

# HILLINGDON

LONDON

## APPENDIX C – FEES AND CHARGES

---

**That Cabinet approves for recommendation to Council:**

**The proposed amendments to fees and charges included in Appendix C, following consideration of consultation responses.**

### CHANGES SINCE DECEMBER

#### GENERAL FUND

- New hourly rates are proposed for Building Control Fees and Charges where quotes were previously provided. These cost recovery rates are for larger inspection and regularisation jobs for developments of 10+ flats / houses, or buildings over 100m<sup>2</sup>. The proposed hourly fees will ensure the service recovers the full cost of providing these services while maintaining transparency.

#### HOUSING REVENUE ACCOUNT

- The energy inflation rates are proposed to increase to 37.18% for electricity and to 67.47% for gas. These changes are in line with the latest intelligence from Laser, which is our main energy supplier.
- The meal plans for two extra care schemes have been inflated by a further 2% to 5.1% based on contractual agreements. The inflation on all other service charges remains the same i.e., September CPI of 3.1%.

### INTRODUCTION

1. This appendix has been prepared alongside the 2022/23 MTFB Budget Report and outlines proposals on fees and charges.

### MTFF IMPACT

2. Fees and charges proposals included within this appendix will deliver £2,271k additional income for 2022/23 mitigating brought forward pressures of £1,626k. Brought forward pressures include the estimated ongoing impact of the pandemic, and primarily reflect reduced activity in Parking.
3. Where discrete proposals have not been developed, or a wider review of the service is being undertaken, inflationary uplifts to discretionary fees and charges of a rounded 5% is proposed for 2022/23. The following sections outline specific proposals outside of the rounded 5% inflation assumption.

## **SUMMARY OF DEVELOPED PROPOSALS**

### **WASTE**

4. A new charging structure is proposed for Special Collections (Bulky Waste), introducing a new free collection service for low income households and a new higher rate of £55 for landlord collections. The non-concessionary special collections rate is proposed to increase to £30 from £25, while free collection service for over 65s is maintained.

### **PARKING**

5. Hillingdon currently has the lowest parking charges across all London Boroughs for both On and Off-Street parking, with On-Street parking for up to 1-hour costing 25p, and, on average, 44p Off-Street for Residents. Free parking for up to 30 minutes at all locations will be maintained for Residents, however, the introduction of a new 50p charge for Non-Residents is proposed. A full breakdown of fee amendments is included in the attached Fees and Charges Schedule.

### **GOLF**

6. Performance at the Council's two in-house managed golf courses has been strong following re-opening post covid, primarily due to the introduction of online booking capability through use of GolfNow website, however, 20% of the fee is foregone through commission. Proposed fee uplifts are part of a transformation programme of the service, capturing additional income to ensure the service is provided at net zero subsidy by 2023/24, while remaining below the benchmark of neighbouring golf courses.

### **LOCAL LAND CHARGES**

7. Local Land Charges perform searches in two broad categories, statutory rated LLC1 and discretionary rated CON29. The LLC1 search informs purchasers of restrictions or 'charges' affecting the property, such as tree preservation orders, enforcement notices, planning permissions and financial charges. The CON29 and CON29O enquiry forms provide information on matters such as local plans, highways, building works and public rights of way.
8. It is proposed to increase the CON29 fee from £95 to £120, following a benchmarking exercise, and the CON29O optional enquiries from £14 to £18.

### **IMPORTED FOOD OFFICE**

9. New income through proposed revisions to fees and charges is estimated at £309k, based on 2019/20 activity levels, and will fully mitigate brought forward pressures. While benchmarking has been undertaken across other Port Authorities to ensure fees are comparable, Heathrow is unique in terms of size and volume of imports.

### **VEHICLE CROSSOVERS**

10. Five fees and charges exist for Vehicle Crossovers, reflecting the application, construction and supervision fees for the installation of dropped kerbs to enable access onto driveways, either as discrete individual applications or as part of planned highways works.

11. The number of applications and crossovers constructed has dropped significantly in the last two years. Whilst an element of last year's drop was attributable to covid as construction work ceased for several weeks at the start of the pandemic, there are underlying structural reasons for sustained reductions, most notably new and more onerous regulations that now apply in relation to suitable driveway sizes, materials to be used for paving and drainage allowances etc. This has been likely exacerbated by the fact that the level of driveways still without a crossing is decreasing each year.
12. Application fees are proposed to increase by £4, from £87 to £91, with supervision fees increasing from £149 to £168. The construction cost will be at cost determined by the relevant approved installation contractor.

### **TEMPORARY TRAFFIC REGULATION ORDERS**

13. The Council authorises Temporary Traffic Regulation Orders (TTROs) when it is necessary to prohibit or control vehicular and/or pedestrian traffic along a highway because of planned works or public events, which are on or near a road. Currently, a fee of £1,150 for emergency TTROs and a £2,680 fee for planned/long-term TTRO applications is charged.
14. Benchmarking of fees levied by neighbouring authorities identifies an average charge of £1,382 for an emergency TTRO and £2,908 for a planned TTRO. Uplifting the existing charges to the average benchmark charge would capture an additional £32k in new income to contribute to the MTFE.

### **HOUSING REVENUE ACCOUNT**

15. Fees and Charges for HRA tenants and leaseholders are levied for a range of services, including under the following key themes:
  - i. Development and Assets
  - ii. Estates & Tenancy Management
  - iii. Housing Services
16. Uplifts of 3.1% are proposed for the majority of HRA fees and charges, in line with the September 2021 CPI rate, however, where discrete inflation rates are now available (Gas 67.5%, Electricity 37.2%), fee uplifts are proposed in line with these rates.
