STATEMENT OF REASONS

The proposed introduction of a Parking Management Scheme in Beech Avenue & Oak Grove, Eastcote is intended to prevent all day non-residential parking.

The proposed introduction of a Parking Management Scheme in Hornbill Close, Cowley is intended to prevent all day non-residential parking.

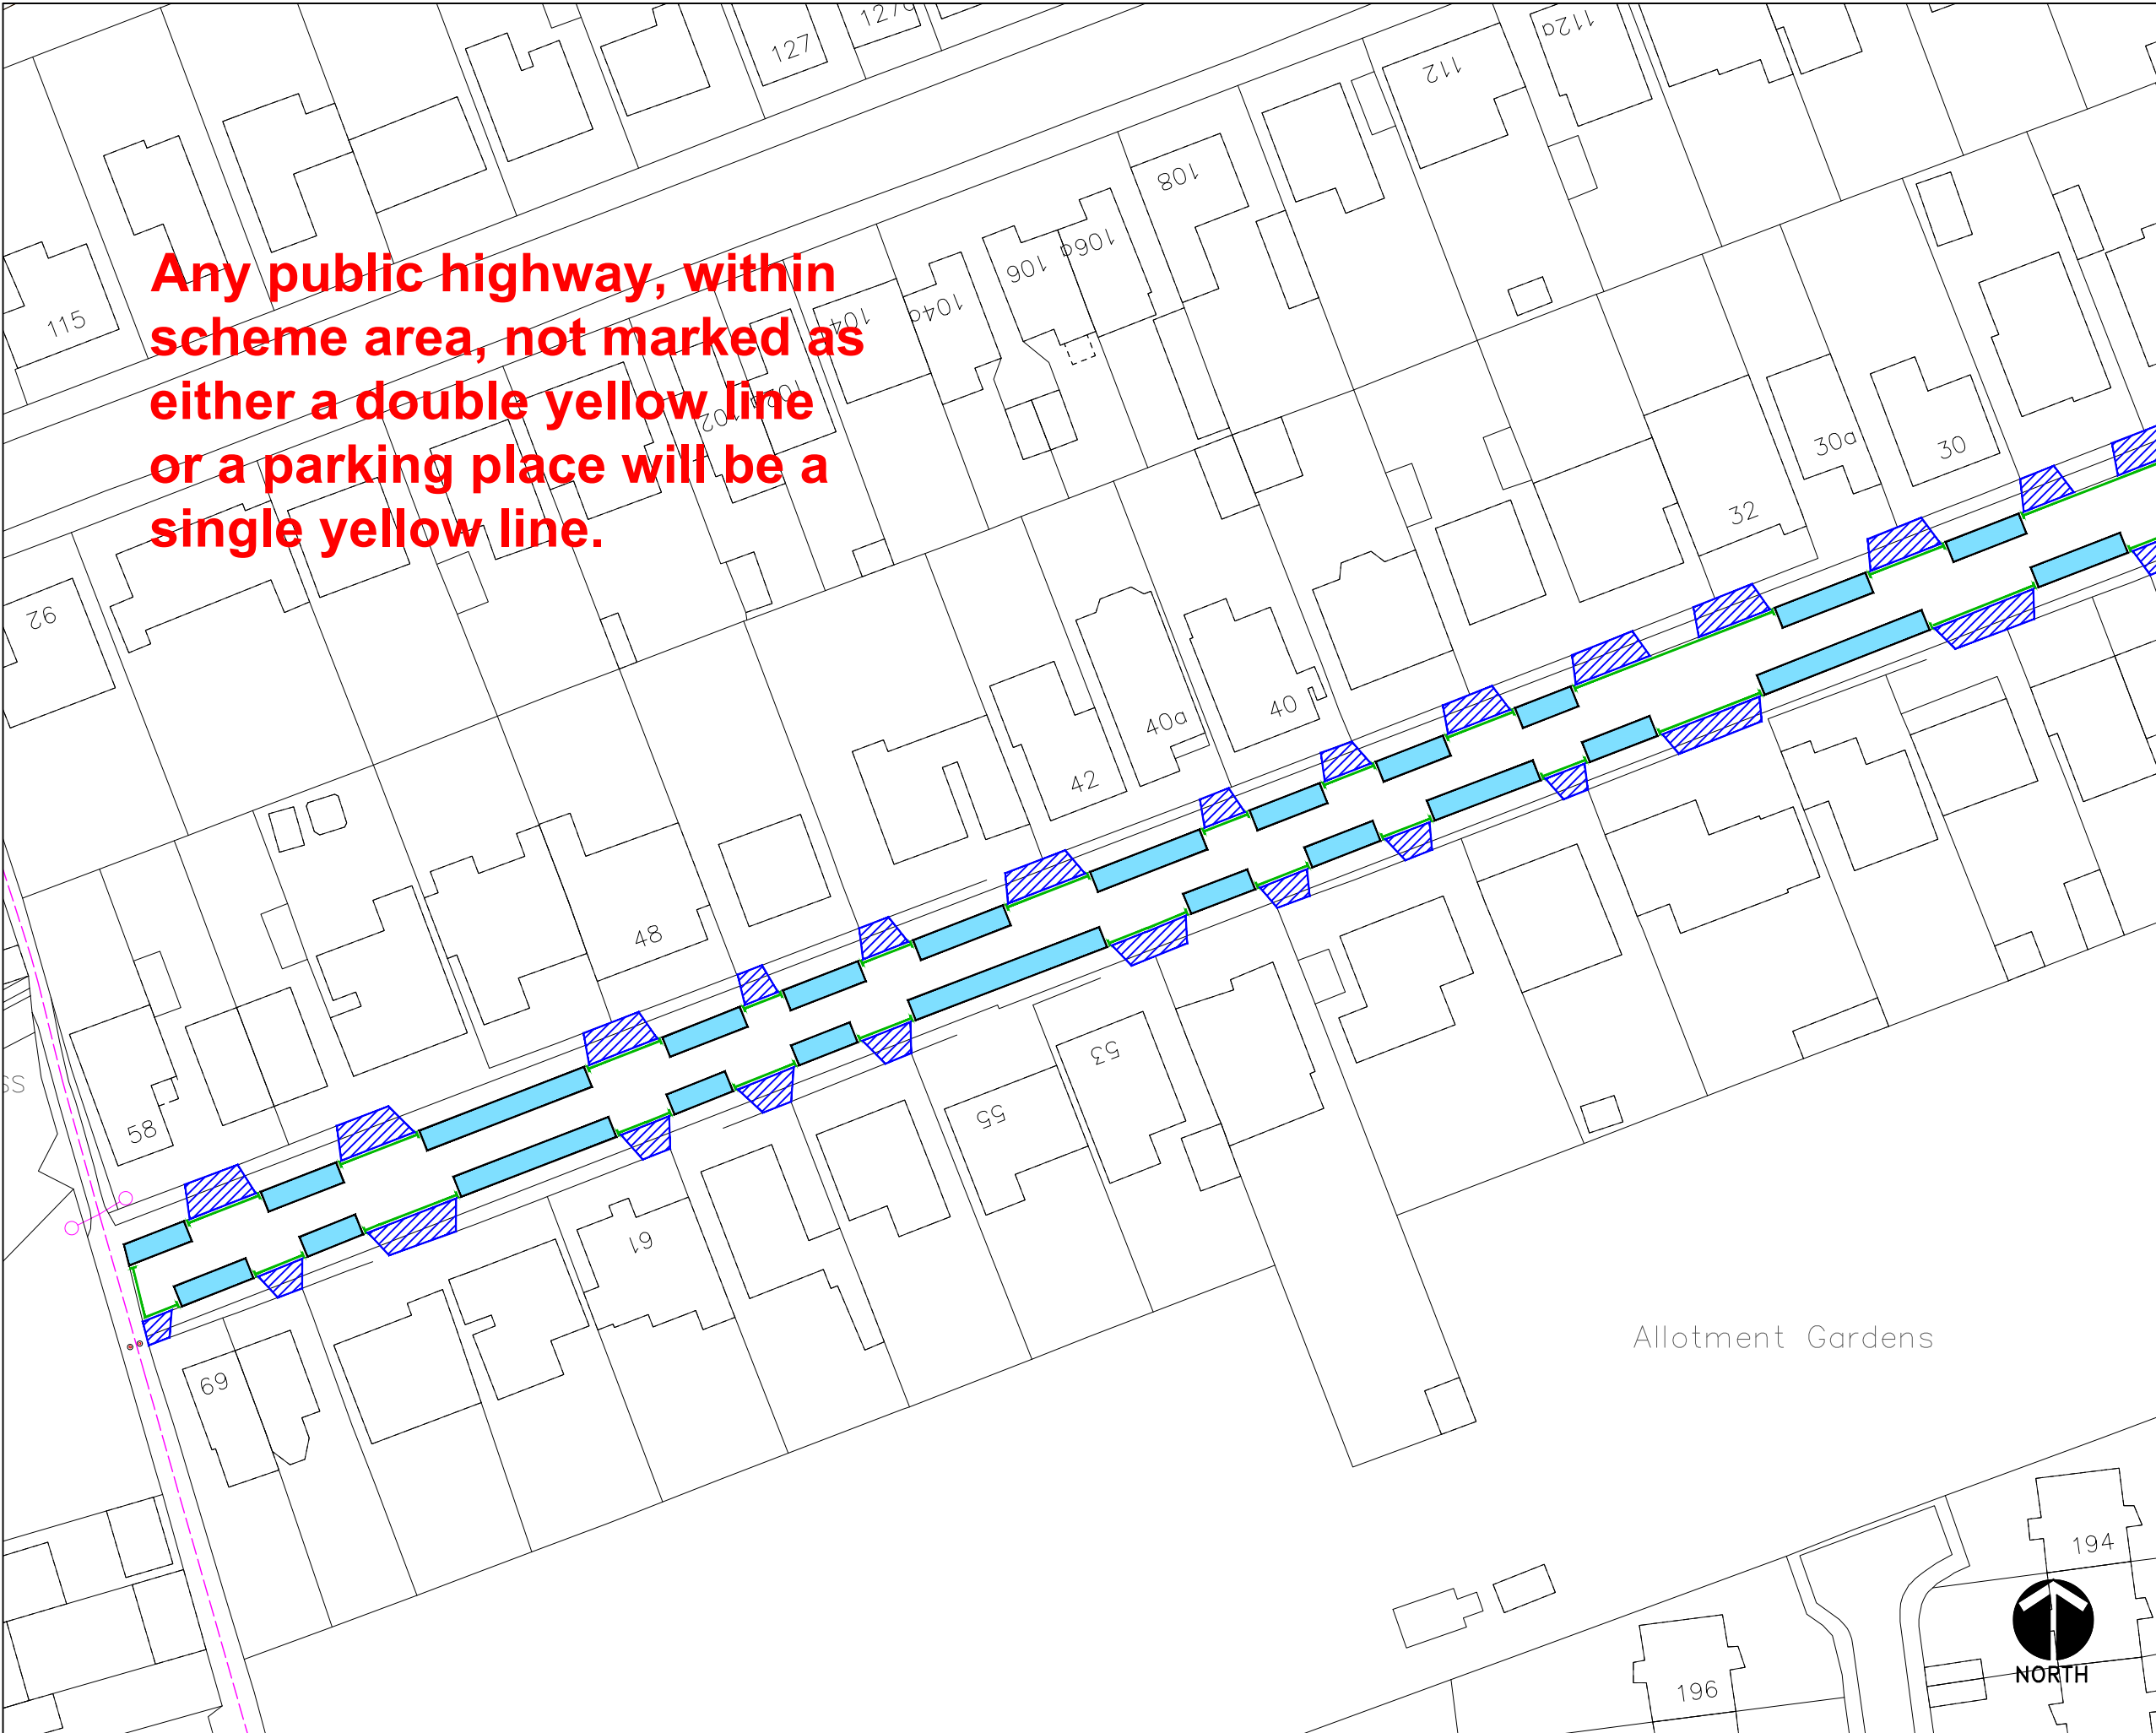

The proposed amendments to the previously proposed extensions to the Northwood Hills and Eastcote Parking Management Schemes are as a direct result of comments received during the previous consultation and are intended to allow residents to maximise the benefits of these schemes once they have been implemented.

The proposed introduction of a Stop & Shop Parking Scheme outside Nos. 28 to 34 High Road, Cowley will enable a turnover of parking for visitors to the nearby businesses.

The proposed permit holders past this point scheme in Witney Close, Ickenham will allow residents and their visitors to park within the road during the restricted hours provided they display either a valid permit or visitors voucher. The request for a scheme to replace the current waiting restrictions is as a direct result of a petition from the residents of Witney Close.

The proposed installation of waiting restrictions is intended to remove obstructive parking to assist the free flow of traffic and promote road safety.

The formalisation of the disabled bay in St Peter's Way, Harlington ensure compliance of this parking place by way of a Traffic Management Order.

Any public highway, within scheme area, not marked as either a double yellow line or a parking place will be a single yellow line.
