider, value of assets under management as at 31 March 2013 was £5,298k and as at 31 March 2012 £5,400k. Any transfer of additional contributions into the fund during the year are included in the transfer value as detailed in note 5.

16. PRIVATE EQUITY VALUATIONS

The Investment Sub Committee have undertaken a review of the audited Financial statements for the Private Equity funds on behalf of the London Borough of Hillingdon Pension Fund by Adam Street Partners and LGT and considered their valuation processes adopted for illiquid markets. The ISC are assured that the valuation process is rigorous and result in valuations that, within materiality, represents fair value at the reporting date.

17. NATURE & EXTENT OF EXPOSURE TO RISKS ARISING FROM FINANCIAL INSTRUMENTS

Risk and risk management

The fund's primary long-term risk is that the fund's assets will fall short of its liabilities. Therefore the aim of investment risk management is to minimise the risk of an overall reduction in the value of the fund and to maximise the opportunity for gains across the whole fund portfolio. The Fund achieves this through asset diversification to reduce exposure to market risk (price risk, currency and interest rate risks) and credit risk to an acceptable level. In addition, the fund manages its liquidity risk to ensure there is sufficient liquidity to meet the fund's forecast cash flows.

Responsibility for the fund's risk management strategy rests with the Pension Fund Committee. Risk management policies are established to identify and analyse the risks faced by the Council's pensions operations. Policies are reviewed regularly to reflect changes in activity and in market conditions.

Market risk - The risk that the fair value of cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk reflects interest rate risk, currency risk and other price risks. To mitigate against market risk the Pension Fund invests in a diversified pool of assets to ensure a reasonable balance between different categories. The management of the assets are placed with a number of fund managers with different performance targets and investment strategies. Each Fund manager is expected to maintain a diversified portfolio in each asset class. Risks associated with the strategy and investment returns are included as part of the quarterly reporting to Pensions Committee where they are monitored and reviewed.

Notes To Pension Fund Accounts

17. NATURE & EXTENT OF EXPOSURE TO RISKS ARISING FROM FINANCIAL INSTRUMENTS (CONTINUED)

Other price risk - Other price risk represents the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or foreign exchange risk), whether those changes are caused by factors specific to the individual instruments or its issuer or factors affecting all such instruments in the market. The fund is exposed to share and derivative price risk. This arises from investments held by the fund for which the future price is uncertain. All securities investments present a risk of loss of capital. Except for shares sold short, the maximum risk resulting from financial instruments is determined by the fair value of the financial instruments. Possible losses from shares sold short is unlimited. The fund's investment managers mitigate this price risk through diversification and the selection of securities and other financial instruments is monitored by the Council to ensure it is within limits specified in the fund investment strategy statement.

Other price risk - Sensitivity Analysis

Following analysis of historical data and expected investment return movement during the financial year, the fund has determined that the following movements in market price risk are reasonably possible for the 2013/14 reporting period.

Asset Type	Potential market movements (+/-)
UK quoted equities	12.90%
Overseas quoted equities	11.80%
UK Public Sector quoted Index-Linked Securities	6.50%
Overseas Public Sector quoted Index-Linked Securities	6.50%
Corporate Bonds	4.00%
UK Managed funds - other	12.90%
UK Unit Trusts - property	2.30%
Overseas Unit Trusts - other	11.80%
Private Equity	4.70%

The potential price changes disclosed above are broadly consistent with a one-third standard deviation movement in the value of the assets. The analysis assumes that all other variables, in particular foreign currency exchange rates and interest rates, remain the same. Had the market price of the fund investments increased/decreased in line with the above, the change in the net assets available to pay benefits in the market price would have been as follows:

Notes To Pension Fund Accounts

17. NATURE & EXTENT OF EXPOSURE TO RISKS ARISING FROM FINANCIAL INSTRUMENTS (CONTINUED)

Interest Rate Risk is the risk to which the Pension Fund is exposed to changes in interest rates and relates to its holdings in bonds and cash. Based on interest received on fixed interest securities, cash balances and cash and cash equivalents.

The fund's direct exposure to interest rate movements as at 31 March 2013 and 31 March 2012 is set out below. These disclosures present interest rate risk based on the underlying financial assets at fair value.

Asset Type	31 March 2013	31 March 2012
	£000's	£000's
Cash and cash equivalents	2,488	11,667
Cash	26,570	26,211
Fixed Interest Securities	168,118	149,625
Total	197,176	187,503

Interest rate risk sensitivity analysis - The fund recognises that interest rates can vary and can affect both income to the fund and the value of net assets available to pay benefits. A 100 basis points (1%) movement in interest rates is consistent with the level of sensitivity applied as part of the fund's risk management strategy.

The analysis that follows assumes that all other variables, in particular exchange rates remain constant, and shows the effect in the year on the net assets available to pay benefits of a +/- 1% change in interest rates.

Asset Type	Carrying amount as at 31 March 2013	Change in the net assets available to pay benefits	
		1%	-1%
	£000's	£000's	£000's
Cash Equivalents	2,488	25	(25)
Cash	26,570	266	(266)
Fixed Interest Securities	168,118	1,681	(1,681)
Total change in assets available	197,176	1,972	(1,972)

Asset Type	Carrying amount as at 31 March 2012	Change in the net assets available to pay benefits	
		1%	-1%
	£000's	£000's	£000's
Cash Equivalents	11,667	117	(117)
Cash	26,211	262	(262)
Fixed Interest Securities	149,625	1,496	(1,496)
Total change in assets available	187,503	1,875	(1,875)

Currency Risk is the risk to which the Pension fund is exposed to fluctuations in foreign currency exchange rates.

The Pension Fund has the ability to set up a passive currency hedge where these risks are perceived to be adverse. As at 31 March 2013 the Fund had a 100% Euro and 50% AU\$ hedge in place for those managers who do not hedge their own portfolios. The following table summarises the fund's currency exposure as at 31 March 2013 and as at the previous period ending 31 March 2012.

Notes To Pension Fund Accounts

17. NATURE & EXTENT OF EXPOSURE TO RISKS ARISING FROM FINANCIAL INSTRUMENTS (CONTINUED)

Currency exposure by asset type

	Asset value as at 31 March 2013	Asset value as at 31 March 2012
	£000's	£000's
Overseas quoted Securities	46,169	40,869
Overseas Corporate Bonds	72,200	59,259
Overseas Index-linked Bonds	20,746	25,661
Overseas managed funds	94,622	110,429
Private Equity/Infrastructure	47,673	38,277
	281,410	274,495

Currency risk sensitivity analysis - Following analysis of historical data in consultation with WM Company, the funds data provider. The Fund considers the likely volatility associated with foreign exchange rate movements to be 5.6%, based on the data provided by WM. A 5.6% fluctuation in the currency is considered reasonable based on WM's analysis of historical movements in month end exchange rates over a rolling twelve month period. This analysis assumes that all variables, in particular interest rates, remain constant. A 5.6% strengthening/weakening of the pound against various currencies in which the fund holds investments would increase/decrease the net assets available to pay benefits as follows:

Currency exposure by asset type

	Asset value as at 31 March 2013	Change in the net assets available to pay benefits	
		+5.6%	-5.6%
	£000's	£000's	£000's
Overseas quoted Securities	46,169	48,754	43,584
Overseas Corporate Bonds	72,200	76,243	68,157
Overseas Index-linked Bonds	20,746	21,908	19,584
Overseas managed funds	94,622	99,921	89,323
Private Equity/Infrastructure	47,673	50,343	45,003
	281,410	297,169	265,651

Currency exposure by asset type

	Asset value as at 31 March 2012	Change in the net assets available to pay benefits	
		+10%	-10%
	£000's	£000's	£000's

	274,495	301,945	247,045

Notes To Pension Fund Accounts

17. NATURE & EXTENT OF EXPOSURE TO RISKS ARISING FROM FINANCIAL INSTRUMENTS (CONTINUED)

Credit Risk - The risk that one party to a financial instrument will cause a loss for the other party by failing to pay for its obligation.

The Pension Fund's entire investment portfolio is exposed to some form of credit risk, with the exception of the derivative position, where the risk equates to the net market value of a positive derivative position. Credit risk can be minimised through careful selection of high quality counterparties, brokers and financial institutions. The Pension Fund is also exposed to credit risk through Securities Lending, Forward Currency Contracts and its daily treasury activities. The Securities Lending programme is run by the Fund's custodian Northern Trust who assign four different risk management oversight committees to control counterparty risk, collateral risk and the overall securities lending programme. The minimum level of collateral for securities on loan is 102%, however more collateral may be required depending on the type of transaction. To further mitigate risks, the collateral held on behalf of the Pension Fund is ring fenced from Northern Trust. Securities lending is capped by investment regulations and statutory limits are in place to ensure no more than 25% of eligible assets can be on loan at any one time.

Forward Currency Contracts are with Northern Trust which holds a strong Standard & Poors credit rating of AA-. Their financial stability across a wide array of market and economic cycles is demonstrated by the fact that they have held this rating for the past twenty years. Their continued balance sheet strength and ratings outlook reflects the diversity of business, consistent financial performance and conservative approach. Their credit rating is regularly monitored along with market indicators and media coverage to ensure their credit worthiness is maintained.

The prime objective of the pension fund treasury management activity is the security of principal sums invested. As such it will take a prudent approach to organisations employed as the banker and deposit taker. The Pension Fund will ensure it has adequate but not excessive cash resources in order to meet its objectives. The bank accounts are held with HSBC which holds a AA- long term credit rating (or equivalent) and Natwest (A-) across three rating agencies and they maintain their status as well capitalised and strong financial organisations. Deposits are placed in the AAAM rated Northern Trust Money Market Fund and SSgA Sterling Liquidity sub-Fund which offers the benefits of a diversified pool of underlying investments, ring fenced from the administering company. Credit ratings, market indicators and media coverage are monitored to ensure credit worthiness is maintained. The fund's cash holding under its treasury management arrangements at 31 March 2013 was £16,046k (31 March 2012: £29,500k) and this was held with the following institutions.

Summary	Rating	Balances as at 31 March 2013	Rating	Balances as at 31 March 2012
Money market funds		£000		£000
Northern Trust Global Sterling Fund A	AAAm	10,832	AAAm	17,494
SSgA Sterling Liquidity Fund Sub-Fund	AAAm	2,488	AAAm	11,667
Bank current accounts				
Natwest (Capita)	A-	1,169	A-	0
HSBC Plc	AA-	1,557	AA-	388
Total		16,046		29,549

Liquidity Risk - The risk the Pension Fund will have difficulties in paying its financial obligations when they fall due.

The Pension Funds holds a working cash balance in its own bank accounts (HSBC and Natwest - Capita) and Money Market Fund to which it has instant access to cover the payment of benefits and other lump sum payments. At an investment level the fund holds a large proportion of assets in instruments which can be liquidated at short notice, normally three working days. As at the 31 March 2013 these assets totalled £599,200k, with a further £16,046k held in cash by fund managers.

Notes To Pension Fund Accounts

18. ACTUARIAL POSITION

The Fund's actuary, Hymans Robertson, carried out the latest triennial actuarial valuation of the fund as at 31 March 2010. On the basis of the assumptions adopted, the valuation showed that the value of the fund represented 78% of the fund's accrued liabilities at the valuation date. The total net assets of the fund at 31 March 2010 was £564,000k. The value of the deficit at that date was £163,000k.

The valuation exercise resulted in the revision of employers' contribution rates set to recover the deficiency over a period of 25 years. The total common contribution rate is 22.4% for the period of 1 April 2011 to 31 March 2014.

The contribution rates were calculated using the projected unit method and the main actuarial assumptions used were:

Price Inflation (CPI) - 3.30%

Funding Basis Discount Rate - 6.10%

Pay Increases - 5.30%

19. ACTUARIAL PRESENT VALUE OF PROMISED RETIREMENT BENEFITS

Following the introduction of IFRS the fund is now required under IAS 26 to disclose the actuarial present value of promised retirement benefits. The calculation of this disclosed amount must be determined in accordance with IAS 19. The general financial assumptions used in preparing the IAS26 valuation are summarised below:

Description	31 March 2013	31 March 2012
	% P.a.	% P.a.
Inflation /Pensions Increase Rate	2.8%	2.5%
Salary Increase Rate	5.1%	4.8%
Discount Rate	4.5%	4.8%

*Salary increase are assumed to be 1% p.a. until 31 March 2015 reverting to long term assumption shown thereafter

An IAS 26 valuation was carried out for the fund as at 31 March 2013 by Hymans Robertson LLP with the following results:

Description	31 March 2013	31 March 2012
	£000	£000
Present Value of Promised Retirement Benefits	1,066,000	889,000
Assets	683,052	612,850
Deficit	382,948	276,150

These figures are presented for the purposes of IAS 26 only. They are not relevant for the calculations undertaken for funding purposes or other statutory purposes under UK pensions legislation. This item is not recognised in the Net Asset Statement, hence is considered not to be in opposition to the assertion included in the Net asset Statement surrounding future liabilities of the fund.

20. RELATED PARTY TRANSACTIONS

It is required under IAS 24 "Related Party Disclosures" that material transactions with related parties which are not disclosed elsewhere should be included in a note to the financial statements.

The London Borough of Hillingdon is a related party to the pension fund. The revenue contributions the Council has made into the pension fund are set out in note (4) to the Pension Fund accounts. The Council ceased provision of administration services for the pension fund on 01 April 2013. These services have now been contracted out to Capita Hartshead Administration Services and Administration charges for 2012/13 was £535k compared to £683k in 2011/2012 paid to London Borough of Hillingdon for the fund administration services.

No senior officers or Pension committee member had any interest with any related parties to the pension fund.

Notes To Pension Fund Accounts

20. RELATED PARTY TRANSACTIONS (CONTINUED)

Governance

There are five members of the pension fund committee who are active members of the pension fund. These members are Cllr Philip Corthorne (Chairman), Cllr David Simmons, Cllr Paul Harmsworth, Cllr Janet Duncan and Cllr Richard Lewis. Each member is required to declare their interest at each meeting.

Key management personnel

Two key employees of the London Borough of Hillingdon hold key positions in the financial management of the London Borough of Hillingdon Pension Fund. These employees and their financial relationship with the fund (expressed as cash-equivalent transfer values) are set out below:

	Accrued pension as at 31 March 2013	Accrued pension as at 31 March 2012
	£000's	£000's
Corporate Director of Finance	1,107	658
Senior Service Manager - Corporate Finance	622	442

21. SECURITIES LENDING ARRANGEMENTS

On the 12th December 2006 the London Borough of Hillingdon Pension Fund Committee agreed to engage Northern Trust Global Investments Limited to carry out Securities Lending. As at 31 March 2013, securities worth £34,022k were on loan by Northern Trust from our portfolio and collateral worth £46,480k was held within the pool including Hillingdon. In the same period, a net income of £46k was received.

22. STATEMENT OF INVESTMENT PRINCIPLES (SIP)

The SIP is reviewed annually and a current version is available on the Pensions Fund pages of the Council's web site: www.hillingdon.gov.uk and included in the Annual Report.

23. BULK TRANSFER

There were no bulk transfers into or out of the Fund during the financial year 2012/13.

24. CONTINGENT LIABILITIES AND CONTRACTUAL COMMITMENTS

Outstanding capital commitments (investments) as at 31 March 2013 totalled £45,175k (31 March 2012: £53,800k). These commitments relate to outstanding call payments due on unquoted limited partnership funds held in the private equity and infrastructure parts of the portfolio. The amounts called by these funds vary both in size and timing over a period of between four and six years from the date of each original commitment.

25. CONTINGENT ASSETS

Three admitted body employers in the London Borough of Hillingdon Pension Fund hold insurance bonds to guard against the possibility of being unable to meet their pension obligations. These bonds are drawn in favour of the pension fund and payment will only be triggered in event of employer default.

26. POST BALANCE SHEET EVENTS

Barings Asset Management was appointed in March 2013 to reduce style concentration risk in the Absolute return strategy of Ruffer LLP, with a mandate total of circa £63,000k (9% of fund's assets). The funding for the new mandate was derived from a reduction of Ruffer assets under management from 19% to 12% and the remaining 2% from UBS UK Equities Portfolio, thus increasing absolute return portfolio holdings to 21% and reducing UK Equities to 19%. Transition of assets and funding of the new mandate took place between 17-24 April 2013 and was overseen by Nomura International Plc.

London Borough of Hillingdon

Annual Governance Statement 2012-13

1 Scope of Responsibility

The London Borough of Hillingdon is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The London Borough of Hillingdon also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the London Borough of Hillingdon is responsible for putting in place proper arrangements for the governance of its affairs and facilitating the effective exercise of its functions that include arrangements for the management of risk.

The London Borough of Hillingdon is following a code of corporate governance, which is consistent with the principles of the CIPFA / SOLACE Framework '*Delivering Good Governance in Local Government*'. This statement explains how the authority has complied with the code and also meets the requirements of Regulation 4(3) of the Accounts and Audit Regulations 2011 in relation to the publication of an Annual Governance Statement.

2 The Purpose of the Governance Framework

The governance framework comprises the systems, processes, culture and values by which the authority is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost-effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the London Borough of Hillingdon's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at the London Borough of Hillingdon for the year ended 31 March 2013 and up to the date of approval of the Statement of Accounts.

3 The Governance Framework

The London Borough of Hillingdon has brought together the underlying set of statutory obligations, management systems and principles of good governance to establish a formal governance framework. The key elements outlined below demonstrate how Hillingdon maintains effective internal controls and an effective governance system.

- 1 **The London Borough of Hillingdon's Constitution**, sets out how the authority operates, how decisions are made, and the procedures that are followed to ensure that they are efficient, transparent and accountable to local people. The constitution is regularly reviewed at full Council meetings and also more comprehensively on an annual basis at each AGM.
- 2 Part 2 of the constitution outlines the **roles and responsibilities** of the Executive, Non-executive, Mayor, Overview and Scrutiny committees, Standards committee and officer functions. There is an ethical framework governing the conduct of members and co-opted members, introduced by the Localism Act 2011, which came into force on 1st July 2012. The governance arrangements for Hillingdon comprise:

- A structure of the Leader of the Council, a Cabinet and Policy Overview and Scrutiny Committees
 - A Corporate Management Team
 - Senior Management Teams
 - The Audit Committee, led by an independent chairman
 - Standards Committee and a Code of Conduct for Members and Co-opted Members
- 3 Part 2, article 7 of the Constitution sets out the '**Cabinet Scheme of Delegations**'. This governs the allocation of responsibilities and the discharge of executive functions by the Leader, the Cabinet and individual Cabinet members. This is regularly updated to reflect changes to Cabinet Member portfolio responsibilities in line with business priorities and Director's responsibilities.
 - 4 Part 3 of the Constitution sets out the '**Scheme of Delegations to Officers**'. This governs the responsibility allocated to officers of the London Borough of Hillingdon to perform the authority's activities. This is periodically updated to reflect the changes to Director's responsibilities in line with business priorities.
 - 5 Part 5 of the Constitution sets out formal '**Codes of Conduct**' governing the behaviour and actions of all elected Council members and Council officers. An updated 'Code of Conduct for Members and Co-opted Members' was adopted on 5 July 2012 to meet the provisions of the Localism Act 2011. The code ensures that councillors conduct themselves appropriately to fulfil their duties and that any allegations of misconduct are investigated. There is a separate 'Code of Conduct for Employees', which applies to all Council officers and is part of their contract of employment. The authority regularly reviews the code and guidance to ensure these requirements reflect changes to the Council structure.
 - 6 **A Member training programme** is devised for each municipal year. Given that there is a new ethical regime in place for Members and Co-opted Members of the Council, training on the new Code of Conduct took place in the Autumn of 2012, delivered by the Borough Solicitor and Head of Democratic Services. Complaints about a breach of the Code will be handled in accordance with the requirements of the Localism Act 2011. A Whips Protocol has been introduced as part of the new framework and complainants are now expected to use it first, with complaints only to be escalated to the Monitoring Officer and Standards Committee if they cannot be resolved through this process. The Council has also put in place a comprehensive induction and training programme for elected councillors along with specific training on risk, scrutiny, planning and licensing rules.
 - 7 **A Code of Corporate Governance** sets out the London Borough of Hillingdon's governance structure, decision making process and areas of responsibility. Originally adopted in 2002, the code reflects the authority's governance structure and corporate responsibilities, and is founded on the fundamental principles of openness, integrity and accountability and sets out the policies, systems and procedures in place to achieve this.
 - 8 **A Member 'Register of Interests'** records the interests of elected members of the London Borough of Hillingdon. There is a separate 'Related Parties' register that members and senior officers are required to complete each year declaring the relationship and nature of any related party transactions, which the authority has entered into.
 - 9 **A Member / Officer Protocol** to govern and regulate the relationship between the London Borough of Hillingdon's elected members and appointed officers. This has been developed in consultation with the political leadership, all Council members and officers.
 - 10 **A formal whistle-blowing policy**, which is based on the Public Interest Disclosure Act 1998, allows Council staff and contractors working for the authority to raise complaints regarding any behaviour or activity within the authority, ranging from unlawful conduct to possible fraud

or corruption. The Monitoring Officer has overall responsibility for maintaining and operating the policy, along with reporting on outcomes to the Standards Committee.

- 11 **The London Borough of Hillingdon** has set out its vision of 'Putting Our Residents First' and established four priority themes for delivering efficient, effective and value for money services. The priority themes are; 'Our People, 'Our Heritage, 'Our Environment' and 'Sound Financial Management'. The delivery of these priorities will be achieved through a combination of strategic management programmes, which include: the Hillingdon Improvement Programme, Business Improvement Delivery programme and the financial and service planning process (Medium Term Financial Forecast).
- 12 **The Hillingdon Improvement Programme (HIP)** is Hillingdon's strategic improvement programme which aims to deliver excellence as set out in the Council vision – 'Putting Our Residents First'. The HIP Vision is to build a more customer focused organisation, to modernise business processes and to free up resources to provide improved services for our residents. HIP has helped to change the culture of the organisation and to improve the services delivered to residents. This can be evidenced through the high satisfaction rates received from residents about customer care, waste and recycling services, libraries, our primary and secondary schools and how well they feel informed, through regular feedback. HIP is consistently trying to improve Hillingdon by continuing to deliver a range of innovative projects, drive forward major cultural change and enhance Hillingdon's reputation. The programme is led by the Leader of the Council, and the Chief Executive and Corporate Director for Administration is the programme director. Cabinet members and directors are also responsible for specific HIP projects.
- 13 **The Business Improvement Delivery (BID)** programme is a key part of HIP and was been designed to fundamentally transform the way the Council operates. Through the programme, savings of £17.7 million were delivered in 2012-13 in addition to the £15.6 million and £26.2 million delivered in 2010-11 and 2011-12 respectively. The BID programme delivery and expenditure is overseen by the Leader of the Council, and the Deputy Chief Executive and Corporate Director of Residents Services.
- 14 **The Medium Term Financial Forecast (MTFF)** process is the system of service, financial and annual budget planning. This runs from the preceding spring to February with a robust challenge process involving Members and Corporate Directors. Monthly reports on key financial health indicators are produced and communicated through the finance management team.
- 15 The **Sustainable Community Strategy (SCS)** sets out the Local Strategic Partnership aims and ambitions for the London Borough of Hillingdon over the next 10 years. The Local Strategic Partnership (Hillingdon Partners) has overall responsibility for the Sustainable Community Strategy; the priorities have been reviewed and updated to reflect the changing circumstances of the borough.
- 16 **Hillingdon Partners** reviewed its structure and governance arrangements following the abolition of the Comprehensive Area Assessment and the Local Area Agreement. The review agreed to focus partnership work around key priorities, and streamline delivery theme groups and arrangements for reporting partnership performance and risk.
- 17 **A Joint Strategic Needs Assessment (JSNA)** outlines the current and future health and wellbeing needs of the population over the short-term (three to five years) and informs service planning, commissioning strategies and links to strategic plans such as the Health and Wellbeing Strategy and the Sustainable Community Strategy. Following a redesign of the JSNA in 2011, further work has been undertaken to refresh the content in 2012 to reflect changes in regional and local data and to ensure it functions as a flexible and comprehensive needs assessment. The JSNA is 'live' and can be accessed via the Council's website and as such is updated throughout the year rather than refreshed annually.

- 18 **An independently Chaired Audit Committee** operates to oversee the financial reporting, provide an independent scrutiny of the financial and non-financial systems, and provide assurance on the effectiveness of risk management procedures and the control environment. For the financial year 2012/13, the Audit Committee operated with Terms of Reference consistent with CIPFA's 'Audit Committees - Practical Guidance for Local Authorities 2005.
- 19 The Performance Management Framework is a Council-wide framework requiring service areas and teams to set annual team plans, targets, identify risk and report performance against Council priorities and SCS priorities. Performance is monitored on a regular basis through a combination of reporting against service targets and performance scorecards, the results of which are regularly presented to Senior Management Teams and reported quarterly to the Corporate Management Team.
- 20 The London Borough of Hillingdon has established an effective **risk management system**, including:
- **A corporate risk management framework** outlining the, roles, responsibilities and processes for capturing, reporting and taking action to mitigate key corporate and directorate risks. Team, directorate and corporate risk registers enable the identification, quantification and management of risks to delivering the Council's objectives. Group risk registers are regularly updated, reviewed by each Senior Management Team and the most significant risks are elevated to the Corporate Risk Register. The framework is reviewed annually.
 - **A Corporate Risk Management Group (CRMG)** reviews the risk registers on a quarterly basis and advises the Cabinet and Corporate Management Team on the significant risks. Twice annually, the risk reporting arrangements are reviewed and updated, if appropriate, by the Audit Committee. Where appropriate, the Medium Term Financial Forecast (MTFF) embraces the potential financial impact of significant risks.
 - **Risk management training** is provided when required. An e-learning training package is in place and accessible for all staff and is included in the induction programme.
- 21 **Occupational Health and Safety Services** provide advice and support to the Corporate Safety Forum, Group Health and Safety Advisors and managers regarding health and safety issues. The Corporate Safety Forum assists in ensuring a consistent approach to health and safety management is adopted throughout the Council. It reviews health and safety performance across the Council and discusses matters of topical and strategic interest that have corporate health and safety consequences.
- 22 Through the **Hillingdon Information Assurance Group (HIAG)** the Council implements and review policies, procedures and training to ensure a high level of information security assurance and effective data and information management.
- 23 The London Borough of Hillingdon has an **Anti-Fraud and Corruption Strategy** approved by members and communicated to all staff. It is underpinned by and refers to the full range of policies and procedures supporting corporate governance arrangements such as Codes of Conduct, Standing Orders, Register of interests and whistle-blowing.
- 24 **The Committee Standing Orders (Part 4B), Procurement & Contract Standing Orders (Part 4H) & Scheme of Delegation to Officers (Part 3)** are incorporated in the Constitution and reviewed annually. The Scheme of Delegation specific to each directorate is available on the Hillingdon's internal web pages. In 2012 these schemes were reviewed and updated to account for changes to the Council structure and roles and responsibilities of Corporate Directors.

- 25 The London Borough of Hillingdon operates a system to **monitor legislative changes** and ensure that the authority is fully compliant with laws and regulations.
- 26 **Hillingdon's training and development programme** enables staff and senior officers to access and complete a wide range of learning and development opportunities through the internal Learning & Development pages on 'Horizon' to ensure they have the skills, knowledge & behaviours to deliver the Council's priorities. This includes induction programmes, e-learning packages and a range of vocational development courses under the Qualifications and Credit Framework. In addition, the Hillingdon Academy is now well established as a leadership programme aimed at providing the Council's future leaders. The Council also offers staff the opportunity to achieve professional qualifications and meet their continuing professional development (CPD) requirements.
- 27 The **Performance and Development Appraisal (PADA)** process, completed by all officers and senior managers, records employee's key objectives and tasks, sets targets for when these must be delivered and identifies staff learning and development needs. There are competency frameworks for staff, managers, senior officers and Directors, with descriptors outlining the performance that is expected at each level. Performance reviews are completed on a bi-annual basis against the relevant competency framework and PADA guidance is available to support both staff and managers through the process.
- 28 Hillingdon has a set of **consultation/engagement standards** that demonstrate a commitment for building strong relationships with residents, visitors and businesses throughout the borough. The standards set out Hillingdon's commitment to engage, consult and respond to the views of local communities. The standards also support Hillingdon's commitment to transparency and the need for sharing information with residents. Resident and stakeholder feedback supports and informs corporate intelligence, which drives business planning, policy and decision making including commissioning and procurement of services. An annual customer engagement plan is in place covering all Council services to align customer engagement to support the delivery of Council priorities
- 29 **Hillingdon's Pride of Place** initiative encourages residents to contribute their ideas on neighbourhood improvements so that they can feel PROUD to live in Hillingdon. The aim is to raise civic pride by showing how residents can make a real difference and contribute directly to a range of activities and specific projects to improve their local area. The initiative brings together other successful programmes such as 'Street Champions' and 'Chrysalis', and gives residents the opportunity to meet informally with their ward councillors and discuss improvements directly with Council officers through a variety of community engagement events across the borough.
- 30 The Council has in place a well-established **Petition Scheme**, including e-Petitions. This is widely used by people in the borough to submit their views on local matters directly to decision-makers. The scheme was reviewed and revised by the Council in May 2013.

4 **Review of Effectiveness**

The London Borough of Hillingdon has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of executive managers within the authority who have responsibility for the development and maintenance of the governance environment, the Head of Internal Audit's annual report, and also by comments made by the external auditors and other review agencies and inspectorates.

Overall the review of effectiveness concluded that internal control systems have been in place for the financial year ended 31 March 2013 and, except for the internal control issues detailed in section 5, management and control systems are operating effectively in accordance with good practice.

The review has been informed by a range of management information and improvement action, including:

- 1 A comprehensive annual programme of scrutiny and review by the Policy Overview and Scrutiny Committees and the Audit Committee.
- 2 The role and responsibilities of the Corporate Director of Finance, detailed in the Code of Corporate Governance, as a key member of the leadership team actively involved in all material business decisions to safeguard public money and sound financial management on behalf of the authority.
- 3 The work of the external auditors as reported in their annual audit letter.
- 4 The work of Internal Audit service, which develops its annual work plan after an assessment of risk. The Head of Audit and Enforcement reported regularly during the year to both the Corporate Management Team and the Audit Committee and has provided a satisfactory level of assurance on the internal control environment in 2012-13.
- 5 The internal control assurance statement template was updated for the 2012-13 review. The template provides more detail on the assurances required and the evidence to support them. Statements were received from all Deputy Directors and Heads of Service covering the financial year 2012-13. Statements provide confirmation that the control environment is operating effectively to safeguard the delivery of services and that any significant control issues have been raised and are being dealt with appropriately.
- 6 The London Borough of Hillingdon has continued to maintain effective financial management throughout the financial year, with unallocated reserves increasing to £30.3 million as at 31 March 2013.
- 7 The London Borough of Hillingdon has a clear commitment to a capable and fit for purpose procurement function. Working through a co-located business partner model, Procurement ensures a best value approach to expenditure commitment. By engaging with directorates, Procurement supports the delivery of financial and service level requirements to meet the wider corporate objectives with a 'Resident First' approach. Progress and performance of Procurement delivery is regularly reviewed with directorate Senior Management Teams and the Corporate Management Team. Processes and procedures are regulated through revised Procurement & Contract Standing Orders enabling the appropriate oversight of decisions.
- 8 Implementation of performance measures ensures that each area achieves its targets in service delivery, financial control, and good governance.
- 9 Throughout 2012-13 the London Borough of Hillingdon has made substantial progress to implement new procedures and protocols and strengthen existing governance arrangements. This includes:
 - A review and refresh of the Council's Constitution
 - Adopting an updated Code of Conduct for Members and Co-opted Members
 - Updating the scheme of delegations for each directorate

5 Significant Governance Issues

The London Borough of Hillingdon has implemented a range of improvement actions, as part of its overall continuous improvement programme, to strengthen governance arrangements and control systems. Through the Council's BID programme, current ways of working are also being rigorously challenged and tested against processes and procedures applied in the business world, which is unusual for Local Government. This has meant that Hillingdon's approach has identified issues and therefore improvements that other Local Authorities may not.

All internal control issues reported in the 2011-12 AGS have been resolved, except that:

1. Historic weaknesses were identified in the monitoring and control of some construction projects, specifically around financial reporting. As part of a BID transformation project, new processes and procedures have been put in place that include "gateway sign offs". Staff are being trained and new documentation is being rolled out. Moving forward, the new Asset Management Service will bring together all property, construction and maintenance functions and these new ways of working will be implemented consistently across the service for all teams.

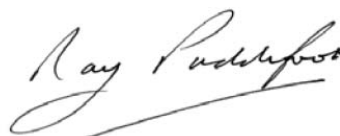

Following a review of the effectiveness of the system of internal control, the following governance issues have been identified in 2012-13:

2. The monthly budget monitoring process in passenger services was found to be insufficiently robust which resulted in a budget overspend picked up in Q4. A transport panel has now been set up to vet all applications for travel assistance and a more thorough monitoring approach between the manager and finance services has been implemented.
3. In October 2012, the Residents Services directorate took responsibility for all Housing functions. Planned audit reviews and a subsequent BID review have highlighted control issues around the lack of formalised processes and procedures, contract management activity and regard to corporate ways of working and protocols. These issues are being addressed as part of the BID Asset Management and Tenancy Sustainment Programmes.
 - Specifically in housing repairs, a lack of contract management arrangements has led to legal challenge by a supplier and their staff.
4. A review of the Council's approach to contract management found that there was insufficient rigour in the monitoring of supplier contract terms, which is a requirement of standing orders and key to ensuring the Council obtains value for money. In order to ensure consistent compliance with standing orders and the consolidation of contracts, Corporate Procurement and Social Care Commissioning functions have been brought together and a new Category Management approach is being implemented. This has also generated financial savings.
5. As part of the ongoing changes to the organisation through the BID process, there is a need to constantly review and update policies and procedures to take account of the change in roles and responsibilities. - scheme of delegations, succession plans, structure charts etc.

The London Borough of Hillingdon will, over the coming year, take steps to address the above matters to further enhance our governance arrangements. The authority is satisfied that these steps will address the need for improvements that were identified in the review of effectiveness and will monitor their implementation and operation as part of the next annual review.

Fran Beasley
Chief Executive
23 September 2013

Cllr Ray Puddifoot
Leader of the Council
23 September 2013

Glossary of Terms

ACCRUAL - A sum included in the final accounts to cover income or expenditure attributable to an accounting period for goods received or work done, but for which payment has not been received/made by the end of the period.

ACCUMULATED ABSENCES ACCOUNT - Absorbs the differences arising from the statutory requirement to neutralise the impact on the General Fund Balance of accruing for compensated absences earned but not taken in year.

ACTUARIAL VALUATION - A valuation of assets held, an estimate of the present value of benefits to be paid, and an estimate of required future contributions, by an actuary, on behalf of a pension fund.

ACTUARY - An independent professional who advises on the financial position of the pension fund.

AGENCY SERVICES - The provision of services by one body (the agent) on behalf of another that is legally responsible for providing the service.

AMORTISED COST - The initial measurement will be at fair value, normally the amount of the originating transaction such as the receipt or loan advance less transaction costs. The effective interest rate is then calculated to the amount in the balance sheet at initial measurement. The result in the balance sheet carrying amount (the amortised cost) and a profile of interest charges that might be different from the amounts specified in the contract as being for interest and principal.

ASSET - Something that will be used by the authority over a long period of time and has a lasting value (e.g. land, buildings, and roads). See also **COMMUNITY ASSETS, NON CURRENT ASSET, INFRASTRUCTURE ASSETS, ASSETS HELD FOR SALE, NON-OPERATIONAL** and **OPERATIONAL ASSETS**.

ASSETS HELD FOR SALE - Assets that are being actively marketed for sale and are expected to be sold within the next financial year.

BAD DEBT PROVISION - Amounts set-aside in the accounts towards potentially irrecoverable debts. This amount is netted against Debtors in the Consolidated Balance Sheet.

BALANCES - Unallocated reserves held to resource unpredictable expenditure demands.

BUDGET - A statement of the authority's plans for services expressed in money shown over one or a number of years.

CAPITAL ADJUSTMENT ACCOUNT - The Capital Adjustment Account represents the balance of capital resources set aside to finance capital expenditure awaiting the consumption of those resources (i.e. depreciation or impairment).

CAPITAL CHARGE - A charge to service revenue accounts to reflect the cost of fixed assets used in the provision of services.

CAPITAL EXPENDITURE - Spending on assets (e.g. land, buildings, roads etc.) that adds to and not merely maintains the value of an existing fixed asset.

CAPITAL RECEIPTS - The proceeds from the sale of land, buildings or other assets. Capital receipts can be used to pay for new capital expenditure, within rules set down by the Government, or to repay outstanding loans.

CASH EQUIVALENT - Amounts held as short term deposits which are readily convertible into cash.

CIPFA - The Chartered Institute of Public Finance and Accountancy is the professional accounting body that specialises in the public services.

COMMUNITY ASSETS - Assets that the local authority intends to hold in perpetuity, that have no determinable useful life, and that may have restrictions on their disposal. Examples of community assets are parks and historic buildings.

CONTINGENCY - Money set aside in the budget to meet the cost of unforeseen items of expenditure, or shortfalls in income.

CONTINGENT ASSET - A contingent asset is a possible asset arising from past events whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the Council's control.

CONTINGENT LIABILITY - A contingent liability is either:

- a) a possible obligation arising from past events whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the authority's control; or
- b) past events where it is not probable that a transfer of economic benefits will be required or the amount of the obligation cannot be measured with sufficient reliability.

CORPORATE AND DEMOCRATIC CORE - The corporate and democratic core comprises all activities that local authorities engage in specifically because they are elected, multi purpose authorities with a responsibility for making choices in the use of taxpayers' money. The cost of the activities are thus over and above those which would be incurred by a series of independent, single purpose, nominated bodies managing the same services. There is therefore no logical basis for apportioning these costs to services.

COUNCIL TAX - The local tax based on relative market values of residential property, which helps to fund local services.

CREDITORS / PAYABLES - Amounts owed by the authority for goods and services received where payment has not been made at the date of the balance sheet.

CURRENT ASSET - An asset held, which will be consumed or cease to have value within the next financial year; examples are stocks and debtors.

CURRENT LIABILITY - An amount which will become payable or could be called in within the next accounting period; examples are creditors and cash overdrawn.

CURRENT SERVICE COST - The increase in the present value of Pension Fund Liabilities expected to arise from current year service.

DEBTORS / RECEIVABLES - Amounts owed to the authority for goods and services provided but not received at the date of the balance sheet.

DEDICATED SCHOOLS GRANT - A specific grant for the funding of schools and which is ring fenced to the Schools Budget.

DEPRECIATION - The measure of the wearing out, consumption, or other reduction in the useful economic life of a fixed asset, whether arising from use, passage of time or obsolescence through technological or other changes.

DIRECT REVENUE FINANCING (revenue contributions to capital) - Resources provided from the authority's revenue budget to finance the cost of capital projects.

DISTRICT AUDITOR - An auditor employed directly by the Audit Commission to audit the accounts of local authorities.

EARMARKED RESERVES - Amounts set aside for a specific purpose or a particular service or type of expenditure.

EFFECTIVE INTEREST RATE - The rate of interest that will discount the estimated cash flows that take place over the life of the instrument.

EMOLUMENTS - All sums paid to or receivable by an employee and sums due by way of expenses allowances (as far as those sums are chargeable to UK income tax) and the money value of any other benefits received other than in cash. Pension contributions payable by either employer or employee are excluded.

EXCEPTIONAL ITEMS - Material items that fall within the ordinary activities of the Council that need to be disclosed in order to present the accounts fairly.

EXTRAORDINARY ITEMS - Material items, possessing a high degree of abnormality, which derive from events or transactions that fall outside the ordinary activities of the authority and which are not expected to recur.

FAIR VALUE - the price at which an asset could be exchanged in an arm's length transaction less, where applicable, any grants receivable towards the purchase or use of the asset.

FEES AND CHARGES - Income raised by charging users of services.

FINANCE LEASE - A method of paying for capital expenditure where a rent is paid for an asset during its useful life. Finance Leases are treated as capital. See **OPERATING LEASE**.

FINANCIAL YEAR - The period covered by a set of financial accounts - the local authority financial year commences 1 April and finishes 31 March the following year.

GENERAL RESERVE - amounts remaining unspent on revenue account after taking account of all expenditure and income for the year. The General Reserve is required to enable the Council to meet potential business risks in the future so that services will not be affected financially should unexpected events occur.

GOING CONCERN - The concept that an entity will remain in operational existence for the foreseeable future, in particular that the revenue accounts and balance sheet assumes no intention to curtail significantly the scale of operations.

GOVERNMENT GRANTS - Assistance by government and inter-government agencies and similar bodies, whether local, national or international, in the form of cash or transfers of assets to an authority in return for past or future compliance with certain conditions relating to the activities of the authority.

GROSS EXPENDITURE - The total cost of providing the Council's services before taking into account income from government grants and fees and charges for services.

IMPAIRMENT - A reduction in the value of a fixed asset below its previously assessed value in the balance sheet.

INCOME - Amounts due that has been or is expected to be received.

INFRASTRUCTURE ASSETS - Fixed assets that have no alternative use and are intended to be held in perpetuity. Examples of infrastructure assets are highways and footpaths.

INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS) - Statutory guidelines by which the accounts have to be prepared, implemented for the first time in the 2010/11 accounts.

INVENTORIES - The amount of unused or unconsumed stocks held in expectation for future use.

INVESTMENT PROPERTIES - Assets held solely for capital appreciation or to earn rental and not to meet service objectives.

INVESTMENTS - Short-term investments are those maturing within one year if the balance sheet date, any investments maturing more than one year after the balance sheet date are treated as long-term investments.

LOANS AND RECEIVABLES - Financial assets (excluding derivatives) that have fixed or determinate payments and that are not quoted in any in any active market. Loans and receivables are carried at amortised cost. The income and expenditure account is charged with interest receivable, impairment losses and any gain or loss on "de-recognition". Movements in fair value during the life of the asset are not recognised.

LIABILITIES - Money owed to individuals or organisations that will be paid at some time in the future.

MINIMUM REVENUE PROVISION - (MRP) - The minimum amount, which must be charged each year to an authority's revenue account to set aside funds to repay the principal sum of borrowing for capital purposes.

NATIONAL NON-DOMESTIC RATE (NNDR) - A levy on businesses based on a national rate in the pound multiplied by the ratable value of the premises occupied. NNDR is redistributed among all local authorities and police authorities on the basis of population.

NET BOOK VALUE - The amount at which fixed assets are included in the balance sheet, i.e. their historical cost or current value less the cumulative amounts provided for depreciation.

NET EXPENDITURE - Gross expenditure less specific service income but before deduction of revenue support grant.

NET CURRENT REPLACEMENT COST - The cost of replacing or recreating the particular asset in its existing condition and in its existing use, i.e. the cost of its replacement or of the nearest equivalent asset, adjusted to reflect the current condition of the existing asset.

NET REALISABLE VALUE - The open market value of the asset in its existing use (open market value in the case of non-operational assets), or sale proceeds for stocks and stores less the expenses to be incurred in realising the asset.

NON-CURRENT ASSET - An asset that has value beyond one financial year.

NON-DISTRIBUTABLE COST - These include overheads for which no user now benefits and should not be apportioned to services. Examples are spare computer capacity and empty offices. These also include pension costs in relation to scheme members' past service.

NON-OPERATIONAL ASSETS - Non Current assets held by a local authority not directly occupied, used or consumed in the delivery of services. Examples of non-operational assets are investment properties, assets under construction and assets that are surplus to requirements, pending sale or redevelopment.

OPERATIONAL ASSETS - Non Current Assets held, occupied, used or contracted to be used on behalf of the authority or consumed by an authority in the direct delivery of the services for which it has a responsibility, whether statutory or discretionary or for the service or strategic objectives of the authority.

OPERATING LEASE - A lease under which the asset can never become the property of the lessee.

OUTTURN - Actual income and expenditure for a financial year.

PAST SERVICE COST - The increase in present value of Pension Fund liabilities arising in the current year from previous years' service.

PENSION FUND - The Fund for staff in the Local Government Pension Scheme, maintained on an actuarial basis, which makes pension payments on retirement of participants; it is financed by contributions from the employer and employees and from investment income.

PENSION INTEREST COSTS - Expected increases in present value of Pension Fund liabilities because benefits are due one year sooner.

POST BALANCE SHEET EVENTS - Those events, both favorable and unfavorable, which occur between the balance sheet date and the date on which the Director of Finance signs the Statement of Accounts.

PRECEPT - The charge made by one authority on another to finance its net expenditure.

PRIOR YEAR ADJUSTMENTS - Material adjustments applicable to prior years arising from changes in accounting policies or to correct errors.

PRIVATE FINANCE INITIATIVE (PFI) - A central government initiative that aims to increase the level of funding available for public services by attracting private involvement. The Council has one such scheme relating to the provision of Barnhill School. The school has been developed and its ancillary services are provided by a private-company with which the Council has a long-term contract.

PROVISION FOR DISCOUNT AND PREMIUMS ON LOAN REDEMPTION - A provision to spread over an appropriate period discounts received and premiums paid when loans from the Public Works Loan Board are prematurely repaid.

PROVISION - An amount, set-aside in the accounts, for liabilities that have to be met but where timing is uncertain.

PRUDENCE - The concept that revenue is not anticipated but is recognised only when realised in the form of cash or other assets and full and proper allowance is made for all known and foreseeable losses and liabilities.

PUBLIC WORKS LOAN BOARD (PWLB) - A government agency that provides long term and medium term loans to local authorities at interest rates only slightly higher than those at which the government itself can borrow.

RELATED PARTY - Relationships between a senior officer or elected member or their families with another body that has, or might develop, a business relationship with the Council.

RESERVES - Money set aside by the authorities to meet particular expenditure in future years, which do not fall within the definition of provisions.

REVALUATION RESERVE - a new account opened on 1st April 2007 that records all accumulated gains from fixed assets held by the authority offset by that part of depreciation relating to the revaluation.

REVENUE EXPENDITURE - The day-to-day running costs incurred by an authority in providing services, for example payment of salaries to employees or purchase of materials.

REVENUE EXPENDITURE FUNDED FROM CAPITAL UNDER STATUTE - A charge arising from capital expenditure but where there is no tangible asset. An example is grants given for private property improvement. The Council is permitted to borrow for such expenditure

REVENUE SUPPORT GRANT - A grant paid by central government to aid local authority services in general, as opposed to specific grants, which may only be used for a specific purpose.

SERCOP - Service Reporting Code of Practice

SOLACE - Society of Local Authority Chief Executives

SPECIFIC GRANTS - These are grants paid by various government departments outside the main formula. They include ring-fenced grants and specific formula grants.

SURPLUS ASSETS - Assets which are no longer in use by the Authority but which are not being actively marketed and are not expected to be sold within the next financial year.

TAXBASE - The number of Band D equivalent properties in a local authority's area. An authority's tax base is taken into account when it calculates its council tax, and when central government calculates entitlement to Formula Grant.

TRANSFER VALUE - A payment one superannuation fund makes to another when a member changes employment.

TRUST FUNDS - Money held in trust by the Council for a specified purpose.

USABLE RESERVES - Balances held by the Council which can be used to meet service expenditure.

UNUSABLE RESERVES - Balances held by the Council which cannot be used to meet service expenditure

USEFUL LIFE - The period over which the local authority will derive benefits from the use of a fixed asset.

VIREMENT - The permission to spend more on one budget head when this is matched by a corresponding reduction on some other budget head, i.e. an authorised switch of resources between budget heads.

WORKS IN PROGRESS - Cost of work done on an uncompleted project at the balance sheet date.
